LARGE TONNAGE OF CHERRIES TO BE SENT SOUTH

Four hundred tons of cherries will be shipped to California this season for glace fruit purposes, according to A. E. Raas, representative of the Lyons Glace Fruit company of San Francisco, who has been in the city for the last three weeks making heavy purchases at top prices.

Barrelling the cherries will commence Friday and will continue without interruption until the full allotment is obtained, according to Mr. Raas, who said that he was using the Mason-Ehrman warehouse, located on South High street, near the Southern Pacific tracks for his operations.

The company has already contracted for a large tonnage of prunes, but will not handle loganberries this year.

WOMEN URGE UNIFORM LAWS FOR MARRIAGE

Chautauqua, N. Y., June 21.—An amendment to the federal constitution for a uniform marriage and divorce law will be considered at the biennial convention of the general federation of women's clubs, which opens here tonight. The tentative draft of the amendment proposes four causes for divorce, physical or mental cruelty, proven infidelity, desertion, for one year or more, or habitual drunkenness.

It would prohibit marriage of girls under 14 and boys under 15 years of age and would require the written consent of the parents for the marriage of a girl between 16 and 18 years and a boy between 18 and 21. Medical certificates prior to marriage, the publication of bans and the vesting of the custody of children in the mother, are other features of the proposed amendment.

DAUGHERTY INVITES MERGER COMPLAINTS

Washington, June 21.—Attorney General Daugherty without other comment today made public the following statement:

"In regard to the great steel merger cases now pending it was announced today that the department of justice will be glad to hear from any dependable person who has any legitimate argument to offer against the merger."

Government Defeated.

London, June 21.—(By Associated Press)—The government was defeated in the house of lords today when Lord Easington's motion condemning the Palestine mandate was adopted by a vote of 69 to 29 although the earl of Balfour, acting foreign minister, made a strong speech defending the government policy and the mandate.

What's New on the Market

By REX STEWART

Reduction in the wholesale price per crate on hot house tomatoes, with a generous supply has brought a decrease on the retail price which is now 25 cents a pound. This is considerably lower than two weeks ago and further reductions are expected as the season advances.

The end of the gooseberry season is at hand. There are but few on the market. The best are selling for 10 cents a pound while the smaller ones can be obtained for two cents less.

A carload of watermelons and cantaloupe will be in the first of next week. Prices are expected to be considerably reduced with their arrival.

The cabbage on the market selling at seven cents a pound is in fair condition.

FLOOD WATERS BREAK IRRIGATION LEVEE

Brownsville, Texas, June 21.—Four hundred feet of levee protecting a section of the San Benito irrigation district, about 24 miles up the river from Brownsville, gave way before flood waters of the Rio Grande this morning, causing the first inundation of lowlands in Cameron county. A large force of workmen, rushed to the scene, began work building up levee protecting the little town of Los Indios, which is threatened by the break.

Ex-Premier Dead

Rome, June 21.—(By Associated Press)—Take Joneacu, former premier of Roumania and one of the best known of Rumanian statesmen, died here today after an illness of several months. Death was due to angina pectoris.

Funeral services for Thomas Bowen, eight-year-old son of Mr. and Mrs. John Bowen who was accidentally shot while playing with a revolver Sunday, were held this morning from the Rigdon undertaking parlors at 10 o'clock.

MT. ANGEL GIRL TAKES POISON; ACCUSES YOUTH

Portland, Or., June 21.—Marie Zollner, comely lass of 18 years, was taken to St. Vincent's hospital, the result of poison taken Monday night in a downtown rooming house with suicidal intent.

The motive was disclosed in a note left for a Milwaukee, Or., young man. Its contents were: "I am taking this way out of my trouble rather than bring our baby into the world nameless. I do hope that you'll be satisfied in having driven me to suicide. If it were only me I could stand the disgrace, but my innocent baby would not have a chance in the world."

"So goodbye, and forgive me if this causes you any trouble. Your broken-hearted 'MARIE'."

Lieutenant Thatcher of inspectors preserved the foregoing note, together with the poison and some tiny baby clothes, for future reference. Until a week ago she was employed as a domestic in the home of C. C. Bechtel, 115 Laurelhurst avenue, an official in the National Hospital association. She had worked for him about six months. Mr. Bechtel gave the unfortunate girl a good character.

Mr. and Mrs. O. Over Zollner, her parents, live in Mount Angel. The family came to Oregon from Olympia.

She was said to be in a precarious condition last night. From the nature of the poison, of which she swallowed a great amount, physicians will be unable to say for four or five days whether or not she will recover.

All data on the case will be turned over to the woman's protective division today.

WEST WINS SUIT TO COLLECT FEES

Eugene, Or., June 21.—Oswald West, ex-governor of Oregon, won his case against Coos county late Tuesday afternoon when a jury in the circuit court returned a verdict in his favor for the full amount sued for, alleged to be due as a fee for lobbying at Washington, D. C., in favor of the bill refunding to Coos county \$490,000 tax money on the southern Oregon land grant in 1919. The amount sued for by Mr. West was \$19,681.

Mr. West declared that he had an oral contract with County Judge Watson of Coos county providing that he should go to Washington and lobby for this bill and that the agreement was ratified by the county court. The evidence at the trial showed that there was an agreement between him and the Coos and Douglas county courts fixing his compensation at 4 per cent of the taxes refunded to each. Judge Watson and Commissioner Phillips of the Coos county court afterward were recalled because of their participation of this agreement with Mr. West.

The jury returned its verdict in a very short time after it retired this afternoon to deliberate. Attorneys for Coos county said that the case would be appealed to the supreme court. The trial was heard before Judge H. H. Belt of Dallas.

What makes a tire go bad when it looks as sound as new?

A COUNTRY road! No garage or repair shop within call! A time perhaps when every minute counts! A blow-out comes! And you thought the tire was as sound as new! What is it that causes such a tire to go bad? A few years ago four tire experts in the Thermoid Rubber Company decided to find out. They learned that the whole life of a tire hinges on the evenness with which the necessary strengthening materials are mixed with the pure rubber gum. If the resulting compound is filled with "lumpy" formations, the tire rapidly weakens and "blows out." If the compound is blended evenly and smoothly, the result is greatly increased wear. Knowing this, the Thermoid scientists then perfected Crolide—a rubber compound that reduces "lumpy" formations to a minimum—that eliminates premature tire troubles. Crolide Compound is today used exclusively in the manufacture of Thermoid Tires. You are invited to call and see these tires for yourself—also the famous Crolide Compound Tubes.
