There was some difference of opinion as to which automobile was the assailant yesterday when cars driven by Dr. C. W. Southworth, of Salem, and A. W. Brasen, of Portland, met up at the corner of Cottage and Hoyt streets. Mr. Brasen contended that the Southworth machine backed into his car, while Dr. Southworth insisted to the police that his vehicle was struck by the Brasen car. There was slight damage to each.

L. W. Shaw, 555 Center street, was arrested by Patrolman George White last night and was charged with operating his automobile with only one license plate. Shaw's machine was held as bail.

IOWA OPERATORS WANT U. S. TROOPS

Des Moines, Iowa, July 20.—Iowa coal operators are reluctant to attempt production and will insist upon the protection of federal troops rather than national guardsmen before responding to the appeals of President Harding and Governor Kendall, according to expressions of opinions by local operators today.

REALTORS GIVE LUNCHEON, SHOW SITES TO YEOMEN

Seventy five people attended the luncheon given in honor of A. N. Farmer, representative of the national board of directors of the Yeoman lodge, who is touring the country seeking a site for the establishment of an orphans home by the Marion-Polk county realtors' association in the Marion hotel this afternoon.

Among the speakers on the program this noon, representing different organizations throughout the city were William McGilchrist, King Bling of the Cherrians; Miss Mattie Beatty, an officer of the Woman's club; Chas. Knowland, Rotary club; Otto K. Paulus of the Kiwanis club; Dr. H. D. Chambers, Lions club; Dr. J. H. Pemberton of the ministerial association; Sam Kozor, secretary of state; J. H. Ezell, state manager of the Yeoman. Mayor George E. Halvorsen presided.

Mr. Farmer has been shown different locations for the home which has an endowment of \$5,000,000 and which will be established on the cottage plan. He stated that Salem was the first place in which he had been taken to see the different state institutions and said that he was very favorably impressed with the surrounding country.

NO OPERATION IN ILLINOIS OR OHIO

Hillsboro, Ill., July 20.—There is no prospect of an immediate resumption of coal production in Illinois, Rice Miller, president of the Illinois coal operators' association, told the Associated Press on his arrival home today from Washington where he attended the coal operators' conference.

Bellaire, Ohio, July 20.—Chas. J. Aibison, secretary of the Pittsburgh vein coal operators' association, which includes operators producing more than one third of all coal mined in Ohio, today stated that members of the association would not attempt to reopen the mines under "President Harding's protection plan."

AUSTRIA OFFERS RELIEF TO IDLE

Vienna, July 20.—(By Associated Press.)—The Austrian government, it was understood today, has offered the following proposals which labor leaders have accepted in principle, reserving the right of further consultation with the workers:

First—An immediate increase of allowances to the unemployed upon which class the existing conditions are most severe.

Second—Control commissions to be placed at all banks to enforce the government's order prohibiting trading in foreign monies.

Third—Prohibition of importation of all dispensable articles upon which duties are payable in gold.

Fourth—Vigorous prosecution of food and clothing profiteers and price raisers.

Yesterday's demonstration appears to have been largely of spontaneous origin. When groups of women went to the markets and found enormous increases in food prices over night, the news quickly spread over the city. Within three days the price of lard and pork had risen 33 per cent, that of fats and sugar 100 per cent and thread 20 per cent.

COLLIER CLEARED OF GRAFT CHARGES

Washington, July 20.—The state department announced today that investigation of charges against D. C. Collier Jr., commissioner general of the United States to the Brazilian continent exposition, had disclosed "no basis for any charge of dishonesty or of moral turpitude." Mr. Collier has been directed to return to Rio De Janeiro and take charge of the American participation in the exposition.

CLEVELAND'S COAL SUPPLY EXHAUSTED Cleveland, July 20.—Cleveland's municipal light plant will be forced to shut down within three days and 32,000 consumers will be deprived of electric current unless the city's coal supply is replenished within that time. Public Utilities Director Roberts declared today. The plant has only three days' supply of coal on hand and all hope of operating its generators with natural gas fuel have been abandoned, Roberts said.

RIVER CONTINUES TO FALL

With dry weather prevailing generally over the state, the Willamette river continues to fall and this morning was reported at minus 1.1 feet. That was the lowest point yet reached this summer. Yesterday the maximum temperature in Salem was 86 degrees and the minimum was 49.

