## TURNER HIGH SCHOOL CIRCUS BIG SUCCESS

Turner, May 30.—The Turner high school gave a very successful circus last Friday night, netting about \$50. First a very interesting program was given and at the close of this the people were given an opportunity to see the different sideshows, which all proved to be laugh makers. The high school Rubber Band consisting of two clowns, a wild west man and two negroes deserve much credit for advertising the affair so widely and also for rendering such excellent music during the evening. After hearing the program, seeing the sideshows, and eating peanuts and candy to their heart's content, everyone left feeling that their money had been well spent.

## DALLAS CHAUTAUQU WILL OPEN JUNE 28

Dallas, Or., May 30.—The "big top" of the Dallas chautauqua will be spread by June 28 and at that time will start the seven-day circuit for Dallas and Polk county, the entertainments promising to be bigger and better than ever before. Following the usual custom, the tent will be stretched on the court house lawn, which for the purpose is the best location in the city.

The chautauqua for this year is attracting a great deal of attention in every part of the county and a much larger crowd than usual is looked for by the guarantors of the entertainments. A meeting of these guarantors is to be held in the Commercial club rooms on Thursday evening, June 1, at which time officers for the year will be elected, arrangements made for the sale of tickets and other important matters given attention.

The entire program for the seven days will be high class in every respect and the talent is the best that can be secured. Ople Reed is to lecture. This is probably the stellar attraction and alone is well worth the price of a season ticket.

The program for the week is as follows:

## CITY BEAUTIFUL PLEA WINS AT MONMOUTH

Monmouth, Or., May 30.—Suggestions for beautifying the city, made by President Landers at a commercial club banquet several months ago, have borne fruit to a surprising degree and the general appearance of the city has already gone a change by reason of the improvements that have been made. Persons in all parts of the city are taking a new pride in having sightly buildings, neat yards and trim lawns and those not so inspired by a vision of a city beautiful will be compelled to fall in line on account of the contrast which their premises will present.

Care has been taken for several years to make the normal campus attractive, and particular attention has been given to beautifying the grounds this spring. The ground around the annex to the dormitory has been enriched and planted to shrubs and flowers. A high lattice fence has been constructed to the rear which cut off from view the unsightly part of the premises. The senior class at a recent meeting decided to assist in beautifying this portion of the campus by erecting a pergola in front of the laundry. This and the bird bath will be presented to the school at the class day exercises at commencement time.
