Briand Says France Glad To Scrap Ships

London, Dec. 20.—(By Associated Press.)—"France has accepted Secretary Hughes' naval ratio for capital ships, and we are glad of the relief it will afford us," Premier Briand of France is reported as declaring in an interview with the Daily Mail. "Regarding secondary units, we are yet uninformed respecting the six 10,000-ton ships which Germany is allowed to build under the Versailles treaty. We shall ask the Washington conference to take this consideration into account."
 Of the economic situation, he said: "Russia is a question which Great Britain and France should examine together but I fear the disorganization of that vast country is greater than is known. Great Britain and France must together undertake the reconstruction of Europe. The maintenance of peace is based solidly upon an entente cordiale. All differences between England and France can be settled by frank explanation and discussion."

BOMB PLOT SUSPECT CONFESSES

Warsaw, Dec. 20.—(By Associated Press.)—Wolfe Lindenfeld, alias William Linde, arrested here at the instance of the American secret service for alleged connection with the Wall Street bomb explosion of September, 1920, has made three written statements to the police, one of which, in English, covers his activities for the last sixteen years. Silvester Cosgrove, the operative who brought about Lindenfeld's arrest, yesterday cabled the American department the name of a blacksmith who, according to Lindenfeld, manufactured the bomb and engineered the details of the explosion. Cosgrove declares that Lindenfeld's confession corroborates his previous statements that the plot was financed in Moscow and that the motive was to kill J. P. Morgan, striking terror into America and showing the world that Wall Street was not beyond defiance. (At the time of the explosion Mr. Morgan was in England.)
 The Polish authorities are particularly interested in Lindenfeld's Russian connections in 1908. They claim that he was then active in the Polish social democratic party opposing Russian rule, but that he turned traitor to the Poles, joining the Russian secret service.
 Lindenfeld's statement regarding his movements since March of this year, now in the hands of the Polish political police, is said to show that he has been working against the Poles again, this time in cooperation with the Russian communists.
 On behalf of Lindenfeld, his friends say he lived humbly with his father while in this city, and they discount the Polish accusation that he was involved in espionage plots.

Dallas Defeats Monmouth High

Dallas, Ore., Dec. 20.—Dallas high school continued its march for the Polk county championship by severely trouncing the Monmouth high school team at the armory Friday night. Smooth teamwork, coupled with accurate basket shooting, accounted for the victory. The Monmouth team was outmatched and after the first few minutes of play there was no doubt about the outcome. The score at the end of the first half was 19 to 7 in favor of the local team. Throughout the second period the Monmouth forwards were unable to work the ball through the Dallas guards and were compelled to resort to long shots. The final score was 29 to 13 giving Dallas team the lead for county championship this far.
 The Dallas high girls' team had little trouble in defeating the Monmouth girls. While all the members of the local team played well, Alice Pierce was unquestionably the star. Throughout the second half the visitors did not get a shot at the basket.

Honolulu Mayor's Municipality Largest

Honolulu, Dec. 20.—Mayor J. H. Wilson of Honolulu has the distinction of being chief executive of the most extensive municipality in the United States, or as far as is known, in any other country.
 Mr. Wilson's full official title is: Mayor of the city and county of Honolulu (embracing the entire island of Oahu, on which Honolulu is situated), Palmyra islands, Bird Island and Midway Island. Mayor Wilson's authority therefore extends approximately 1000 miles to the southwest to Palmyra and about 1500 miles to the northwest to Midway. The Palmyra islands are not regularly inhabited, but Midway, an important cable station, has a population of about 15 cable operators.
 Mayor Wilson is of part Hawaiian blood and is a graduate of Leland Stanford University.

Bomb Explodes In New York

New York, Dec. 20.—Damage estimated at \$5000 was done by the explosion early today of a bomb which had been thrown or placed in the hallway of a building on Grand street. The scene of the explosion was only one block from police headquarters and the concussion gave officers there a scare, as some of them believed for a few minutes that threats to "bomb Wall street" had been carried out.
 Mr. and Mrs. Wm. Lukinbeal have a new baby girl weighing 12 lbs., born December 13. Her name is Etta Carrie.
 Mr. Fred Diarks has a new Dodge touring car.

 Mrs. Ada Jones returned from the hospital Saturday, with her daughter Phyllis Estella.
 Everyone is invited to the Christmas program to be given Sunday evening at the church. An interesting program is being prepared.
 There will be a Christmas program Friday evening, at the school house. A happy evening is expected.
 Because the state of Connecticut showed the best record in the last Liberty loan campaign in raising 149.85 per cent of its quota, the flag that waved over the capitol building in Washington during the days of the world war was presented to the state, and is now carefully guarded at the capitol in Hartford.

Henry O'Malley In Line for Head of Fish Bureau

Washington, Dec. 20.—Henry O'Malley of Portland, Ore., seems to be in line for appointment as commissioner of the bureau of fisheries to succeed Dr. Hugh M. Smith. The appointment is in the hands of Secretary of Commerce Hoover, who is said to have slated O'Malley for the place. As head of the bureau of fisheries Mr. O'Malley would have supervision of all of the fishing grounds in the United States and Alaska.
 Mr. O'Malley was formerly state superintendent of the bureau of hatcheries with headquarters in Clackamas and is now Pacific coast commissioner.

 Lima, Peru, Dec. 18.—(By Associated Press.)—The seismograph of the Lima Geographic society at 10:39 a. m. today (Sunday) registered a violent earthquake at a point estimated to be about 530 kilometers from Lima, possibly in Ica, a northern department of Peru. The agitation last 45 minutes.

Chicago Jurist Fixes Booze Fines

Chicago, Dec. 20.—Federal Judge G. A. Carpenter has practically established a scale of bootlegging fines.
 In one day he disposed of 30 liquor cases.
 Small saloons generally were fined \$10 each, the bigger ones \$25 to \$50.
 The cabaret rate appeared to be \$20.
 The judge mentioned that his assessment for operating a home still was usually \$10.
 A man who purchased a suit case of liquor from a man he had "never seen before" paid \$25. Driving a liquor loaded truck cost \$50. "Merely getting a lift" on such truck cost \$10.
 Odorous onions are now successfully grown in Boise, Idaho.

Bandits Rob Santa Claus

Chicago, Dec. 20.—Two bandits robbed an emissary of Santa Claus last night of \$490 designed to aid poor families.
 P. T. Moynihan, member of the Illinois commerce commission, motor home after taking up a collection at public meetings to buy fuel and food for the poor of the South Chicago mill district, was held up.
 "You don't want this money," he argued, "it's for Santa Claus to take care of the poor kids."
 "We don't believe in Santa Claus," the robbers jeered as they took the money.

If we didn't see it we wouldn't believe it was true