VOTES RECORDING PUBLIC PROTEST UPON PRESIDENT

Washington, July 20.—(By Associated Press.)—Defeat in the Nebraska primaries of Representative Jeffers by R. B. Howell in the contest for the republican senatorial nomination was declared by Sampel Gompers, president of the American Federation of Labor, in a formal statement today to have been a defeat "for the old guard."

"Political opinion is being registered against the kind of governmental policy now being manifested in the coal and railroad strikes," said Mr. Gompers. "This opinion is expressing itself as rapidly as opportunity offers. The old guard, as it is called, has just been beaten in Nebraska. Congressman Albert W. Jeffers, who was defeated for the nomination for United States senator in that state, was possessed of a good legislative record, but he went into the campaign arm in arm with the policies of the president which are being so sadly displayed in the great industrial crisis. The people, including the workers of Nebraska, voted down those policies. Ordinarily Mr. Jeffers should have been given the nomination on his record."

FEW COAL MINES IN OHIO TO REOPEN

Columbus, Ohio, July 20.—Southern Ohio coal operators declared today that few if any mines would be reopened in the Hocking valley district unless definite wage agreements are reached with the striking miners.

Walter D. McKlaney, secretary of the Southern Ohio Coal Exchange was still in Washington today, but individual operators asserted that they could not afford to comply with President Harding's invitation to resume work under existing conditions.

GLORIA SWANSON TO APPEAL DECISION

Los Angeles, Cal., July 20.—Mrs. Adeline Lew Swanson Burns, mother of Gloria Swanson, film actress, announced through her attorneys she would appeal from the verdict of ten men and two women that her second husband, Matthew P. Burns, shoe merchant, was of unsound mind when he willed her the bulk of his \$100,000 estate. Plans for that legal move were in preparation today.

RETURN OF ROAD MONEY TO POLK COUNTY SOUGHT

Hearing on a motion to amend the decree of the court in the case of Polk county against the state highway commission was granted to Martin L. Pipes, representing the county by Judge Kelly, who rendered the decision of the case some time ago.

The motion presented by Mr. Pipes asked that all funds amounting to \$43,000 paid from the market road fund Polk county to the highway commission be repaid to the county.

While no decision was given by Kelly, the court said that he did not believe the records of the case would show where the county had paid the commission any of the \$43,000. The matter will be decided as soon as both sides have presented material to make a decision possible.

STEEL PROBE TO BE SENT SENATE FRIDAY

Washington, July 20.—Attorney General Daugherty announced today that the department of justice would send to the senate tomorrow the results of an inquiry into the recent steel mergers. Such an inquiry was directed in a resolution offered by Senator LaFollette, Wisconsin, and adopted by the senate.

Now let the disabled veterans say it to his face.

PETITIONS TO STRIKE

(Continued from Page One.)

casting his or her ballot at a primary or general election in Oregon without first cancelling his or her previous registration is an illegal voter and is not entitled to the secrecy afforded to the voters by the election statutes, according to the argument advanced by John Collier, of counsel for Hall in the election contest proceedings filed recently on behalf of Charles Hall, defeated candidate for the republican nomination for governor at the primary contest last May.

A person guilty of double registration, Mr. Collier declared, could be summoned into court to explain and would be subject to all the penalties provided in the election statutes. This contention on the part of Attorney Collier followed the argument by Jay Bowerman, attorney for Governor Olcott, that a qualified voter, even though registered, has a legal right to go to the polls on election day and through the channel of a blank change his or her party affiliations.

Moser's Argument.

The arguments advanced by U'Ren and Collier were followed out by Gus Moser, also member of the counsel for the contestant, who contended that there is no provision under the Oregon primary law for reregistration at the poll. Blank "A," Moser pointed out, was intended for the use of voters who had not been previously registered, while blank "B" was intended for registered voters who desired to change their registration but which must be done before the county clerk prior to the date of election.

Question of a voter registered in one precinct casting his ballot in another precinct was scarcely

touched upon by the attorneys. In the election contest proceedings filed by Mr. Hall 13 separate allegations were set forth as grounds upon which to obtain a recount. The recount of the votes was asked in approximately 1000 precincts. It was Mr. Hall's contention that such a recount would show that he had been nominated by a plurality of 4000 votes. On the face of the returns, as canvassed by the secretary of state, Mr. Olcott was nominated by 521 votes.
