

### TRY TO ORGANIZE NON-UNION MEN TO AID STRIKERS

Indianapolis, Ind., April 7.—Plans for promoting the work of organizing non-union West Virginia miners to support the nation-wide suspension of work ordered by the United Mine Workers of America were considered today at a conference here of William Green, secretary-treasurer of the union and Lawrence Dwyer of Beckley, W. Va., a member of the union's executive board. Financial matters and the sending of more union organizers into West Virginia were understood to have been under discussion.

Assurance was given to Mr. Green by Mr. Dwyer that 21,000 miners in the New River field and the Winding Gulf field would be enlisted to the union's cause before the end of the week and the West Virginia leader suggested that officials of the international union later consider holding a meeting at Bluefield, W. Va., to address the miners, several thousand of whom he asserted would come from non-union fields not yet reached by the union's organizers.

#### Strike for Settlement

New York, April 7.—Week-end sessions of the anthracite miners and operators sub-committee on wage contract negotiations were agreed on by both parties today in an endeavor to settle the hard coal strike.

John L. Lewis, president of the United Mine Workers, was at the head of the union delegation on the committee and the miners predicted they would complete their case by tomorrow night. The operators, who have retained a large staff of economic research experts, announced they would be ready by that time to support their demands for a decrease in miners' wages.

#### Fire Fighters Asked

Reports that the state of Pennsylvania had called on the union to furnish fire fighters for another mine fire which broke out yesterday were verified by William J. Brennan, president of district number 1 at Scranton.

Mr. Brennan said he would seek permission of the sub-committee to detail the necessary fire fighters at once.

The fire which is the fourth for which help has been sought since the strike began April 1, is at the collieries at Wilkesbarre, according to Mr. Brennan. The only way it can be subdued, he says, will be sinking a new shaft directly into the heart of the blaze. Several hundred men will be required for this job.

### MIGRATORY WORKERS RESENT "VAG" LAWS

Columbus, Ohio, April 7.—"Hobo" and vagrancy laws in vogue throughout the country were principal topics today at the national convention of the migratory workers union, in session here.

"We detest the appellation 'hobo' and we resent prevailing vagrancy laws, and the entire nation's membership is behind a propaganda campaign to correct these defects," John Kelley of Chicago, national secretary, declared today.

Many delegates to the convention failed to arrive yesterday for the opening session.

### SURETY BONDS REQUIRED TO PROTECT COUNTY FUNDS

Bonds executed by personal sureties may not be accepted by county treasurers as security for county funds on deposit with county depositories, according to Attorney General Van Winkle, who points out in an opinion to District Attorney Stipp of Clackamas county that surety bonds authorized by law in such cases are specifically designated by statute as bonds executed by duly authorized surety companies.

County treasurers acting under authority of the depository law, Van Winkle points out, are exonerated from responsibility for the safe keeping of such funds as are deposited by him in banks so long as he accepts only such security as is designated by the law.

### LLOYD-GEORGE HEADS DELEGATES TO GENOA

London, April 7.—(By Associated Press)—Smiling cheerfully, but unable entirely to conceal his careworn expression, Prime Minister Lloyd-George headed a party of 20, including his wife and their daughter Megan, which left today for Genoa, where the international economic conference opens Monday.

The continued illness of the Marquis Curzon, foreign secretary, has delayed his departure until next week, but Sir Laming Worthington-Evans, secretary for war, and Sir Robert Horne, chancellor of the exchequer, accompanied the premier.

The remainder of the British experts and secretaries will leave London tomorrow.

Canada, with nearly 40,000 miles of railway, has a larger per capita mileage than any other country in the world.

### MOROSCO WILL PROVE RESIDENCE

Detroit, Mich., April 7.—Oliver Morosco, theatrical producer, is expected in Detroit within a few days to establish definitely that he was a bona fide resident of Wayne county (Detroit) at the time he was divorced from his first wife, Mrs. Anna Mitchell, Circuit Judge Harry J. Dingeman announced here today.

Judge Dingeman yesterday directed that an investigation be made to determine whether Morosco had been a resident of Michigan "two years and upward," as required by the divorce laws when a divorce decree was given his first wife, Mrs. Anna Mitchell, March 29, or whether there had been collusion in obtaining the separation.

The fact that the decree signed by Judge Dingeman had separated the Moroscos became known Saturday when the producer's marriage to Miss Selma Patee in Los Angeles was announced. The record shows the suit was filed by Oliver Mitchell, while a cross bill was entered by Mrs. Anna Mitchell. It was explained later that this was the theatrical producer's family name.

Detroit, Mich., April 7.—The Detroit Americans were shut out at Birmingham yesterday by the Southern association team, 4 to 0.

### NEW VAUDEVILLE AT THE BLIGH THEATRE TODAY

The present offering by the Kinkades, entitled "Love Never Dies," is a ventriloquist oddity, unique and novel in its presentation. The characters portrayed by the performers in this offering are both interesting and humorous. The material was specially written for this vehicle and the ventriloquist offering by the male member of the team is of the artistic variety and both members of the team hold the attention of the audience every moment of the time they are on the stage. They carry special scenery and portray the home and characters of "Down Easterner" of the yesteryear, of a semi-colonial type. The manakins presented are pleasing in appearance and humane looking and acting.

Leannard & Germaine are a clever pair of dancing experts whose ability in the art of terpsichore have no limit. They wear some classy wardrobe, their offering is of a lively nature and will prove a popular one.

Critics who have seen "The Golden Hope," the Haworth production with Edith Storey in the stellar role, declare that it is one of the best picture dramas of the season and that Miss Storey never appeared to better advantage. "The Golden Hope" will open at the Bligh theater today and will last two days.
