Of Interest To Women

Tea Will Augment Loan Fund

An oriental program for the benefit of the scholarship loan fund of the Oregon Federation of Women's Clubs will be given on Wednesday, January 25, in the parlors of the Commercial Hotel at the Salem Woman's club. Refreshments will be served and a talk on Oriental rugs, which is being loaned to assist women in their education, and a silver offering will be received during the afternoon.

Mrs. N. C. Kafoury is in charge of the affair and an elaborate program of oriental music, and oriental dances is being planned. Refreshments will be served by H. O. Cartozian, of Portland, and a talk on Oriental rugs, which he has given to women's organizations throughout the state. He will illustrate with some of his beautiful rugs. A group of Mrs. Ralph White's dancing pupils will give an interpretative dance.

Mrs. Kafoury will be assisted by Mrs. Elma Weller, Miss Elizabeth McClary, Mrs. William Burgess, Jr., Miss Mattie Beatty, Mrs. O. E. Price and Miss Elizabeth Putnam. The federation obtains money from the loan fund for girls who need assistance in completing their education. It is given out to the young women upon reference, but without securing and without interest, to be repaid when the one benefitted begins to receive a salary. There are many more demands for the money than the fund can supply. The day set aside for this benefit is designated by the federation as "red letter day."

A regular meeting of the Women's club will be held on Saturday, Jan. 14, at the Commercial Hotel.

Woman's Complex Life

Woman's complex life with its multitudinous calls is given as the reason for many a nervous breakdown. Home work, social obligations, dressmaking and the race of children keep the 20th century woman in a whirlwind of activity until headaches develop, backache, nervousness and often times more serious ills which are peculiar to her sex alone. Such women should not despair, but be guided by the letters so often published in this paper from women who have been in just such conditions, but who have been restored to health by Lydia E. Pinkham's Vegetable Compound. This is a root and herb medicine that contains no drugs and can be taken in safety by any woman.

KNITTED SUIT IDEAL FOR TRAVELING

That garments of knitted fabric are growing in favor cannot be denied. One need not be a dyed-in-the-wool enthusiast of knitted outerwear to feel confident that when the resort season gets under way, the woman whose wardrobe trunk contains a variety of knitted outer garments will carry off the palm.

The girl who goes in for winter sports as well as the girl who winters south, will hardly feel "in the picture" unless she has a collection of brightly colored scarfs, which may or may not match her hats. As a matter of fact a clever milliner discovered that these scarfs make attractive hats, the stripes or other decorative border providing the trimming for crown or brim.

The scarf sketched combines stripes with a blocked border, and does it without distributing one's sense of design. It is worn with a two piece knitted silk suit, the skirt black, excepting for its border, which is black and white, this design being repeated on the patch pockets. Pockets are an almost unerring note in knitted things, so possible in their construction.

This suit shows a nice restraint, by the way, in the matter of decoration. It would have been so easy to carry the border design on to the Tuxedo collar, or to have made the belt a more conspicuous detail. But the best makers of knitted outerwear realize that there is a perfection of detail and of fit, which counts quite as much for merit as for decoration.

One senses, of course, that the belt is adjustable and the coat may be bloused or not, a one wishes. There is a preference for the slightly bloused effects for many women, particularly those who have left slenderness behind with their youth; they find that by this simple adjustment they obviate

The possibility of the coat fitting too closely.

It becomes more and more apparent that knitted outer garments are not going to be allowed to remain the property of youth. Why should they be? It is not difficult for the older woman to wear them; besides, they are ideal for traveling, no matter what the conveyance. The non-crushable qualities of the knitted suit, whether it be silk or wool, or a fashionable blend of the two, should endear it to the traveler.

They go Together

"The rapidly increasing divorce rate," remarked the wit, "indicates that America is indeed becoming the land of the free." "Yes," replied his prosaic friend, "but the continued marriage rate suggests that it is still the home of the brave." — The American Legion Weekly.

He Could Prove It

"Well," said the waiter to the student, who had just had his coffee cup refilled for the seventh time, "you must be very fond of coffee." "Yes, indeed," answered the student, "or I wouldn't be drinking so much water to get a little." — Leigh Burr.

A "balanced diet" may sound confusing to many people

The facts, as explained here, are simple.

The secret of a "balanced diet" is to have food containing all the elements needed for proper nutrition. These elements are protein, to nourish the tissues; starch and sugar to furnish energy; fat to supply heat; and mineral salts to provide the material necessary for building nerves, brain, and tooth and bone structure.

Grape-Nuts, the nourishing cereal made of whole wheat flour and malted barley, served with cream or milk, is a complete food for young and old alike.

Go to your grocer today and get a package of Grape-Nuts. Eat it with milk or cream for breakfast; or with stewed fruit, jelly or jam, as a delicious dessert for lunch or dinner.

Every member of the family will relish this palatable and nourishing food—

LAKE PLACID THE MECCA FOR WINTER SPORTS FOLK

The season at Lake Placid, New York, is now on in full swing. Many of the visitors here have in former years gone to Switzerland for the winter sports, but no they claim they find all the sports they want at this resort. People from all over the country are making Lake Placid their winter Mecca. The above illustration shows some of the fair participants enjoying themselves. In the lower left-hand corner is Miss Kathleen Davis, of Galveston, Texas, adjusting her skates, preliminary to taking a spin over the ice. Above her is Miss Halan Kosloff, of Warsaw, Poland, who spends many hours entertaining her friends with exhibitions of fancy figure skating. In the center are members of the younger set off on the scent in the Hare and Hounds Skating Tourney, and on the right is Miss Marie Ringler, of New York, an ardent hockey enthusiast.

WOMAN MAKES GREAT PARACHUTE LEAP

Remember way back when you were a kid and played "London Bridge is falling down?" Well, Miss Gladys Roy, of Los Angeles, Cal., has modernized that version and tells of her many parachute leaps. She is shown here sailing through California's balmy ozone, having just leaped from the plane speeding away.

Famous Old Recipe for Cough Syrup

Quickly and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes. Avoid disappointment by asking your druggist for 2 1/2 ounces of Pinex with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

S. D. Mustard of Powell Butte, Crook county, has just sold 10 carloads of potatoes to Spokane buyers at \$50 a ton.
