Salemmites Gather In Portland

A large number of Salem folk motored to Portland Saturday to participate in the annual Salem-Portland picnic, which was held in Laurelhurst park. Old-time friends met and exchanged reminiscences, the day being passed in this delightfully informal manner. The origin of the city of Salem, the establishment of Willamette University, the construction of the capitol building and the tales of hardship of the early pioneers were all revived.

The reunion and picnic had all the characteristics of the annual meeting of the Oregon pioneers, for the ex-Salemmites who gathered the last of the week were not only the sons and daughters of these pioneers, but many were pioneers themselves, who had made the trip across the continent in the old prairie schooner.

More than three hundred attended the picnic, including the following from Salem: Mrs. Geo. J. Pearce, Mrs. E. C. Small, Mrs. C. P. Bishop, Mrs. William P. Lord, Mrs. Alice H. Dodd, Mr. and Mrs. A. N. Noores, Mrs. P. H. Raymond, Mr. and Mrs. C. S. Hamilton, Mr. and Mrs. Charles Weller, Mr. and Mrs. Hal D. Patton, Mr. and Mrs. Joseph Albert, Mrs. George F. Rodgers, Miss Josephine Albert, Miss Dorothy Pearce, Miss Helen Pearce, Miss Elizabeth Lord, Ronald Frizzell, Murray Wade, P. H. D'Arcy and Mrs. T. G. Hopkins of Albany and Miss Effie Kroll of Oakland.

From the days when Jason Lee mission stood where the city of Salem is now located and the state of Oregon was then but a part of the great Oregon territory, to the present, these citizens have remained loyal to their little city. Each year the reunion of former Salem residents presents a roll call equalled only by that of the annual reunion of the Oregon pioneers.

The first white child born in Salem and former senators, representatives and governors were gathered together at the reunion. The honor of being the first white child born there goes to Maria Campbell Smith, born October 25, 1841, when Salem was Jason Lee mission. The distinction of being the second white child to be born in the capital city and the first male child belongs to George P. Holman, born February 6, 1842. These two "children," as the other Salem residents are wont to call them, were rocked in the same cradle, and in the first cradle made in Marion county. The cradle was carved by Mr. Holman's father.

The program began at 4 o'clock when Mrs. T. T. Geor, president of the association, introduced the first speaker, Helen Chamberlain, president for the past year of the Oregon State Pioneer association. Miss Chamberlain read a paper on the life of Thomas Gatch, former president of Willamette university and a familiar character to all old residents of the state. Another feature of the program which centered about Willamette university was the address by Olive E. Enright, who told tales of Willamette in the days of Lucy Lee.

Reminiscences by the former residents then took up the program, the following responding to the roll call: J. K. Gihl, George B. Holman, C. B. Moores, Maria Campbell Smith, Ralph A. Watson, Frank Hodgkins, W. G. Elliott, Jr., Judge P. H. D'Arcy, Colonel Robert A. Miller, Mrs. Gatens, Mrs. D. A. Watters, Chester Murphy, Bert E. Haney and Bertha Fisher.

A picnic dinner was served on the tables shortly after 6 o'clock and after dinner the election of officers for the coming year took place.

FROM INFANCY TO LIFE'S SUNSET TANLAC BRINGS HEALTH AND HAPPINESS

Nature's Blessings Are Open to All, and It Seems Inexcusable for Anyone to Remain a Miserable Weakling When This Great Medicine Is Restoring Vim, Vigor and Abundant Vital Energy to Hundreds All Around Them Every Day.

The foundation of health is laid during the early years of life.

From the tiny toddler with feet hesitatingly placed upon the bottom most step, to the venerable grandfather at the top of life's stairway, Tanlac is praised by all for the vim, vigor and abundant vital energy with which it blesses each step.

The earlier in life that one begins the use of Tanlac, the better equipped will that person be to cope with the vicissitudes of this existence. By preparing the digestive system of the youngest Tanlac smooths the path and insures health and strength through all the years ahead.

We cannot forget that the foundation for good health in our advanced years is laid during the early years of life. How and it is to see men and women by the thousands going through life with less than half of the vigorous health, strength and capacity for the enjoyment that is their birthright. And how much sadder it is to know that all their sufferings and lack of happiness are due to their own failure to take advantage of the blessing that nature offers to all. When

one looks upon a weak, worn out, faded, devitalized man or woman and reflects that all this may be readily and satisfactorily changed merely by the use of Tanlac, it only that poor mortal knew it, one feels like spreading the message of hope and joy that Tanlac brings in the sharpest and clearest handwriting that none may overlook!

Are YOU as strong and healthy as you should be? Have you that abundant vital energy that enables you to laugh at disease and to overcome the ever present obstacles in the path of your happiness? Does your food give up to you its rich stores of vitality, or does it pass through your digestive system without supplying you with much beyond the poisons formed through its decomposition? Take this under your serious consideration, and answer these questions for yourself.

Then, if the answers are unsatisfactory, go to any druggist and purchase a bottle of Tanlac, and you, too, may become strong and healthy with the energy and vitality to accomplish your desires, just as so many thousands of others have publicly testified were the results they obtained from taking Tanlac. Tanlac is sold by all good druggists.
