

FIRE DESTROYS APARTMENT AND BOMBS SOUGHT

Chicago, May 17.—Police today searched for unexploded bombs believed to have been placed in a \$500,000 apartment building in North Chicago, which last night was damaged by fire, started, police say, by terrorists in connection with the so-called Chicago labor war. Another development on which authorities worked today was the confession, said by police to have been obtained yesterday from Mrs. Margaret Miller, wife of John Miller, under arrest as the alleged driver of the "death car" from which shots were fired killing two policemen early Wednesday in the labor feud.

Police connect the firing of the building with labor disorders thru a man who warned two women in an adjoining building. "To hell with the Landis award," he shouted as he attempted to kick one of the women. He is being sought by the police.

The building damaged by fire with an estimated loss of \$250,000 was being erected under the Landis wage award, a decision handed down by J. M. Landis, former federal judge, acting as arbiter, which was intended to settle labor disputes between contractors and members of the Chicago building trades council. The structure was owned by a contractor who denied receiving threats. The 100 workmen on the building are divided into two classes, steamfitters and masons, working under the Landis award and carpenters and plumbers working under the old union scale.

That the fire was incendiary has been proven beyond doubt, police say. All fire fighting apparatus in North Chicago was called out and the stations filled with other engines, in expectation that more fires would be kindled in accordance with a threat police are said to have received in which it was stated unless all labor men in custody were released by last Saturday, fires would be started all over the city.

The questioning of Mrs. Miller said, brought a confession from her in which the names of other occupants of the "death car" were given and it is substantiated by a previous confession said to have been obtained from her husband. Police said Mrs. Miller admitted caring for the occupants of the bandits' car who were supposed to have been wounded by the police.

J. BERTRAM SIMON, well-known photographer, of Tacoma, Wash., who says that since taking Tanlac with such good results he now knows why everybody is praising this wonderful medicine.

"When they told me about Tanlac it seemed almost too good to be true, but since taking the medicine I know for myself that all they said about it was so," said J. Bertram Simon, 1031 E. 46th St., Tacoma, Wash., a well known photographer.

"I suffered from rheumatism in my shoulders for ten years and at one time had to go to the hospital. I was down in bed for months and hardly able to turn from side to side. I couldn't sleep and I don't believe I had a day free from pain. My appetite failed and I couldn't digest a thing properly. Gas made me have heartburn for hours after meals.

"In a very short time after I started taking Tanlac I actually felt like a new man. I am now entirely rid of rheumatism and my stomach is in first class condition, while I have gained ten pounds and never felt better. I have recommended Tanlac to a number of people and I am always glad to say a good word for this remarkable medicine."

Tanlac is sold by all good druggists. (adv)

LEAGUE TO ACT UPON PALESTINE

Geneva, May 17.—(By Associated Press).—The council of the league of nations decided today to hold a special meeting not later than July 15 to consider the question of approving the British mandate for Palestine. The decision was taken on request of the earl of Balfour of England.

Lord Balfour told the council that Great Britain was greatly disappointed that the present session had failed to register consent to the terms of the mandate upon

which the allied powers had long ago agreed. It had been the opposition of the French and Italian representatives which has blocked the measure, while the vatican expressed fears that religious interests in the holy land would not be properly safeguarded under the terms previously laid down, he said.

The AUTOMATIC REFRIGERATOR

Undergoes Unique Test in Window of the H. L. STIFF Furniture Store

Tuesday morning, in the presence of newspaper men a refrigerator was sealed containing a great variety of foods, effort being made to select that which would be apt to spoil in a few hours were they not in a refrigerator.

For 102 Hours—Tuesday Morning until Saturday Night
These Articles Will Remain Untouched—The Original Ice Will Not Be Replaced

What Will Be the Result?

BE AT OUR STORE SATURDAY, 6 p. m.

The Milk, Butter, Chocolates, sliced Oranges, Limburger Cheese, sliced Onions, Green Onions, Lettuce, Salt Herring, Steak, Cigars, Cigarettes and Matches that were sealed in this Automatic Refrigerator Tuesday morning will be free from taint or intermingling odors of each other.

HOW DO WE KNOW?

We did the same thing last year, people were surprised when they tasted the milk and found it sweet and cold, the butter was solid and there was no evidence of limburger cheese being in the same compartment altho, it was really there.

FREE ICE

We have made arrangements with the Salem Ice Company to supply every AUTOMATIC Refrigerator sold during this special showing with ice absolutely free of charge, for one week. As it is not likely this generous offer will be repeated we would advise getting your refrigerator during this week.

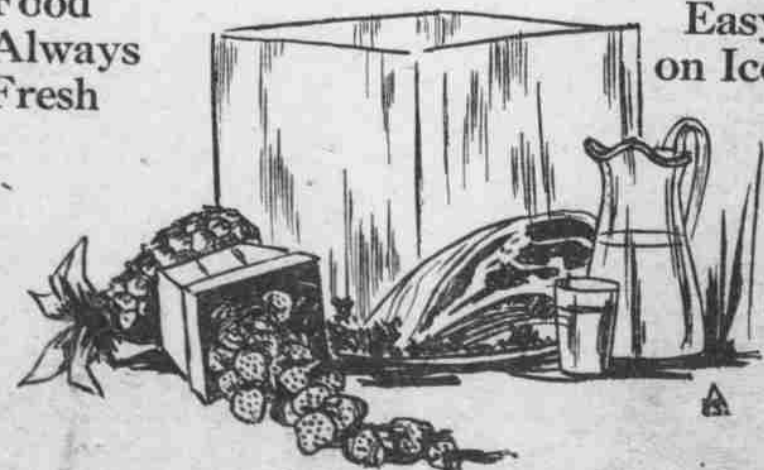

ORDER EARLY

At the end of the test last year people made a run on us for refrigerators and we could not supply the demand as rapidly as we would have liked to but by taking advantage of our experience we have stocked a larger number of refrigerators this year and will be able to care for all who desire the very best at the cost of the ordinary, but we ask that you order early so as to distribute our deliveries more evenly.
