

CHINESE LEADER WHO OUSTED SUN IS ASSASSINATED

Manila, P. I., June 30.—(By Associated Press.)—Chen Chung-Ming, whose recent coup d'etat drove from Canton Sun Yat Sen, president of the South China republic, has been assassinated, according to a cable dispatch received here today from Shanghai by Kunglipu, a local Chinese daily identified with the adherents of Sun Yat Sen. Reuters News Agency fails to confirm the report.

San Francisco, Cal., June 30.—Young China, a Chinese language newspaper, published here, announced Thursday, it had received from Hong Kong a report that General Chen Chung-Ming, the captor of Canton, had been shot and wounded seriously at a meeting with leaders of his own troops ten miles from Canton.

The same cable said Colonel Yeung Kwan Yae, one of General Chen's chief supporters, was shot and killed at the same meeting, which was said to have occurred at Shek-Lung.

General Chen Chung-Ming, after capturing Canton, notified the northern leaders Li Yuan-Hung, the provisional president of the Peking government and General Wu Pei-Fu, the dominant military figure of the north, that he was ready to join them in their movement to reunite China under the central government at Peking. He proposed that the provinces be given an autonomy similar to that of the state in the United States. General Wu expressed hearty accord with this principle.

Sun Holds Position.
Canton, July 30.—(By Associated Press.)—Undismayed by reports of further support for the move to unify China along lines which he has not approved, Dr. Sun Yat Sen is holding on to the presidency of the Canton government with a tenacity apparently equal to that with which he clung to the ideal of a Chinese democracy in the days before the Manchus were overthrown.

Dr. Sun has set up his headquarters at the naval college at Whampoa, near here and is firm in his declaration that when his army of invasion returns from Kiangsi province he will be able to retake Canton and re-establish the regime of which he is the head.

Fifty thousand troops are comprised in this army, according to the best available estimates, while the forces of Chen Chung-Ming, who ousted Sun from his capital, are believed to be smaller. The actual garrison of Canton is estimated at 5000 men and is commanded by Yeh Chui, who under Chen Chung-Ming, carried out the operations which resulted in Sun's departure from that city. Sun has about two thousand troops with him at Whampoa.

A railroad bridge is being built across the Deschutes above Benham falls for the extension of the logging road that will tap a new timbered area for the Shevlin-Hixon mill.

AMERICAN FLEES FROM KIDNAPERS

Mexico City, June 30.—(By Associated Press.)—Escaping from his bandit kidnapers after four days of captivity, A. Bruce Bielaski, former head of the American department of justice investigation bureau, has returned to Mexico City unharmed, but covered with dust, unshaven and showing plainly the marks of his imprisonment in the mountains of Morelos.

Jules Lacaud, head of the Mexico City banking firm which is understood to have furnished the \$10,000 for the ransom on the order of Mr. Bielaski's New York company, said he had been authorized to state that Bielaski eluded his captors before the money was paid.

Press dispatches from Tampico quote W. P. Taylor, manager of the Tampico branch of the Cortez Oil company, as confirming the capture of 40 employees at the company's Aguada camp by the bandit Gorozave, but do not state whether the ransom has been paid.

ONE-PIECE BATHING SUITS TABOO IN PERU

San Francisco, June 30.—California one-piece bathing suits may be all right on California beaches, but they are taboo in Peru.

This news was brought here by Miss Kay Miller on her return from a South American trip.

When she appeared on the Callao beach for a dip the beach guards politely, but firmly asked, if "she would mind wearing just a little more covering."

Washington, June 30.—Selection of Edwin G. Dexter, Maine, as president of the Chillicothe, Ohio, vocational for disabled soldiers was understood today to have been virtually decided upon by the veterans' bureau. He would succeed J. M. Pritchard who was said to be on the point of resigning to enter business.

San Francisco, Cal., June 30.—Complaints that the vocational training school established by the United States veterans' bureau at Camp Sherman, near Chillicothe, Ohio, is inadequately equipped, poorly administered and does not fit former service men for useful occupations were brought to the attention of the disabled American veterans of the world war here today. Three of the men at the school, Michael J. Lyon of Boston, I. L. Neal and James Lunn were given permission by Commander Robert S. Marx of the veterans' organization to present their account of wrong conditions on the floor of the convention today.

BOOZE SHORTAGE CAUSE OF "LINIMENT JAGS"

Mattoon, Ill., June 30.—"Liniment jags" are the latest in Mattoon. So many men have been arrested here lately, in intoxicated conditions, with the remains of bottles of a certain liniment in their pockets that steps are being taken to control or prohibit its sale. Labels on the bottles state the contents are 70 per cent alcohol.

American Women Are Careless

Women are too apt to overestimate their strength and overtax it. When feeling well they take unnecessary chances, which in the long run cause much pain and trouble. Wet feet, exposure to cold, lifting heavy burdens and overwork will often develop troubles which cause no end of suffering. Lydia E. Pinkham's Vegetable Compound is the unfailing remedy in such cases. Thousands of American women will testify to this fact who have regained health and strength by its use. If you are suffering, it will pay you to give it a fair trial. (adv)

MINERS FLOCK TO NEW CANADIAN "KLONDIKE"

VANCOUVER, B. C.—A gold strike having been reported at Cedar Creek, in the Caribou district, east of Vancouver, miners are flocking there, recalling the days of the Klondike.

Gold to the value of \$3,000,000 was taken out of the Cedar Creek district sixty years ago, but the vein was lost until recently. The re-discovery was made accidentally by A. E. Platt and John Lyne, who were working alone the

creek. Platt struck his shovel into a mud hole, seeing a flash of color as he drew it out. The result was Platt and Lyne took out \$4,000 in gold there.

They came here to market their dust and the news of the strike leaked out, causing the rush to Cedar Creek which is now in progress.
