

STAYTON TO HAVE NEW CANNERY IN OPERATION SOON

Stayton, Or., May 4.—The organization of Stayton's new cannery is progressing rapidly. The name will be Stayton Canning Company, Inc., with a capital stock of \$20,000. Ten thousand of this will be preferred and \$10,000 common stock. All but \$2500 of the preferred stock has been subscribed.

The directors are George A. Smith, John Dozier, Henry Fangman, J. R. Hoke, Joseph Satak, George Keech and Joseph Walz.

At an enthusiastic meeting held Tuesday evening it was announced that the company expected to purchase two acres of land from George Spanial near his mill in the west part of town. A substantial building 40x80 will be built at once.

J. R. Hoke, an experienced cannery man, will have charge of the plant which they hope to have in operation by June 1. About seventy acres of berries have been recorded as well as an unlimited supply of evergreen berries.

OFFICER KILLS BANDIT WHO REFUSES TO HALT

Los Angeles, Cal., May 4.—An unidentified alleged holdup man was shot and killed by Patrolman E. H. Hileman, while the latter was walking his beat on Figueroa street here early Wednesday, according to his report to police headquarters. Another man, who gave the name of Phil Reardon, said to have been an accomplice of the slain man, was taken into custody.

Hileman said he encountered the men as they fled down Figueroa street pursued by two other men, one of whom shouted to the officer that the fleeing duo had "held him up." Refusing to halt at his command, Hileman said he fired, killing one of the men. Reardon then surrendered.

RUPTURE EXPERTS IN SALEM Demonstrate the Famous Rice Method Free to Callers at Hotel

If you are ruptured, your big opportunity has now arrived. If you would like to be free from the slavery of pouging, pinching, chafing trusses that make life a burden, then HERE and NOW is the time to act.

Mr. and Mrs. F. E. Williams, experts in rupture cases, trained under the personal direction of W. S. Rice, of Adams, N. Y., the famous discoverer of the Rice Non-Surgical Rupture Method, will be at the Marion Hotel, Salem, Ore., May 5th and 6th.

Mr. and Mrs. Williams are here to personally demonstrate to all ruptured people what the Rice Rupture Method can accomplish. You have, no doubt, heard and read much about this famous Method and the cures which thousands have reported from it. Now, you have the chance to find out all about it—to have it demonstrated to you and to see what it can do in YOUR OWN case. Just call at the hotel and these experts will give you their personal attention, best advice and complete demonstration absolutely without charge.

Are you tired of that binding, hampering, uncomfortable truss? Would you like to be free of it forever? Then investigate this Rice Method and find out the possibilities it holds out. Surely a Method that could cause so many thousands of former rupture sufferers to report cures must be worthy of your full and complete investigation.

The Rice Method is different from anything else. It is modern, up to the minute, abreast of the latest scientific developments. It is the one Method that you are not asked to take on faith alone—the one Method that is positively demonstrated to you, right on your own person, without any charge whatever. You do not spend a penny unless, after having a full and complete demonstration, you decide that this is the Method for you. And you—you alone—are the sole judge of that.

In justice to yourself, come in and see these experts. Remember, they will be here only two days then your opportunity will be gone. Grasp it NOW. It may prove to be the wisest thing you ever did and, anyway, it costs you nothing to find out.

Remember, come to the Marion hotel any day from 9 to 12 forenoon, 2 to 5 afternoon, or 7 to 9 evenings. The dates are May 5 and 6.

Don't let this opportunity get away from you.

Adams, N. Y.

Kick of Electric Lock Falls to Bar Officers

Poplar Bluff, Mo., May 4.—An electrically charged lock on a huge tool box failed to keep prohibition officers from getting a quantity of moonshine whiskey hidden inside, even if it did have an awful "kick"—almost as powerful in fact as the moonshine.

The officers found the tool-box in a garage here. After getting a jolt when they tried to open the lock they cut the wires and forced open the cover.

"A regular box of TNT inside and out," one of the officers remarked as they carted away the illicit liquor.

PERFECT ATTENDANCE IS RECORDED AT 4 SCHOOLS

Four Marion county school districts reported 100 per cent attendance during April, according to figures made public today by Mrs. Cora Reid, assistant county superintendent of schools. Four districts averaged 99 per cent, six 98 per cent and 13 made 97 per cent.

Districts No. 12, 18, 78 and 120 had perfect attendance. District No. 97 was lowest with an average of 91 per cent.

The Hood River school board has decided to erect a temporary junior high school on the site of a structure destroyed by fire last fall. The cost will be limited to \$11,000.

Wallowa county has but one contest in the primary election, that for district attorney. All other candidates are unopposed. No democrats have filed.

Does Your Food Digest? M-I-O-Na, that's the name of the best prescription ever written for indigestion or stomach distress. Guaranteed by Daniel J. Fry. (adv)

NEW SHOW AT THE BLIGH TOMORROW

William S. Hart, the foremost portrayer of western characters, will be seen in "The Silent Man," made by Thomas H. Ince at the Bligh, Friday and Saturday.

Hart's appearances as a westerner have been many and varied since he deserted the speaking stage for motion pictures, and has attained a niche in the Hall of Fame that is peculiarly his own. The actor's following is tremendous in all sections of the country, and his admirers flock to any theater showing a "Bill" Hart photodrama.

In "The Silent Man" Hart will have the role of a miner who has made a rich "strike" on the desert and has come into a small border town to record his claim. His rich ore attracts the attention of the proprietor of a gambling resort, who immediately seeks to rob the miner. This is accomplished through the connivance of a government clerk in the land office. Then follows a spirited, vigorous and uncommonly sensational fight on the part of the miner to recover possession of his claim, during which he is called upon to take the law pretty much into his own hands. There is a very delightful love story running throughout the action of the play.

