### Today's Candy Receipt

Not everybody who attends a dance likes the punch the hostess provides, but nearly everybody, in the course of the evening, saunters with a partner over to the corner where the refreshments are served. To make all such trips worth while, the thoughtful hostess provides a dish of candy on the same table with the punch. Many a palate that rejects a fluid will relish a sweet. About the best dainty to accompany the punch is tango candy, most appropriately named, and made as follows:

**Tango Candy.**  
Dissolve four cupsful granulated sugar and five tablespoonfuls golden syrup in one cupful water over fire. Add pinch cream of tartar and bring to boiling point, then add one-half cupful butter and boil until it forms soft ball when tested in cold water. Take from fire, add one-half teaspoonful each almond and rose extracts and stir with wooden spoon until creamy; then pour into butyered tin and mark as soon as set. Cut when cold and, if desired, wrap in waxed paper.

na Pitzer, "Sister's Best Fellow," seventh grade; Lloyd Forrette, "The Railroad Crossing," eighth grade; quartet, grammar school; decision of the judges and presentation of the medals, Rev. Frank James.

### DALLAS BUILDING IS ON INCREASE

Dallas, May 4.—Hill street is coming to the front with a number of new houses under construction here, the latest one to be completed belonging to W. S. Harvey. The foundation for this new home was laid just one month ago and with the exception of a few minor additions is finished and Mr. Harvey and his family are making their home therein. This house was erected by C. Richert of this city, and is one of the five he has built since the first of this year. The house cost complete \$1100 and contains six rooms and bath and a large front porch and a smaller one. Following the pattern of most of the one story dwellings now being erected in Dallas it is of the bungalow style.

Mr. Richert has just completed the building of an attractive home for himself into which he has already moved with his family. The new house is on the corner of Stump and Cherry streets and is one of the most attractive in that part of Dallas. The outside dimensions of the house are 26x28 feet. The house has a half basement, eight rooms and bath, is two stories in height, and will be equipped with a hot air furnace in the very near future. The construction price was \$3800. Mr. Richert will shortly start construction work on another house for himself which will be placed on safe when finished. This house will be built at 1916 Brown street and will cost in the neighborhood of \$2300. The plans call for outside dimensions of 26x40 feet, one and one half stories, six rooms and bath and will be constructed along bungalow lines.

### WOODBURN POOL OF BERRIES SOLD

Woodburn, Or., May 4.—Arrangements have been made to turn most of the local pool of berries over to the Oregon Packing company, which is reported planning to operate the juice factory here. Notwithstanding reports to the contrary, the Graves Canning company of Woodburn will operate this season to full capacity, having many earloads already sold. The loganberry crop is reported not up to the average. The expectation was that there would be 7500 tons, but those who have been over the ground state it will not be over two-thirds of that figure.

Wednesday afternoon was guest day at the Woodburn Woman's club, which met at the home of Mrs. H. L. Gill. The attendance was large. The principal address was on "Books," by Mrs. George Howard Pettinger of Oswego.
