

L. E. BEAN ANNOUNCES CANDIDACY

Speaker Enters Race For Gubernatorial Nomination Unpledged, He Declares

Louis E. Bean, speaker of the house of representatives, and a member of the state legislature from Lane county for the past 14 years, Saturday precipitated himself into what promises to be an unusually interesting contest for the republican nomination for governor at the May primary.

Mr. Bean's announcement of his candidacy for the gubernatorial nomination was not entirely a surprise. Rumors that he would be a candidate have been rife in political circles for many months, and were never publicly denied or commented upon by Mr. Bean. He made his announcement in Portland, while en route to Ontario, and strengthened it with the declaration that he will go before the voters with "no pre-election pledges."

"Patriots" Not Consulted
While Mr. Bean was presenting his candidacy to the voters thru the press, the "Federated Patriotic Societies" were reported busy engaged in the task of pledging a candidate to head their state ticket. With what success the patriots labored has not been announced.

Mr. Bean's Saturday statement, which was but the forerunner of his formal platform declaration, read as follows:

"If by the sovereign will of the electorate, I shall become governor of Oregon, I will be governor of Oregon in fact as well as in name. I have made no pre-election promises and intend making none other than to the whole people. No man is made over because he is made governor. If the record of his previous life does not reveal his qualifications for office, no promises or declarations for campaign purposes will qualify him."

"For 14 years I have taken an active part in public life as a member of the state legislature. During this period I have served as a member of both the senate and lower house and as speaker of the house during the two previous sessions.

Record Held Open Book
"Every vote that I have ever cast upon the thousands of measures that were up for consideration by the legislature during that period is indelibly written into the record so that every voter who will may read. My record is an open book. These measures have probably included almost every phase of principle and public policy. It is upon this record that I submit my candidacy.

"If I should be honored by being elected to the office of governor, the highest office in the gift of its people, it would be my sincere ambition to prove myself worthy to work unceasingly for the upbuilding and general welfare of the state; for the happiness and prosperity of its people

Message to Weak, Nervous, Run-Down Women

We venture to say there isn't a woman who at some time or other does not get into a weak, nervous, rundown condition, without energy or ambition, or who hasn't a delicate, ailing child, or perhaps a feeble, aged parent.

It will interest every such man or woman to know that the medical profession have for some time been recommending dietetic treatment for such conditions, rather than medicine, and at last science has produced SUSTO Nutritive Tonic Tablets which contain in a concentrated form the life giving and strengthening elements of yeast, rice, eggs, milk with beef protein, nuclein, and iron that is lacking in our daily diet, to overcome such conditions.

SUSTO has been tested and approved at one of our greatest American medical colleges by a professor of physiological chemistry, and after months of experimenting with SUSTO he says, "In all cases of a general rundown system, or in convalescence, SUSTO played a very important part in stimulating the appetite and increasing body weight. In every instance where undernourished infants and children were given SUSTO, important body weight increases were registered. A notable case is that of a boy of eleven, who had been under weight for three or four years in spite of the best medical and dietetic treatment. The feeding of SUSTO produced a gain of six pounds in three months."

Therefore, we feel very confident that our customers can find nothing better than SUSTO for the ailments for which it is recommended.

If you try it for one month and do not feel better in every way, we will return your money.

For sale by Perry's drug store.

and particularly at this time for their early release from the crushing burden of taxation, largely brought about by a delirium of public waste and extravagance.

"Since I would enter office free from promise or commitment to special interest, I would be in position to give everyone the full measure of justice and equality due to them under our American form of government."

Seven Seek Nomination
Mr. Bean's announcement indicates to political observers that the republican contest for gubernatorial honors will be seven-cornered in its dimensions. So far the avowed candidates are Mr. Bean, Senator L. L. Patterson of Folk county, Judge Stephen A. Lowell of Pendleton and J. D. Lee of Portland. To be added to this quartet as probable contenders are Governor Ben W. Olcott, Charles Hall of Marshfield and George H. Kelly of Portland. From Portland also come rumors that a boom is starting for William M. Cate, former county judge of Multnomah county.

Theatrical News

Many Cities Invite Wallingford to Visit

Son of Famous "Get-Rich-Quick" Locates in Whittier.

George Randolph Chester, who directed "The Son of Wallingford," which will be shown at the Liberty theater today, tomorrow and Wednesday, had a rather difficult time selecting a California town for many scenes of his newest literary creation. The chamber of commerce, board of trade and other civic representatives of a dozen different booming municipalities of the west coast beseeched the author to use their home city for this picture when it became known that a busy town was required.

