Dublin, July 20.—(By Associated Press)—Most of the roads leading into Cork have been mined and the city is in a state of defensive preparations for the coming of the regular army. The smashing of the walls of houses for use as machine gun bastions, the heavy barricading of the streets and the occupation of all strategically situated buildings.

Limerick is entirely beleaguered and in response to a warning from the mayor many of the civilians have fled the city. Every approach to the city is blocked, but the national troops are endeavoring to clear away the obstructions and the mines preparatory to an advance. Irregular troops hold the barracks in considerable force.

FORMER SWEETHEART OF BURGLAR BETRAYS HIM

Detroit—George Brown, alias Gurnley, twenty-two, of Cleveland, employed in a downtown restaurant here, is in jail charged with stealing an automobile, because he was polite to a woman, a former co-worker.

The woman, Mrs. H. Eaton, wife of a Cleveland patrolman, who with her husband, is honeymooning in Detroit, entered the restaurant for breakfast.

When Brown worked with her in Cleveland she was "Miss." He went up and spoke to her. Mrs. Eaton recognized Brown as George Gurnley, who had stolen an automobile from the Searles Merchandise Agency of Cleveland, where she had worked. She told her husband the man was, and the Cleveland patrolman took Brown to the Central Station.

Dallas, July 20.—A Voiture Locale for Polk county of the La Societe Des 40 Hommes et Chevaux is to be shortly organized in Dallas, to be more explicit the date of the installation and organization being set for Saturday evening, August 12.

This sunshine order of the American Legion maintains a locale in Marion county and a number of the Polk county legion members have affiliated themselves with the organization in that city. To secure a county charter it is necessary to obtain 15 signatures to the application to headquarters. This has already been done and action toward organization has already been started. The organization is more commonly known as The Forty Men and Horses and has become quite strong and popular all over the state.

On the evening of organization in Dallas it is planned to have the "wrecking crew" from Salem here in order to put on the initiatory work properly. In addition to the crew many of the Marion county members are planning to attend in order to see that their Polk county "buddies" are started off in the right direction.

NEW COURSES OF INSTRUCTION FOR PUBLIC SCHOOLS

University of Oregon, Eugene, July 20.—In an address to the principals' club, an organization made up of more than sixty high school principals and superintendents in the state, J. A. Churchill, state superintendent of public instruction, outlined the new course of study for the Oregon grade and high schools, which will be in effect for two years from next September.

Superintendent Churchill appealed to the schoolmen present to carry out faithfully the provisions of the state law providing for twenty minutes of physical education daily for every student in the public schools. This exercise, the superintendent pointed out, must be taken in the regular school period and not at recesses, and special games and sports, in which only part of the children can participate, ought not to be substituted. The new physical education course was prepared under the direction of John F. Bovard, dean of the school of physical education in the University of Oregon.

Among the changes in the study course will be the introduction of six weeks of Oregon history study at the opening of the year, in the eighth grade. Agriculture also will be taught in the eighth grade again next year. To make room for these subjects, the course has been lightened in some other respects.

CHINESE EXECUTION

Details Grimly Pictured in "The Dragon's Claw."

China, the birthplace of justice for all the world, acts swiftly and surely once the guilt or innocence of an accused person is established. No languishing in cells for age-long periods, no appeals when guilt has been definitely established, but swift action, as clean-cut in reality as it is in procedure. In "The Dragon's Claw," the first of a quartet of Paramount pictures grouped under the heading of "The Mistress of the World." Here is seen the thrilling capture of the beggar king of Canton, the swift establishment of his guilt and his immediate execution on the city wall.

The scene, which is reproduced in detail is naturally softened by distance, but even so, distance has failed to detract in the least from the grimness of the occasion. And the moment when the hatchetman signals the success of the execution is one to thrill even the most blasé individual.

"The Dragon's Claw," which promises to be an epic event in the motion picture history of this town, is coming to the Grand theater next Saturday and Sunday for an extended stay of two days. Mia May, a celebrated European actress, is the featured player.

The students also listened to a talk by G. A. Burkhead, a graduate of the normal, who is now supervisor of training at an agricultural school for disabled veterans near Stockton, California. Mr. Burkhead explained the work which the school is doing to give the war victims a new start in life. With his wife and son he has been visiting at the home of his mother in this city for the past week. They left Tuesday afternoon by auto for Stockton.

LEAGUE OF NATIONS CONSIDERS MANDATES

London, July 20.—(By Associated Press.)—The announcement overnight that today's meeting of the council of the league of nations would be private, brought forth renewed expressions of disappointment. It was understood that the subject for discussion would be the Palestine and Syria mandates, which the opponents of privacy contend are susceptible to the evils of traditional diplomatic bargains.

The Volstead act needs more teeth, says the Anti-Saloon league. Our observation indicate that they should be wisdom teeth.

FAVORITISM SHOWN FAIR MADALYNNE

Los Angeles, Cal., July 20.—Charges that favoritism was being shown Mrs. Madalynne Obenchain by matrons at the county jail where she is a prisoner were to be investigated today by Sheriff W. I. Burch, jointly indicted with her, but by "two ragged strangers."
