

SWEEPSTAKES TO BE PHYSICAL TEST OF DRIVERS

By Barney Oldfield

Indianapolis, May 29.—If there is any seeming inactivity of drivers and cars at the Indianapolis Motor Speedway, where all is preparation for the 500-mile International Sweepstakes to be held Tuesday, May 30, it is a good omen for those who will be in attendance at the race Decoration Day.

For there is a more serious attitude around the speedway gas, olime alley this year than I have ever before seen. This is undoubtedly occasioned by the fact that the majority of the cars are on an even footing so far as speed is concerned, and it is up to the drivers to be in perfect physical condition for the long grind, for the driver will be the margin of victory this year more than ever before.

Always there have been gatherings of the drivers in the evenings after dinner. Former races would be rerun in words and coming events would be lashed and argued. But this year the drivers are not congregating and they are all in their rooms and in bed in the early evening hours.

Pilot Working Diligently

At the track there is a serious helpers are diligently working on strain. All of the pilots and their their mounts and there is little running being done on the track. The reason for this is evident. It is the third year that the 183 cubic inches piston displacement cars have been in vogue and the "bugs" have been worked out of them. The drivers know their cars and they started the day they arrived here to tear down the motors, give the entire car a complete overhauling and start setting up for the big event.

It looks like a mighty fast race from the pit wall today. Probably the fastest we have ever seen. There is the keenest sort of rivalry and determination being exhibited at the various garages and with all the drivers either owning their own cars or having them under lease it will be a "lone wolf" event with little or no teaming.

The California cars are reported to be unusually fast. The other drivers are holding out on their speed, but they cut loose on the straightaways and under watches they all look to have speed enough to make the race a most interesting affair.

SALEM PLAYS ARLETA TEAM HERE TUESDAY

Baseball fans lucky enough to get a holiday tomorrow, Decoration day, will witness the Senators do battle with the Portland Arleta Amateur Athletic club at Oxford park.

Arleta has always sustained defeat at the hands of the Senators, but comes tomorrow with an exceptionally strong lineup and expects to take victory back to the Rose city.

Hobson, Salem's new second baseman, proved a base running wonder yesterday in the game with St. Paul when he beat out two slow grounders to the infield. Lund will probably play the mound tomorrow, for Biddy Bishop had a hard battle yesterday.

SITUATION IN CHINA UNCERTAIN

Tien Tsin, May 29.—(By Associated Press.)—News from the field of military operations around Shanhaikuan, northeast of this city, is of a most conflicting character. One report is that Chang Tsia Lin, the Manchurian general, who recently issued a declaration of independence, is evacuating his troops from Shanhaikuan while another is to the effect that he has re-occupied Changli, 40 miles further southwest.

General Wu Pei Fu's army of 30,000 soldiers, victorious in their recent campaign near Peking, have reached Lwanchow, requisitioning cars on the Mukden railway for a general advance to the north. The families of the rail way staff at Shanhaikuan are being brought to Tien Tsin by steamer.

The British gunboat Bluebell is at Chinwangtao, a few miles south west of Shanhaikuan ready to land bluejackets, while the cruiser Curlew is off Pettaiho. The U. S. S. Albany remains at Chinwangtao. The continued interruption of Mukden railway is causing increased discontent.

The fact that the Manchurian forces were defeated in the Peking campaign is not generally known and the Chinese press is spreading reports that Wu Pei Fu and General Wang Cheng-Pin have been killed.

SENATORS WIN BATTLE WITH ST. PAUL TEAM

With his single-to center "Biddy" Bishop won his own baseball game yesterday played against St. Paul at Oxford park and which ended by a score of 10 to 9 in favor of the Salem Senators.

St. Paul owes its defeat to poor generalship on the part of Coleman, who in the ninth inning with the score nine to eight in the visitors' favor and two men on bases, yanked out young Ed Pillette replacing him with Carson, who let in one score with his wild first pitch.

The visitors started scoring in the first inning on a flock of errors made by the Senators who didn't seem to be able to get into the game until it was half over. Gill started things in the fourth inning with a single, Bishop doubled, while McKenna was responsible for their scoring by his single. In the fifth Hayes set the pace with a single and was followed by doubles of Duffy and Adolph, the first sacker scoring on a long fly of Bishop's.

