

TY COBB CRAWLS UP 17 POINTS ON GEORGE SISLER

Chicago, July 15.—(By Associated Press.)—Ty Cobb's challenge for the battling leadership of the American league was not a flash in the pan judging from averages compiled today which show the Detroit leader closing the gap separating him from George Sisler, the St. Louis marvel, who is leading the race with an average of .420.

Cobb is just 14 points behind Sisler, as compared with 31 a week ago. The noted Georgian's remarkable batting streak netted him twenty hits in his last nine games, as against twelve hits collected by Sisler in eight games.

This Speaker, manager of the Cleveland club, moved back into third place with an average of .364, deposing Harry Hellmann of Detroit, who dropped into fourth place with .354.

Sisler is showing his heels to the contenders with a string of 32 thefts, while Ken Williams, the home run hitter, is second in line with 26.

The see-sawing fight between Williams and Tilly Walker of the Athletics for home run hitting continues with honors even, each having knocked out 21. Ruth is down in the list with 14.

Other leading batters for 55 or more games: Miller, Philadelphia, .354; Schang, New York, .353; O'Neill, Cleveland, .349; Basler, Detroit, .347; Blue, Detroit, .342; Witt, New York, .336; McManus, St. Louis, .333.

Perhaps the most impressive stick work in the National league was the batting of Charlie Hollocher, shortstop with Chicago, who, in seven games smashed out 13 hits, which enabled him to jump from ninth to third place in the list of leading sluggers with an average of .359.

Rogers Hornsby, the St. Louis star, with his record of 24 home runs, continues to top the league in hitting with an average of .399, nine points above his mark of a week ago. Hank Gowdy of Boston is second with .372.

Max Carey of Pittsburgh is holding onto the lead in base stealing with 22, with Tierney, also of Pittsburgh, second with 16. Hornsby is third with 14.

Other leading batters for 55 or more games: Bigbee, Pittsburgh, .358; Johnston, Brooklyn, .357; Grimes, Chicago, .357; Daubert, Cincinnati, .355; Duncan, Cincinnati, .354; Carey, Pittsburgh, .345; Smith, St. Louis, .344.

NON-RESIDENTS TO PAY MORE AT STATE COLLEGES

University of Oregon, Eugene, July 15.—Tuition fees for non-resident students in the Oregon Agricultural College and the University of Oregon were raised from \$60 a year to \$105 a year, effective with the opening of the next fall term, by action of joint committee of the regents of both institutions held in Albany this week.

This action, taken as a means of reducing the burden of state taxation, puts the two Oregon institutions on a par with the Universities of Washington and California in the matter of non-resident tuition. In each of the neighboring states the differential between the charges paid by the residents and those by students from outside the state is the differential between the fee in Oregon.

Under the new system graduate students in both institutions will be exempt and ex-service men will be held for only half of the new fee. The regents' committee emphasizes that the increased fee is not retroactive; any non-resident who has entered the University or the college under the present fee of \$60 a year will be permitted to finish his course at that rate.

The deaths in the surf at Seaside are tragic reminders that man is but a puny atom in the grasp of the mighty arms of the Pacific and that the breaking swells of the ocean, though they offer a joyous form of recreation, carry also a confluence menace to the weak, the inexperienced and the venturesome.

FIRE AT TACOMA DOES \$50,000 DAMAGE, REPORT

Tacoma, Wash., July 15.—Fire early this morning consumed the buildings of the Puget Sound Manufacturing company; the Acme Pattern Works and the Quality Candy company and partially wrecked the buildings of the Electric Heating company and the Puget Sound Metal Works, close by. The loss was roughly estimated at \$50,000, partially covered by insurance. Origin of the fire, which started in the plant of the Puget Sound Manufacturing company, had not been determined this morning.

MASONS HONOR BELL AGAIN

Corvallis, Or., July 15.—A number of officers of the Masonic grand lodge last night installed Dr. J. B. N. Bell for the 40th time as grand chaplain of the grand lodge. Among those present were Grand Master George G. Brown of Salem, Past Grand Master Judge Burnett of Portland, Past Grand Masters D. P. Mason and F. J. Miller of Albany, Past Grand Master Frank S. Baile of Portland, and Past Grand Master W. J. Kerr of Corvallis and Deputy Grand Master Bruce B. Stuart of Corvallis.

