

RESTORATION OF FOREIGN PROPERTY SEIZED IN RUSSIA

The Hague, June 30.—Sir Philip Lloyd Graeme of the British delegation insisted upon the consideration of definite propositions in today's discussions with the Russians here of plans for the restoration to foreigners of the property they held in Russia before the soviet took over control. It was time to quit discussing glittering generalities, he declared.

Sir Philip suggested that all property or undertakings of foreigners in Russia should be divided into two classes for the purpose of determining in what manner the Russians would restore possession to all the old owners.

In the first group he would place the industrial and commercial enterprises, such as engineering work, textile factories, public utility work, mines, timber and oil undertakings and banks distributing trades.

This class would embrace the extremely large American interests involved, including the International Harvester company's great plant near Moscow, the National City bank's branches in Petrograd and Moscow, the Westinghouse and Singer company's plants, and the Standard Oil holdings in the Caucasus.

MICE BECOME PLAGUE IN WYOMING COUNTY

EVANSTON—A "field mice plague" is being combated in the vicinity of Knight, Wyo., in Uinta county, close to the Utah line, where, it is reported, hordes of mice are creating havoc on farms and ranches. Millions of the rodents are in the region, ranchers report, and are stripping the fields in many instances, reports say, the mice are invading farm houses and destroying household furniture by gnawing at articles of wood.

Pupils in a district school recently bagged nearly 300 of the pests in a "mouse hunt."

TRUCK GARDEN ON AUTO IS LATEST IN COLORADO

COLORADO SPRINGS—With the early influx of tourists to the mountain regions, Colorado Springs residents were treated this week to the strange sight of a "traveling truck garden."

With his wife and five children occupying the tonneau, a tourist had lashed behind a touring car a trunk and tent, and on the running boards was a neatly cultivated "garden," including growing lettuce and radishes. The tourist "irrigated" his vegetables with a sprinkler as he was being held at a street crossing for traffic to pass.

HOMES OF DESTITUTE MEXICANS ARE BURNED

Denver, June 30.—One hundred and fifty destitute Mexicans were made "absolutely homeless" here when the torch was applied to their hovels, erected on the edge of the city "dump," destroying the "squatter settlement."

The Mexicans built their unsanitary shacks from articles reclaimed from the dump and even clothed and fed themselves from the refuse, police declared.

Fragments of tin, pasteboard and wood collected from the refuse piles were used to construct the shacks, which were about four feet high.

Worse things might be said of a man than that he died of joy.

Owing to an unavoidable delay for showing yesterday some wild outs will be shown TODAY

Warning!

On account of the delicate subject and scenes, men and women will not be admitted together to see this picture.

GRAND THEATRE

WALTER WARD IS SENT BACK TO JAIL.

Walter S. Ward & Deputy Sheriff Ruscoe

Walter S. Ward, millionaire New York baker and Police Commissioner of New Rochelle, N. Y., is shown, with Deputy Sheriff Ruscoe, on his way to the White Plains (N. Y.) jail, after being committed on an indictment charging first degree murder for killing Clarence Peters, former U. S. sailor, whom he accused of blackmailing him. His attorneys made a determined fight for immediate trial, but Justice Morschauser said a rich man had no privileges over a poor man, and there were poor men in jail who would receive the first trials.

AUSTRIAN WRITES FOR YANKEE CHEWING GUM

Bannock, O., June 30.—American manufacturers are overlooking an opportunity for export trade, judging from a letter received by W. P. McNary, assistant postmaster and merchant here. The letter is from an Austrian who formerly worked in Ohio mines, but who now is back in his old country.

The Austrian asked that certain brands of American chewing gum be sent him. He said he is unable to enjoy the pastime of chewing gum because the delectable commodity is unobtainable in his country.

McNary arranged to send him several boxes of his favorite slabs.

The papers are making quite a how-de-do about a deaf man who is becoming noted as a composer of music. Can we blame that man for some of our modern incantations?

"Peace Again Reigns on Water-front," says a headline. Hope it won't take as long to settle the terms of settlement as it has done following a certain other conflict.

Of the 226 rehabilitation men under the federal board 148 are taking work in the summer school at Oregon Agricultural college.

OBREGON DENIES AMERICANS ARE HELD BY BANDITS

San Francisco, June 30.—President Alvaro Obregon of Mexico, in a telegram to the San Francisco Chronicle Thursday said that news from Tampico of Americans held captive by bandits was "absolutely baseless;" he characterized the dispatches as "only one of the many malicious deeds to create unfavorable opinion between the two nations."

Released Monday Washington, June 29.—Mexican rebels who seized the Aguada camp of the Cortez Oil company in the Tampico region Sunday, holding the property and forty American employees for 15,000 pesos ransom withdrew on Monday without damage or injury to the employees, but with threats to return, Consul Shaw at Tampico has advised the state department.

The department received a later message however, which said the same rebels yesterday seized a camp of the LaCorona Oil company, a Dutch-British concern, in the same vicinity and were holding 35 employees including six Americans.

Ransom Perhaps Paid The dispatch did not indicate whether ransom had been paid in the case of the Aguada camp, which is an American owned concern. On the strength of the second message sent last night, the state department directed the embassy in Mexico City to make new demands on the Mexican government for protection of the Americans employed by the Dutch British company.

KANSAS CITY TO HAVE AUTOMOBILE SPEEDWAY

Kansas City, Mo., June 30.—A \$500,000 automobile speedway, the finest racing track between Indianapolis and the Pacific coast will attract the world's greatest auto drivers to this city before this summer has passed.

A mile-and-a-quarter board track which, it is predicted, will be the speediest in the country, will be the course around which the roaring motors will split the air at a clip of from 116 to 120 miles an hour.

Ground for the new speedway already has been broken. Contractors have been ordered to finish the track in sixty days. Opening races will be run in August.

The speedway will require 4,000,000 feet of lumber. The wide saucer turns, in order to accommodate the great speed of the cars will be banked at an angle reaching forty-five degrees.

HORSE THIEVES RETURN

Denver, June 30.—The old "horse thief of the West" must be returning. In one twenty-four-hour period in Denver last week six reports of the theft of horses were made to police headquarters. Not one automobile was reported stolen during the same period.

El Sidelo CIGAR

It is a pleasure to report that the Havana filler tobaccos and shade grown wrappers now going into El Sidelo are probably the finest in the honorable history of this famous brand. Needless to say, El Sidelo's workmanship continues topnotch in quality.

You Do Better Here For Less

How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find.

He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has no desire to trade

United States Tires are Good Tires

United States Tires

United States Rubber Company
Fifty-three Factories The Oldest and Largest Rubber Organization in the World Two hundred and thirty-five Branches

you into a larger profit for himself.

An out-in-the-open tire. The dealer sells you confidence, not price. He wants you satisfied with performance and value. The only way he knows to get your business is to deserve it.

This is the "Usco" idea.

Compared with the ten-minute thrill of the bargain appeal, the "Usco" is just plain common-sense.

No tax charged on this 30x3 1/2 "USCO"
