

POMONA GRANGE OF POLK COUNTY HOLDS MEETING

Seventy-five patrons of husbandry, representing the more progressive and prosperous of those interested exclusively in practical farming, fruit and stock raising, from Monmouth, Brush College and Oak Grove, gathered recently for the regular session of the Polk County Pomona Grange at Oak Grove.

Nothing which could add to the pleasure of the guests had been overlooked. The church and hall both being at the disposal of those in charge, the former comfortably filled for the business meeting at 10:30.

A splendid program opened the afternoon session provided by the Pomona lecturer, Mrs. A. W. Bartlett of Oak Grove. Professor Scudder of O. A. C. spoke on "Farm Management," and Senator J. L. Patterson of Eola and P. O. Powell on "What the Oregon Farmer is Entitled to Expect at the Hands of Our Lawmakers."

A group of musicians who are always received with enthusiasm. Mrs. Cecil Riggs, pianist, Mrs. Arthur Utley of Brush College and Mrs. J. Ray Frank of Oak Grove, vocalists, delighted the audience. Mrs. Blodgett of Brush College and Mrs. Irene Lewis of Oak Grove accompanying.

After a splendid supper the Oak Grove community song books were requisitioned for a half hour of singing under the direction of Mrs. J. Ray Fran, Mrs. Nellie V. White accompanying on the piano.

Robert Farries opened the juvenile program with a reading, followed by Billy Utley, age 3, of Brush College in an irresistible comic vocal solo. The little Misses Audrey Allen, Viola Vaughn and Letota Estabrook gave recitations.

A resume of the taxpayers' league convention at Portland was given by Finley Edgar, followed by a short business meeting.

FLYERS SEEK TO CROSS SOUTH ATLANTIC OCEAN

Lisbon, March 30.—(By Associated Press.)—The attempted flight from Lisbon to Pernambuco, Brazil, was started this morning, the naval captains Sacadura and Coutinho taking the air at 7 o'clock. They hope to make the transatlantic passage of more than 4000 miles in sixty hours actual flying time. They expect to arrive in Brazil by April 18.

The first stop will be at the Canary Islands thence the route is by the way of Cape Verde Islands and Fernando Noranah, a short distance east of Uernambuco. The flight from the Cape Verde Island to Fernando Noranah is attended with considerable risk as the only precaution taken for the safety of the aviators has been the stationing of three Portuguese cruisers along the line of flight.

Washington.—Big navy men started in the house to prevent the proposed reduction in the navy's enlisted personnel for next year to 65,000.

What's New on the Market

The present price of Oregon onions is an example of what clever cooperative marketing, lack of supply and a fair demand can do for a vegetable. It has been only a few months—last fall, in fact—that the onion was selling for \$1.50 a sack. In a little over six months it has reached a price of \$1.10 and is retailing for 12 1/2¢ a pound.

Present quoted prices on the newly arrived radishes from California would lead one to believe that they have gone up. Former quotations were 40 cents a dozen, wholesale, which permitted a retail price of two bunches for 15 cents. Those offered now are bringing 90 cents a dozen, wholesale, and should sell for 10 cents a bunch. The bunches are larger and the consumer is getting about as much for his money—if not his money's worth.

Perch, sand dabs, and soles at 15 cents a pound; Oregon coast halibut at 25 cents; fresh Chinook and Alaska King salmon at 40 cents will be offered the housewife tomorrow. The Oregon coast halibut is the best obtainable and is selling at slightly reduced prices.

Seventeen and 18 cents are being offered for eggs both in cash and trade, with retail prices at 20 and 22c.

EUGENEAN TO BUILD POST OFFICE ANNEX

Charles H. Bilderback, of Eugene, was the lowest bidder on the Salem post office addition, according to word received here yesterday. The bids were opened at Washington Tuesday. The contract calls for the completion of an annex within 9000 days after the closing of the contract.

The addition is to be 32 by 54 feet and is to be erected on the east side of the present structure. It will be built of hollow tile walls and is to be one story in height.

All possible speed in getting the annex underway has been promised by Washington officials in letters to Postmaster Hucklestein.

GEDDES ARRIVES IN SEATTLE

Seattle, Wash., March 30.—Adding more than half a day to their Seattle visit, Sir Auckland Geddes, British ambassador to the United States, and Lady Geddes, arrived here early today from Portland. They were originally scheduled to reach Seattle in the evening.

Several thousand disabled emergency officers of the A. E. F. are to be retired on the same privileges as regular army officers. Disabled officers, to obtain the benefits, are required to have a disability of at least 30 per cent under the war risk law standards.

Moore and Sheriff John W. Orr and the first woman drawn on the list was Nellie Ferguson, Salem route 2, the first woman juror to be called to serve as a juror in Polk county. The second woman to be drawn was Beulah Holman, wife of Fred J. Holman, county assessor.

Cooper, Dallas route 3; Emma Gertrude Davidson, Independence; Ed C. Dunn, Dallas; Mrs. O. A. Edwards, Monmouth; Nellie Ferguson, Salem route 2; Elizabeth Gilliam, Dallas route 2; U. S. Grant, Dallas; J. A. Hannum, Airlie; Beulah Holman, Dallas; Mrs. Emma F. Loy, Buena Vista; John Middleton, Dallas; Nick Mekkers, Rickreall; C. R. Nendel, Airlie; Julia E. Nunn, Dallas; C. W. Syron, Sheridan route 1; C. E. Staats, Dallas; J. E. Simkins, Salem route 1; M. F. White, Rickreall; K. L. Williams, Airlie.

The women drawn for jury service have the privilege of declining to serve, but must do so immediately after the sheriff has notified them that they are requested to serve. It is hoped that the women will perform their duty and act inasmuch as it is just one of the added privileges that they have gained as a result of advanced legislation.

FAR EASTERN TREATY IS NEXT ON SENATE SLATE

Washington, March 30.—Ratification by the senate of the two arms conferences treaties, limiting the navies of the great powers and restricting the use of submarines and poison gas, had cleared for debate today on the general Far Eastern treaty.

Although there were indications that the latter would be opposed by a small group of senators who believe China's interests were not sufficiently protected, it was the hope of administration leaders that this pact, along with the Chinese tariff treaty, the last remaining covenant of the conference, would be ratified during the present week.

The new structure, which will be modern in every respect, will cost approximately \$10,000, according to the permit.