LIONS CLUB WILL GET CHARTER SOON

Members of the Lions clubs from Tacoma, Everett, Spokane and Portland are to be in Salem Friday, July 28, to attend the ceremony granting the local order a charter. It is expected that over 100 visitors will be present. The chapter will bear more than 50 names as founders of the lodge here.

The program will be held in the banquet room of the Marion hotel and plans are under way whereby a high class entertainment consisting of music and literary productions will be given. The elaborate spread that is to be given, at the time will also no doubt be of interest to the Lions and their wives.

Election of officers will be held next Friday at the regular weekly luncheon at the Marion. The Lions club closely resembles in purpose the Rotary and Kiwanis clubs.

Contract has been let at Astoria for the construction of a new and modern theatre to cost \$75,000.

OREGON POTATO CROP TO BE RECORD BREAKER

Portland, July 15.—Oregon will have a larger potato crop this year than for many years past. It will amount to about 5,000,000 bushels and would have been still larger but for the long dry spell. Last year the state produced 3,912,000 bushels and the five-year average for the state is 4,800,000 bushels. The acreage increase over last year is about 7 per cent and amounts to 46,000 acres. There was a very large increase in early potato acreage in the irrigation sections of Umatilla and Malheur counties.

With a 9 per cent acreage increase over 1921, the Washington potato acreage is placed at 69,000. Of the important potato-producing counties, Yakima county has a much larger acreage than in 1921. Skagit county shows a big increase over last year, and both Spokane and Whitman counties have slightly increased their acreage over 1921. Averaging 88 per cent of normal on July 1, the estimate of production is 3,148,000 bushels against 7,425,000 bushels in 1921 and 8,636,000 bushels, the average for the five years, 1916-20.

Homes Robbed

The papers have been full of accounts of robberies of Salem homes recently, and in the majority of instances they were those where the owners were out of town.

That points a moral to the lesson we have been trying to inculcate. When you go away, whether for a short trip or a long, put the things you prize in a United States National Safety Deposit Box.

FOOD FAMINE FEARED IN PARTS OF IRELAND

London, July 15.—(By Associated Press.)—A serious food shortage threatens the civilian population in the areas occupied by the republican military forces in Ireland, according to statements from Free State sources, because of the commandeering of food supplies for the use of the insurgent troops.

Stoppage of communications through the destruction of bridges and removal of rails is said to be adding considerably to the suffering of the population, as supplies cannot reach even those districts where the insurgents are not immediately operating.

Night News Summary

Cleveland.—Members of the American Federation of Railroad Workers employed here voted to join the shopmen's strike at 9 o'clock Monday morning. The union has a membership of 90,000. Approximately 1200 men will go out here.

Philadelphia.—The Public Ledger in a copyrighted dispatch from Rongbuk Glacier camp, India, via London, announced that the expedition to climb Mount Everest has been abandoned as a result of an avalanche in which seven porters were killed.

AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound!' So I let him get it, and I soon felt better and he told me 'I want you to take about six bottles.' So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I would not get well."—Mrs. E. J. LINTON, 1350 West 33d Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

FAIR WEATHER IS FORECAST

Washington, July 15.—Weather outlook for the week beginning Monday for Pacific states: Generally fair, normal temperatures, but with probability of local showers in Washington and Oregon by the middle or latter part of the week.

Bond's bonded indebtedness is now \$300,000, a decrease in the last year and a half of \$53,221.

Studebaker

BIG-SIX SPEEDSTER

THE new Studebaker Four-Passenger Speedster is mounted on the Big-Six chassis with the same dependable 60 horse-power motor that made enthusiasts of thousands of owners during the most critical buying period in history.

Every item of its complete equipment and finished detail suggests ultra style and riding comfort.

The front seat is tilted at the correct angle for comfortable riding. An upholstered armrest divides the tonneau into two individual seats which provide the comfort of an overstuffed armchair.

The touring trunk at the rear, with tray and suitcase compartments, is easy of access, because the two spare disc wheels are mounted on each front fender.

These disc wheels, complete with cord tires and tubes, are furnished without extra cost.

This latest Studebaker creation reflects Studebaker's seventy-year-old reputation for building fine vehicles.

In addition there is a handsome set of nickel-plated bumpers front and rear, a courtesy light on the driver's side, a built-in, thief-proof transmission lock which is operated by the same key that locks the ignition switch and tool compartment in the left front door. Ask for the Studebaker "Yardstick," a measure of the greater value that Studebaker offers.