The chief setting of the picture is a live little city alongside a lake. Of course there are several such cities in the golden state, and all of them are live enough to appreciate the advantage of having their section selected for the background of a production as big as this.

After careful consideration, however, Mr. Chester selected Whittier as most suitable for the production. The board of trade and other civic organizations of the community cooperated in every way to make the production unusually realistic, and after Mr. Chester had finished the scenes a letter of commendation was sent him by the chamber of commerce and the chief of police for the noble way in which he had handled his players.

He had imported some 3000 men, women and children of all types, and yet there had been no disorder in the town. Everything ran like clockwork, and the production was made in record time.

Babe Ruth at The Bligh Theatre

"Babe" Ruth, the idol of every American sportsman, comes to the Bligh theater for Tuesday, Wednesday and Thursday in the sensational six-part super-feature, "Headin' Home," and he brings a record of having shattered all attendance figures at the spacious Madison Square Garden in New York city.

"Headin' Home" is minus the impossibilities and absurdities that have marred other screen pictures in which stars of the sporting world have been featured. On the contrary, it revolves about the story of a typical "bad boy," who is "so bad he is invited to leave town." But he doesn't stay away for long, for he returns a much changed individual—a man who has conquered the world. And this change is not brought about without hardship, for "Babe" indeed has a very hard time, but in the end he wins against stupendous odds. His mighty stick plays an important role.

Pantages Bill

At Sweet's Singing Band.—Mr. Sweet is well known throughout the United States as a famous cornet soloist and is offering his singing band in a program of classical and popular band numbers, and their own conception of syncopated melodies.

Aleko & Company.—Aleko, the Grecian psychic, assisted by Panthea, the Delphian oracle and presoo in a series of telepathy readings. They astound their beholders with their instantaneous answers to questions. Panthea claims the finger tips are the antennae of the brain and catch the thought waves in exactly the same fashion as the antennae of the wireless telegraph.

Pan-American Four.—A tropical quartet in harmony and comedy songs. All are artists and have remarkable voices. They render special numbers in an original way.

Green and Dunbar.—Billy Green and Charley Dunbar in "Without Rhyme or Reason," are two jolly fellows, and will bring with them snappy jazz and comedy song numbers.

Wyoming Trio.—Are wild west warblers and rope twirlers in "Echoes of the West," as they call their little offering, composed of songs of the golden west, with some clever lariat throwing and dancing.

Around the Valley

Dallas.—The local lodge of Modern Woodmen, which is aiding in the campaign to eliminate tuberculosis, will present films dealing with the disease and its ravages at a local theater tonight and Sunday.

Dallas.—A new lumber carrier, the invention of Carl Gerlinger of this city, is being manufactured at the plant of the Dallas Machine & Locomotive Works.

Silverton.—The city council has ordered the marshal to enforce the city ordinance barring persons under 18 years of age from public dance halls in this city.

Silverton.—Fifty farmers and as many citizens of this city attended the first of a series of lectures which are being staged by the Silverton Community club, Friday evening. Professor Brombaugh of O. A. C. was the speaker of the evening.

Silverton.—Mrs. Gertrude Hambe, a resident of Silverton since 1910, died last Thursday at the age of 67 years. The funeral was held from the Trinity Lutheran church last Sunday afternoon.

Silverton.—The Silverton G. A. R. and W. R. C. chapters held a joint celebration of Lincoln's birthday here Saturday afternoon.

Silverton.—A local bakery has announced a new price of 5 cents for full 16-ounce loaves of bread.

Rickreall.—Fire believed to have started from smoldering remains of a fire which was believed extinguished, completely destroyed the farm home on the W. B. Allen place near Oak Grove last week.

Broadacres.—James B. Hunt, 68, a native of Oregon, died here February 2. He lived on the farm upon which he was born near here during his entire life. The funeral was held from St. Luke's Catholic church, Woodburn, Monday morning.

Woodburn.—Forty-eight berry growers of this section of the county signed the article of incorporation for the Woodburn Fruit Growers' Cooperative association at a meeting here last Saturday. The officers of the new association, which has signed up 321 acres of berries, are E. J. Forsythe, president; Frank Bonney, vice-president; H. F. Butterfield, secretary, and Theo Neht, treasurer.

Woodburn.—The voters of the Woodburn school district will vote March 4 on a proposal to join with neighboring school districts in a union high school district to have an assessed valuation of at least \$4,000,000.

