## SILVERTON GIRL STRUCK BY AUTO SERIOUSLY HURT

Silverton, June 29.—Catharina Ruschelsky, the 9 year old daughter of Mr. and Mrs. M. Ruschelsky, who live in North Silverton, near the Catholic church on the Silverton-Salem road, met with an accident about 4:30 Tuesday afternoon when she was run down by an auto, almost directly in front of the home of Lester Kaufman and between the E. J. Lytle and J. E. Lytle places, as she was on her way home. The little girl was in the company of Mrs. E. J. Lytle and three playmates, walking towards Silverton at the time of the accident.

At the first sound of the claxon the little girl, who had been playing with a tarball moved from the middle of the road, where she had been walking to the right side. Suddenly without warning she darted again to the center of the pavement, directly in the path of the oncoming car, either in confusion or after the tarball with which she had been playing. According to those who witnessed the affair the car, which was being driven by S. Teglund and Wm. Graham, was proceeding at a slow rate of speed, and that the accident was entirely unavoidable.

The car passed over a part of her body. The little girl was taken immediately to the hospital where she received instant attention. An examination shows no serious bone fractures. Her face and body were badly bruised. At this time she is resting easy and is expected to recover.

## Says His Prescription Has Powerful Influence Over Rheumatism.

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated, impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

Uncle Cal Geer, 84 years of age, instead of \$2 as previously mentioned in an article, says that he helped Andy King's father plow years ago when they used oxen. The three school directors and one clerk elected at a school meeting held at McCalpin district No. 54 were as follows: F. A. Doerfler, director and chairman, to serve one year; J. B. Peterson, director, to serve two years; Fred Caspell, director, to serve three years, and Mrs. F. A. Doerfler, clerk, to serve one year.

The farmers of this district are beginning to wake up and are now holding meetings for the purpose of considering the possibility of having the wheat growers' association handle the oats raised about here. The oats here are better suited for milling purpose than oats from many other localities. The kernels are large and have a small hull. By pooling their grain, the farmers will be able to realize the larger profit than they have been receiving.

Since Floyd, Roy and Jack Fox have left home the Jacob Fox family is rather small. Roy has moved to his farm 15 miles west of Portland; Floyd has left for Canada with five breeds of sheep which he will show at fairs for nearly five weeks, and Jack is making improvements on his house. The curiosity of many of the Macreay folks is being aroused and they are wondering what Jack means by it all.

## BUILD CULVERTS ON ROAD TO SILVERTON

Silverton, Or., June 29.—Important changes are being made along the Pudding river bottom, on the Silverton-Salem road, by the county workers, who are building two large culverts to care for the water during the winter time. Each year there is extra flow of water which many times makes the road impassable and causing much damage to the road.