"The Silent Man" is a picture that has thrills aplenty, a wealth of picturesque and novel settings, much comedy of the laughter-compelling sort, and action, action, action!

Fire season is the reason. Be careful.

PUBLIC DEBT BOOSTED \$45,000,000 IN APRIL

Washington, May 4.—An increase of \$45,584,863 in the public debt during April was announced today by the treasury. On April 30 the total debt stood at \$23,190,201,356 as compared with \$23,144,616,493 on March 31.

The increase was explained as mainly due to the sale of about \$150,000,000 in treasury certificates, as compared with maturities during the month aggregating about \$50,000,000 and other debt retirements to about \$50,000,000.

Ordinary receipts during April aggregated \$197,919,000 compared with \$296,170,000 last year, with ordinary expenditures totaling \$242,560,000 against \$494,000,000 in April last year.

PASTOR SAYS PRESIDENT NEEDS AID, NOT CRITICISM

Chicago, May 4.—President Harding needs less criticism and more cooperation to straighten out the tragic situation now confronting him, his pastor, the Rev. Dr. William S. Abernathy of Calvary Baptist church, Washington, D. C., told the laymen's missionary conference here today.

Declaring that President Harding "inherited a situation more delicate, more complicated, more troublesome than has confronted any president since Lincoln," Dr. Abernathy said it was his firm belief that he is going to straighten out the tangle.

"Treaties, laws, the scrapping of warships, international conferences—all these are good," he asserted, "but they will not save the situation. Religion will. A passionate church will."

PICTURE TAKEN IN EXCLUSIVE BEACH

Coronado Beach, the magnificent resort out in California that is just around the corner, figuratively, from Mexico's Lower California, enjoyed the novelty of having a company of motion picture actors at work in its fashionable midst. It was here that Viola Dana and her company took the exterior scenes in her latest starring picture for Metro, "The Match Breaker," a Dallas M. Fitzgerald production, showing at the Liberty theater today.

In addition to the director and star, thirty members of the company worked on the picture and enjoyed sun baths on the beach. The supporting cast includes Jack Perrin, Edward Jobson, Julia Cal-

Gas Around Your Heart?

Don't delay! Go right over to the nearest drug store and get a package of the genuine Baalmann's Gas Tablets. Take them as directed and feel the immediate beneficial results.

Not only will you be surprised, but you will feel grateful for the remarkable relief given. You will sleep better—you will breathe easier—your nervousness will disappear—and, best of all, your excitable heart will be calmed in a safe, natural way.

Ask for Baalmann's Gas Tablets in the yellow package. For sale by Dan'l J. Fry, J. Baalmann, Chemist, San Francisco. (adv)

houn, Wedgewood Nowell, Kate Toneray, Lenore Lynard, Fred Kelsey and Arthur Millette.

"The Match Breaker" has nothing whatever to do with lucifers despite its title. It pertains exclusively and solely to an industrious character of the feminine sex whose deliberate function in life is the antithesis of a match maker. The roll gives winsome, jolly Viola the chance she needs to display her over-brimming personality.

Mr. Fitzgerald has directed some of the little Metro star's most successful pictures; he was selected to head a unit bearing his name—the fourth producing body organized under the new Metro system—because of his achievements in connection with Illus-

Dana's starring pictures "The Office Girl," "Cinderella's Twin" and "Life's Darn Funny." The story of "The Match Breaker" is by Meta White, and was adapted to the screen by Arthur

J. Zellner. John Arnold photographed the picture and A. Mantz designed the art settings.

Think twice—act thrice before leaving your fire. A bad sprain heals slowly not treated with a remedy that has the power to penetrate the flesh. Ballard's Snow Liniment especially adapted for such ailments. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Dan'l Fry.

Deering—Harvesting Machinery—McCormick Buy Farm Implements of Standard Manufacture

The International Harvester Company is the largest manufacturer of farm machinery in the world today. In the purchase of its line of goods, which includes practically every implement needed on the farm, the purchaser is getting the best that can be made from years of experience in manufacturing, proper service, and the protection of always being able to procure repairs at some convenient point, when needed. These facts are of vital importance, for where does the buyer profit if in the purchase of cheaper goods he does not get that which will give the service to which he is entitled, or is unable to get repairs conveniently when needed, and in many cases he finds that the cheap goods are no longer being manufactured or the factory is not represented with repair stocks in the territory.

SKAGGS

Money saving **SKAGGS** Cash stores
UNITED STORES

CASH vs. CREDIT A True Story

Not very long ago it was the popular opinion of consumers, that a CASH STORE was a store whose owner sold for CASH because he had lost faith in mankind, and believed them dishonest and unworthy of an extension of credit for merchandise.

However, times have changed, and with the event of the Chain Store Method, of selling for cash, and the necessity for thrift and saving taught by the Great War, hundreds of thousands have changed their opinion and benefitted thereby.

Sooner or Later—Cash plays an important part in every transaction. A whole sermon could be written on this subject, but an actual experience of a Lady in Salem, will serve to illustrate our meaning of "What You Save by Cash Buying":

On April 25th this Lady who was patronizing credit stores (only from the force of habit) decided to try CASH buying. She selected SKAGGS STORE and purchased \$16.57 worth of groceries, the following day after a careful comparison of prices she voluntarily advised one of our salesmen that she saved \$3.10. Now, while we do not pretend to say that you will save \$3.10 on every \$16.57 worth purchased at SKAGGS, we do know that you will effect a Worth While Saving.

You have at your service—The Largest Retail Grocery Organization in the Pacific Northwest.
