

### Mr. Neglect Needs 'Reds' Says Howard

Columbus, Ohio, Feb. 3.—Radiation will increase in the event of a general agricultural economic conference, J. R. Howard, president of the American Farm Bureau declared, in an address to farmers' week at Ohio State University here.

"The agricultural conference called by President Harding last week showed at the start a wind toward the farmer-labor fight," he said.

"The small brings me daily from all quarters demands for expedients as the government making direct real estate loans to the farmers at two or three per cent by currency issues, refunding of all liberty and loans with a federal currency," Mr. Howard said. "Men that too much printing and too little intrinsic value the seat of Europe's trouble and that 'assignat' helped the French revolution."

"I personally," he declared, "I think that constructive radicalism which provokes serious thought. It compels progress. I go to the limit regarding co-operative marketing and government supervision of all public utility. But I must draw the line. 'Laissez-faire' that is destructive and unconstructive, particularly if it is of that greatest of all agencies—personal initiative. Things must happen in the solution of agricultural problems. Mr. Howard said—the element of new and cheaper transportation and the saving of electricity, so that they may be applied to transportation."

"I have been thankful a thousand times that I took Tanlac when I did. It is simply wonderful the way it has benefited me," said Miss Nellie Collins, 1330 Connecticut Ave., Bridgeport, Conn.

"About eighteen months ago my appetite began to fall and I seemed to be going into decline. Nothing agreed with me and my nerves were keyed up to such a high pitch I was actually afraid they would snap in two."

"But Tanlac has brought about a wonderful change in my condition. My appetite is almost ravenous, my digestion is perfect and I feel as well and strong as I ever did in my life. I never dreamed there was a grand medicine as Tanlac in the world."

**NOTE.**—The International Proprietary Co., distributors of Tanlac, have on file in their offices at Atlanta, Georgia, over fifty thousand signed statements from representative men and women from every State in the Union and every Province in Canada. Many of these are from prominent people in this city and section and have been previously published in this paper.

Tanlac is sold in Salem by the Tyler Drug Store and by leading druggists everywhere.
