Local basketball fans are of the opinion that Pendleton, Ashland, Eugene and Salem are to be among the strong contenders in the state interscholastic basketball tournament being held here this week end. Ashland and Pendleton, they hold, will bid strong for the championship honors.
Although school officials declare that the influenza epidemic is plainly on the decline in the schools and that most of the students are again at their studies, local physicians said today that, generally, the health situation in this city is far from good. There are still hundreds of cases of grippe and "flu" according to the doctors. Some improvement over conditions of a few weeks ago is shown, however, they say.

Propose 50 Percent Cut
Kansas City, Mo., March 15.—A wage reduction of probably 50 percent in the present scale for miners of the southwest is being considered by members of the newly organized trans-Mississippi district association of Coal Operators, according to a statement here today by Harry N. Taylor, chairman of the association. No definite scale has been decided upon, Mr. Taylor said, "but in order to bring the price of coal down to a peace time basis, the operators cannot afford to pay the miners war time wages." The contemplated reduction, he added, would leave the basic wage scale higher than the one in effect before the government took over the mines.

Gill Seeks Reelection
Frank M. Gill of Dufur, Or., Wednesday filed with Secretary of State Kozier his formal declaration as a candidate for the republican nomination for state representative from Wasco county. Gill's slogan is, "Reduce taxes, reduce commissions, improve road and school legislation, economy and efficiency."

Resolutions of dissolution were filed by the Tualatin Valley Lumber company of Portland and the Boardman Trading company of Boardman.

Churches Insist On Conference On Coal Strike
Washington, March 16.—A statement "insisting upon conference as an alternative to industrial war" in the coal fields was issued jointly today by the social service department of the Federal Council of the Churches of Christ in America and the National Catholic Welfare Council.
The statement declares that a strike in the coal industry "at this time of widespread industrial depression" would "greatly add to the hardships which millions of our children are already enduring, would produce great economic waste and confusion and would entail a continuing legacy of suspicion and bitterness."
"The pledge of honor," in the agreement entered into two years ago between the bituminous operators and miners "to meet together in a serious effort to avert strife by negotiating a new agreement," the statement declared, "is sufficient to overrule all objections to conference."
Master of Science in Engineering "is the newest of degrees at Yale University.
Russia was the first country in the world to use wood paving for streets.
