UNDER STRIKE CONDITIONS
BEST EXPLAINED BY CHAIRMAN BEN W. HOOPER OF
THE UNITED STATES RAILROAD LABOR BOARD IN HIS
STATEMENT OF JULY 1ST.
READING AS FOLLOWS:
"In this case the conflict is not
between the employer and the
oppressed employer and the
oppressed employer. The people of this country, through an
act of congress, signed by President Wilson, established a tribunal to decide such disputes
over wages and working conditions, which are submitted to it
in a proper manner. It is the
decision of this tribunal against
which the shop crafts are striking.

"Regardless of any question of the right of the men to strike the men who take the strikers places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason public sentiment and full government power will protect the men who remain in their positions and new men who may come in."

Adequate provisions have been places are merely accepting the wages and working conditions

come in."

Adequate provisions have been made for the full protection of all new employes, the same as old employes who have remained loyally at work. Applicants should apply to the office of the superintendent at Portland (Union station) or to the assistant superintendent at Roseburg.
