

EXECUTIVES OF SIX UNIONS TO CANVASS VOTES

Cincinnati, Ohio, June 10—(By Associated Press.)—The executive committees of the six railway shop crafts unions in each of the country's three divisions will convene in Chicago on June 24, preparatory to canvassing the shopmen's strike vote, which is returnable June 25, it was announced by H. M. Jewell, head of the federated shop crafts, here today.

A triple-barrelled strike ballot on which the 400,000 shopmen of the country will cast their votes, is now in the mails. The questions include that of accepting or rejecting the \$60,000,000 pay cut ordered by the railroad labor board to go into effect July 1. The ballots, originally made returnable June 30, were shoved up five days so that the membership "could be advised of the result" before July 1.

Union leaders declare that means a walkout on the first of the month if the strike vote is "yes."

Telegraphers Not Next.
Chicago, June 10—Railway telegraphers will not be included in the third wage reduction order of the railroad labor board, according to rumors today of the new contemplated slash from railroad pay rolls.

The telegraphers number approximately 81,000. So many special conditions on various lines have to be considered that deliberation of an order affecting the telegraphers would necessarily consume weeks, it was said.

Chief among the groups are 220,000 clerks, 22,000 men in the signal departments and 80,000 freight handlers and trackers.

Although board members made no direct statement regarding the next cut, rumors were persistent in predicting a smaller reduction for the clerical force than those affecting the shopmen because the clerks did not receive increases proportionately as other forces when the wage scale was going up.

SLAYER OF MINER PAYS WITH LIFE

Salt Lake City, Utah, June 10—Nick Oblizalo was executed at the Utah state prison yesterday for the murder of Marco Laus, a miner, who was stabbed to death and robbed of \$1200 in a lonely spot on the outskirts of the city August 2, 1919. Oblizalo appealed to Governor Maybey of Utah yesterday for a reprieve but the state executive after conferring with members of the state board of pardons refused to intercede. The board had previously declined to commute the death sentence.

Steve Maslich, who perpetrated the murder with Oblizalo, was executed at the prison January 20. Both men chose manner of execution by shooting instead of hanging.

Flappers "Jolly Lot" To Clergyman

Bobbed hair, short skirts and knickerbockers are not so bad; they are not signs of sin, but a declaration of independence," said Rev. Almer Pennwell, pastor of the Covenant Church of Evansville, Ill. "The girls are arriving. They are a jolly lot and will give us the finest generation of women the world has ever known."
