

8 PROFESSIONAL DRIVERS TO RACE HERE NEXT WEEK

At least eight of the fastest cars in Portland and Salem, as well as from other points in the northwest, in the hands of the most experienced professional race drivers of this section, will participate in the free for all professional race at the state fair grounds here next Saturday afternoon, June 3, judging from the partial list of entries announced yesterday by the Oregon Auto Racing association of Portland, which is in charge of the big event. The professional free for all, a 15 mile race with a substantial list of cash prizes for the winners, will be the main event at the Salem races, although two other professional races, three stock car races and a motorcycle race will spread the excitement and interest throughout the entire afternoon.

The list of professional entries announced to date, and which will undoubtedly be swelled by the addition of several others before the race occurs, is as follows: Gus Duray, Portland, Mercer special. Lee Eyerly, Salem, Dodge special. L. E. Caul, Baker, Hudson special. Major Andre, Salem, Essex special. Larry Hofer, Salem, Hofer special. Dan Voss, Portland, Mercer special. A. B. Hogg, Portland, Stutz special. Jack Ross, Seattle, Stutz special.

The entries of L. E. Caul of Baker and Jack Ross of Seattle are the latest to arrive and indicate the interest which the June 3 event, the first racing program to be held in Oregon for several years under the sanction of the American Automobile association, which is being aroused outside the Portland and Salem sections. The Baker entry is made by the Baker County Automobile Dealers' association, the body which sponsors the annual auto racing program at Baker each July 3 and 4. This event is the acknowledged race feature of the eastern part of the state each year and the Hudson car belonging to the dealers and to be driven by Caul has a record of a number of victories in that section. Jack Ross the Seattle entrant, will have as his mount the old Stutz special which Earl Cooper, famous professional driver, drove to victory on the country's fastest dirt tracks a number of years ago. The motor now exceeds the new limit of 183 cubic inches displacement now imposed on all cars in the board track events, and is thus relegated to the dirt tracks.

REAL LOVE TRIUMPHS

Audiences at the Liberty theater next Tuesday, Wednesday and Thursday will learn with satisfaction just what constitutes "Her Husband's Trademark." Gloria Swanson's latest Paramount vehicle, which will be the feature at that theater for three days. In this case, the husband's trademark is a gorgeously dressed wife. The husband is not wealthy, but hopes to attain wealth by making a show of wealth. The plot thickens when a friend of husband and wife, returns after gaining both wealth and greatness, falls in love with the wife, and the husband, to promote his selfish financial aims, rather encourages the romance. The outgrowth of this situation is a powerful climax, showing the disillusionment and after a thrilling encounter with bandits in old Mexico, the scene of the friend's oil lands, the death of the cowardly husband and the triumph of righteous love. Stuart Holmes plays the husband with all his old-time finesse, as a suave villain, Richard Wayne portrays the friend and the other roles are in the hands of Lucien Littlefield, Clarence Burton and Charles Ogle.

STEINBRING TO AID PROBE

(Continued from Page One.) ing organized is completed he "would have under his direction one of the most notable law firms ever created in the United States composed of the best legal talent obtainable." The plan of organization, Mr. Daugherty said, contemplates division of the work under five special assistants having in charge all cases in the respective fields of aviation, camps and cantonments, foreign expenditures, quartermaster corps and ordnance, following the same division under which the Graham committee of the house conducted its investigation.

Work Starts Monday.
It was said the separate war contract division of the department of justice under which the fraud cases will be pressed to conclusion probably would be ready to begin functioning by Monday. Although the personnel has not yet been completed the attorney general said he had in mind "quite definitely the names of all principal assistants and many of the other assistants who will help these in the preparations of the government's cases." "Each of the five lawyers in direct charge," Mr. Daugherty said, "will also have an assistant of special ability and fitness for this work and in addition such other assistance as is deemed necessary, including attorneys, investigators and accountants."

All Work Together.
While each of the five lawyers mentioned will have charge of a particular part of the work as stated, it is proposed that the entire force of lawyers shall cooperate and work together as a body. To this end general conferences will be held from time to time so that the opinions of the entire force can be secured upon doubtful and difficult questions as they arise.

"A point of contact on the war fraud causes will be established between the department and justice and senators and members of the representatives and such other persons as may have facts to bring to the attention of this division so that all complaints and all cases where fraud is alleged to have been perpetrated or in which the government is entitled to recovery will be given consideration."

To Prosecute All Cases.
It is the purpose of the government that these war fraud cases be cleaned up as speedily as possible consistent with the interests of the government in justice to the parties concerned. "Though always having in mind the necessity of protecting the innocent as well as punishing the guilty, action will be taken by the government in all cases, where upon the evidence there appears to be reasonable grounds for conviction in criminal cases or recovery of money in civil cases."

DAUGHERTY NOT DENYING PART IN TRIAL OF MORSE

Washington, May 27.—Attorney General Daugherty in a letter to Senator Watson, republican of Indiana, read Friday in the senate at the latter's request, denies that he told the Indiana senator that he had no connection with the procuring of a pardon of Charles W. Morse, as stated by Senator Watson in the senate on May 2, when Senator Caraway, democrat of Arkansas, opened his attack on the attorney general.
Mr. Daugherty said Senator Watson evidently had misunderstood what had been said. He wrote that he remembered the general discussion of the Morse case with the senator, and added: "I certainly did not say to you that I had no connection with the Morse case."
The attorney general stated that he had no "disposition to deny" his connection with the case, and added that he received about \$4000 from Thomas B. Felder, in connection with it, but that this sum was sufficient to pay only about half of the expenses.