McMinnville.—Members of the local Knights of Pythias lodge are seeking to have the new Pythian home located here and have subscribed funds with which to purchase a site.

Make Them All "Banner" Bake Days!

Don't have success with your baking today and failure tomorrow. Have perfect economical results every time you bake—you can do it if you use

CALUMET BAKING POWDER

If it were not pure—most dependable—most economical, it would not be the world's biggest selling brand today.

No human hands ever touch Calumet—it is made in the largest and most sanitary baking powder factories on earth.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Battery Price Is Reduced By Columbia Firm

The western manufacturers, because of conditions peculiar to the Pacific coast, are able to meet all price reductions of eastern manufacturers and even go them one better is strikingly demonstrated in the announcement made this week by the National Carbon Co., Inc., of a big cut in the prices of all types of Columbia storage batteries. Under these new prices Columbia batteries are cheaper than they have ever been before, notwithstanding the low prices that prevailed prior to the war. And the new low prices are for batteries that are absolutely guaranteed as to quality and workmanship and manufactured by one of the oldest and largest makers of batteries in the world.

Stillman Wins Another Delay In Divorce Case

Poughkeepsie, N. Y., Feb. 13.—Another delay in the trial of the Stillman divorce case was granted counsel for the plaintiff, James R. Stillman, New York banker, but supreme court Justice Morschauer told the lawyers he would insist on speed from now on, as "the public is becoming disgusted with this case and the way it is dragging on."

Counsel for Mr. Stillman succeeded in obtaining a postponement from today until next Saturday for arguments on motions by Mrs. Anne U. Stillman, the defendant, seeking to shift hearings in the case to Montreal and to obtain \$6950 additional expense money.

Stayton Seniors Give Play
Stayton, Feb. 13.—The senior class of the high school presented its play, "Nothing But the Truth" here Wednesday night in the school auditorium. A large crowd attended and all thought the play did exceptionally well and that the cast of characters was well chosen by the director, Miss Helen Lee.

Those having parts in the play were: Elmer Taylor, Cecil Schaefer, Chris Neilling, Roy Hatt, Gene Ware, Giventh Davis, Sara Aldwell, Thesa Forrette, Francis Freeman, Mabel Rands and Millie Pritchard.

As the humming bird moth works at night it is rarely seen. TNT may be fired into by a rifle bullet without exploding.

Chinese Foreign Minister Resigns

Peking, Feb. 13.—(By Associated Press.)—The resignation of Dr. W. W. Yen, foreign minister and acting premier, was presented to the cabinet Friday evening. Immediately afterwards, the government announced that it had summoned home from Washington Dr. Wellington Koo, Alfred Sze, minister to the United States, and Dr. Chung-Hai Wang, the delegates to the armament conference.

Anyhow, the world has made more progress toward peace than grand opera has.

Borden's EVAPORATED MILK

here under the most favorable manufacturing conditions that exist anywhere in the United States. It goes without saying that the cost of shipping material in bulk is cheaper than the cost of shipping a completed battery. Most eastern manufacturers are compelled to ship the raw material from the middle west to the east and then pay the high transportation rates on the completed battery from the east to the Pacific coast. It is apparent that the western manufacturer has much the best of it and this difference in manufacturing costs is being passed on to the public by the National Carbon Co., Inc.

"Columbia storage batteries are made by the same company that makes the famous Columbia dry cell batteries and Eveready flashlight batteries. This company has a million dollar factory on the Pacific coast and has a world-wide reputation for the manufacture of the highest grade products. Every car owner who purchases a Columbia has a battery that is fully guaranteed by a corporation that stands four-square behind its product.

"This is a case of the highest grade of battery being offered at the lowest price consistent with superior quality. The Columbia storage battery is certainly a triumph of western manufacturing."

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets
The secret of keeping young is to feed your liver—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

IT IS FACT and not theory, that every drop of rich, nourishing Scott's Emulsion is readily utilized by the system in building up strength.

The Evening Advertisement

IN the cities where daylight saving time is in effect the gain has been wholly in the evening. The idea that people could get up an hour earlier and accomplish the same results has never met with any success.

People don't want to get up earlier. An extra hour in the evening is worth two in the morning. This is because of the feeling that the time in the morning must be devoted to work. There is no time for family conferences in the morning.

So, if your "want-ad" is one that invites consideration and discussion, you naturally place it in the evening paper.