From the fifth inning on it was anybody's game. Hobson got two hits by fast foot work from the plate to the first sack, and Adolph knocked his first home run this season.

"Ted" Pillette, St. Paul's youthful pitcher, showed considerable leadwork in his game, and the defeat of his team should not be laid to him. His team mates gave his wonderful support. Connor of St. Paul, a pinch hitter, showed good form yesterday by knocking the ball over the fence.

DARING FEATS ARE SHOWN IN PICTURE

The entire story of "The Sheik's Wife," which will be shown at the Oregon theater Tuesday, Wednesday and Thursday is told with true artistic feeling. There is no villain, in the hackneyed sense of the word. The psychology of the sheik who loves his wife with an ancient ferocity and who tries to dominate her in true Oriental fashion, is sympathetically set forth. The character of the romantic and high-spirited girl is also skillfully etched.

Many of the scenes are spectacular in the extreme. The dashing maneuvering of the native cavalry is most colorful. There are interesting scenes in the luxurious interiors of the tent harems, views showing the Arab administration of justice and the heroine's rendezvous amid the ruins of an ancient temple. The fight between the Spanis and the tribesmen reflect incomparable action and beauty.

"The Sheik's Wife" has already scored an immense success on the continent. In France it was acclaimed as a truly great picture, and in England it is now commanding wide attention. It is predicted that its success in the United States will be unparalleled.

Victoria, B. C., May 29.—A concerted move against rigid enforcement of the Lord's day act developed yesterday when forty storekeepers kept open house and hung out "business as usual" signs.

MRS. FRANK WILKIE, of Syracuse, N. Y., formerly matron at the State Reformatory at Industry, N. Y., who says she is delighted with Tanlac since it restored her health after she suffered eight years.

"This is the first time in eight years that I have been free from stomach trouble and it is all because of the wonderful good Tanlac has done me," said Mrs. Frank Wilkie, 229 Cedar St., Syracuse, Mrs. Wilkie formerly resided in Buffalo and for two years was matron of the State Reformatory at Industry, N. Y.

"I was eating scarcely enough to keep alive," she declared, "for I would rather not touch a bite than suffer the misery I knew would follow. Even sweet milk disagreed with me. I was sick in bed for two and three days at a time, and gas on my stomach made such awful pressure on my heart it almost cut off my breath. I had horrible dreams at night and in the morning was all tired out."

"Well, the longest day I live I will praise Tanlac, for my improvement has been simply remarkable. I have no more heartburn, my appetite is wonderful, I can eat most anything I want, and my sleep is sound and restful. I am thoroughly delighted with Tanlac. It is wonderful."

Tanlac is sold by all good druggists. (adv)

Washington, May 29.—The purchasing power of farm crops for April was unchanged as compared with March, while the prices of crops and livestock at the farm improved slightly from March 15 to April 15, the department of agriculture announced today. The unchanged condition was attributed to a corresponding increase in the wholesale price of all commodities, excluding farm products and food.

The index number representing the farm price of crops from March 15 to April 15 was 115, as compared with 112 for the preceding month, and with a low of 97 in December. The farm price of livestock was 115 as compared with 117 the preceding month and with a low of 91 in December. The index number for crops and livestock combined was 113 as compared with 114 the preceding month and with a low of 94 in December. The purchasing power of these products, as related to wholesale price of all commodities, excluding farm products and food, was 67 April 15 as compared with 67 March 15 and with the highest point since the beginning of 1921.

WE REMEMBER

Strong is the Nation that pauses in its material tasks to turn its thoughts to the lofty and the spiritual.

Our heroes of the Wars died for an ideal; and that ideal must burn in all our minds, find entrance to all our hearts.

Our Tribute of recollection spreads to days across the seas; on the fields of France garlands are strewn upon the graves of our heroic dead.

In our own land, on tombs sacred to the names of liberty and union, the blossoms of a grateful people are spread in proof that we remember.

It is for us to hold true—particularly so in these times—to the same spirit which animated the boys of '76, of '61, of '98 and '17.

Sane and Otherwise

Ten years ago bond investment was largely confined to the wealthy. So too, it was the capitalist class who bought stock in growing concerns.

Today, people of the middle class see the great advantage of wise investment, and are laying aside funds for that purpose. But the wisest of them consult with their bankers before putting their money into anything.

The officers of this bank will be glad to give you their opinion of any investment, local or otherwise.
