

Ten Trades Major League Ball Players

New York, Dec. 21.—Ten major league ball players had new berths today as a result of trades last night.

Everett Scott, shortstop, and Pitchers Joe Bush and Sam Jones, of the Boston Americans, go to the New York Americans for Captain Roger Peckinpough, shortstop, "Rip" Collins, Jack Quinn and Bill Piercy, all pitchers.

The Boston first baseman, "Stuffy" McInnis, was traded to Cleveland for Elmer Smith, right fielder, George Burns, first baseman, and Joe Harris, outfielder, the latter now outlaid. If Harris is not reinstated "Doc" Johnston, first baseman, will go to Boston.

Baseball writers reported a substantial sum went to Boston in the trade with the New York club.

Transfer of Peckinpough revived rumors last season that certain players, said to have been headed by "Babe" Ruth, wanted Peckinpough as manager in place of Huggins.

Boston, Mass., Dec. 21.—The Red Sox practically are a new team as the result of trades announced last night. With the passing of Everett Scott, highest ranking shortstop and holder of the record for consecutive play, the team loses the last of the regulars who brought world championships here under the management of Bill Carrigan.

The new Red Sox, as Manager Hughie Duffy visualizes them in prospect will be a stronger hitting team. The lineup as he sees it will be: Leibold, cf; Peckinpough, ss; Pratt, 2b; E. Smith, rf; Harris, rf; Burns, 1b; Foster, 3b; Ruel, c, any one of several pitchers.

Say Children Used In Clinics for Experiments

Chicago, Dec. 21.—Judge Philip Sullivan today ordered an investigation of charges that the city contagious disease hospital physicians and staff are using children patients for experimental work in clinics.

The order followed complaints that children, taken to the hospital for contagious diseases, were kept as long as four years.

Dr. John Dill Robertson, city health commissioner, attributed the charges, which he declared false, to a medical organization.

Why Is Salem Firm?

Because Its Citizens Have Learned the Truth

After reading this generous and encouraging report from Mr. Vibbert, those who have the misfortune to suffer, as he did, will naturally long to get similar relief. But to get the same good as Mr. Vibbert had, you should get the same remedy. There are of course, other kidney pills but there are no other kidney pills the same as Doan's. That is why Salem people demand the genuine.

L. J. Vibbert, 1120 S. Commercial St., says: "I gladly recommend Doan's Kidney Pills as I know they are fine kidney remedy. I had attacks of backache and was taken with sharp catches when I stooped. My kidneys didn't act right so I bought Doan's Kidney Pills at Tyler's drug store. They relieved the trouble and strengthened my back and kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Vibbert had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Firemen Called To Stop Cracking Of Wall Paper

Heat is well enough in its place—its place being most anywhere at the present time. As much may be said for cold. But when heat, the temperamental, meets up with cold, the dispassionate, untoward happenings are liable to occur.

For instance, the wall paper may be apt to crack, or the fire department may be called out—or both. Consider the case of the August Schukey family.

Last night it was cold. The mercury sank lower and lower. Only a few pedestrians hurried about the streets which were swept by a cold, biting wind. But inside the Schukey home, at the corner of Bush and Saginaw streets, it was warm. Members of the family arranged themselves in close proximity to the industrious heating stove and felt that warmth was good.

The scene shifts to the Salem fire department. Here, too, the heating apparatus proved a magnet and habitues were bunched near the radiators. Then the fire alarm sounded.

"Fire at the Schukey home—Saginaw and Bush streets," Captain "Bill" Iwan shouted as he emerged from the phone booth. Two heavy fire machines rushed onto the ice bound streets.

Ten minutes later the fire fighters arrived at the Schukey home. The house was not in flames. There was no evidence of fire. The fighters were met at the Schukey door.

"We were mistaken," members of the Schukey household explained. "It wasn't flames—but the wall paper was cracking."

Investigation established the fact that a door had been opened at the Schukey home, thereby permitting the cold air to rush into the warm room. Loud popping of wall paper had been the result.

Polite Bandit Of Fine Manners Holds Up Car

Chicago, Dec. 21.—Police today investigated a report that a well dressed bandit of fine manners, who single handed, held up observation car passengers on the Chicago-Washington Baltimore & Ohio on Chicago's South Side last night, had escaped in an automobile driven by a woman. Children skating on a pond at Sixty-seventh street said they saw the robber leave in a car which had been parked beneath the railroad viaduct.

The bandit boarded the observation at the Sixty-third street station and forced the passengers to stand in line. After robbing four men he reached Mr. and Mrs. Herbert L. Stansbury of Tucum-

car, N. M., and their three small children.

"Madam," he said, "will you please take the children to the other end of the car. I am not interested in any valuables a woman may have, and I do not want to frighten children. If you please."

As Mrs. Stansbury and the children obeyed his request he relieved Mr. Stansbury of his pocket-book.

As he continued down the line of passengers, the conductor appeared at the front end of the car. "It's quite possible," he told his victims, "that the conductor is armed. If he isn't he can call men who are. That would mean shooting, and some of you might get hurt. I don't want that to happen so I will leave you."

He jerked the emergency bell rope, backed through the door, and as the train slowed down leaped over the rail and disappeared.

Ohio Farmers Lose Heavily on Wheat Sunday Schools

Columbus, Dec. 21.—Prices received by Ohio farmers for their 1921 wheat crop are from 39 to 40 per cent less than the cost of production, according to a cost probe made by economist of the college of agriculture, Ohio State University.

Cooperating with these economists farmers in Greene and Medina counties started a system of book-keeping when the wheat-growing season opened last year, keeping a record of expenditures in growing crops and animals.

The average cost of producing a bushel of wheat in Greene county was \$1.60. In Medina county it was \$1.90. The average selling price of wheat is \$1.05.

Ash, hickory and oak are the most reliable woods used for bending purposes. They are treated by steam under heavy pressure.

Chita Declares War On Vladivostok

London, Dec. 21.—A report that the government of the Far Eastern republic at Chita has declared war on the republic of Vladivostok is carried in a Central News dispatch from Helsinki today. The message adds that the soviet government of Moscow is said to be sending troops and war material to Chita.
