

MURDER IS ADMITTED BY YOUTH

Pantry Boy at Hotel Confesses to Beating Lady Alice White To Death

London, Mar. 21.—(By Associated Press)—Henry Jacobi, 19 years old pantry boy at the hotel where Lady Alice White was injured fatally last Monday night, was arraigned in police court today charged with murder.

He is alleged to have confessed to striking Lady White with a hammer. She was found unconscious in her room Tuesday morning and died the next day. Her skull was fractured.

Lady White was the widow of Edward White, late chairman of the London county council, and was between 50 and 60 years old. In a lucid moment after her injury she declared a burglar had entered her room and struck her. Jacobi had been employed in the hotel only a few days prior to the murder. He said that he had read a number of cheap novels, mainly of the detective type.

No evidence was revealed in court to indicate the reason for Jacobi's act. The youth offered to pick out from the number of hammers brought into court the one with which Lady White was killed.

He picked up one, saying he had recognized it by a dent which he observed while washing the blood from it. He was remanded for one week.

Portland, Or., Mar. 21.—Grain men of Oregon and Washington joined in a recommendation to Secretary Wallace of the department of agriculture, forwarded by telegram last night, that test of white wheat be placed at 58 instead of 60 pounds a bushel.

This recommendation followed a hearing before the public service committee of Oregon, at which various changes in grain standards of a detail character were recommended. Present were representatives of millers and exporters, a delegation from the bureau of agriculture of Washington, D. C., and a delegation from the Willamette Valley Grain Growers' association.

Republicans Hold Maine Majority

Augusta, Maine, Mar. 21.—Republicans retain their hold of the Third Maine congressional district but by a margin greatly reduced from the record republican vote of 1920.

With 56 small places missing, reports from the special election yesterday show that John E. Nelson, republican, was elected over Ernest L. McLean, democrat, by a majority of 5294 votes. Nelson will fill the unexpired term of John A. Peters, who resigned to become federal district judge for Maine. In 1920 Peters' majority was 19,257 votes, in 1918 Peters won by 5363 votes, in 1916 by 3654 votes and in 1914 by 1515 votes.

Second Attempted Jail Break Fails

Chicago, Mar. 21.—The second attempt in two days at a jail delivery was frustrated yesterday when armed guards under Warden Wesley H. Westbrook checked the uprising and forced seventy prisoners back to their cells.

When the prisoners refused to return to their cells after the exercise hour Mr. Westbrook stationed guards with riot guns at advantageous positions, stepped to the front and told the prisoners he would give them ten minutes in which to obey the command, or direct the guards to begin shooting. Watch in hand, he tolled off seven minutes and all of the mutineers had disappeared.

WORN OUT AFTER SHE COOKED A MEAL

Took Lydia E. Pinkham's Vegetable Compound. Read the Result

Cincinnati, Ohio.—"I suffered for a year with nervous troubles and irregularities before I took Lydia E. Pinkham's Vegetable Compound. My back pained all the time and I was unfit for housework. I was worn out if I cooked a meal, and was unable to do my washing. My girl friends and my sister told me if I would take your Vegetable Compound and Liver Pills I would be relieved. After taking the first bottle I felt better, and neglected it awhile, but found I could not do my work until I was stronger. So I took the Vegetable Compound again and now I am the mother of a 19 months old boy. He is fat and healthy and I am sure I could never have carried him if it had not been for your medicine. I recommend your medicine to all women although I am young to be advising some one older."

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about 50%. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolutely satisfactory or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

It is the organic iron in your blood that takes up oxygen from your lungs. This oxygenated iron enters into your blood, like fire enters with coal or wood, and by so doing it creates tremendous power through your body without doing you any good.

Organic iron, like the iron in your blood and like the iron in spinach, lentils and apples may be had from any druggist under the name of "Nuxated Iron."

Over four million people are using Nuxated Iron annually, their experience proving that it increases the strength and endurance of the weak nervous, run-down people, in many cases, in two weeks' time.

If you want that virile force, that stamina and strength so necessary to every success in life, you owe it to yourself to commence trying Nuxated Iron today.
