

FRANCE SEEKS COLLECTION OF GERMAN DEBT

Paris, July 21.—(By Associated Press.)—Premier Poincare has provided President Dubois, of the reparations commission, with ammunition with which to fight for France's positions with regard to the German reparations decisions.

It is in the form of a lengthy statement prepared by the premier and minister of finance, De Lasteyrie, seeking to show by a wealth of statistics and instances that Germany was responsible for her present financial crisis.

Mr. DuBois, it is understood, is being instructed by the French government to require the reparations commission to pronounce the wilful default of Germany in her reparations obligations to demand further guarantees from her and finally, if a moratorium should be granted on cash payments, that it should not exceed five or six weeks.

Meanwhile the guarantees committee of the reparations commission is working on the report of its extensive investigations of Germany's financial and economic condition.

MINORS WIN JUDGMENT FROM INSURANCE CO.

Judgment of \$2944 was awarded each of the plaintiffs in the case of Doris, Maxine and Agyle Coe, minors, and children of Ross Coe, against the North American Life Insurance company for the collection of an \$8000 policy issued on April 5, which was but a few days previous to their father's illness and death.

Their father made application for the policy on April 5 and on its delivery April 15 was sick in bed. The policy expressly affirms that the applicant must be in good health on the date of delivery of the policy. Through stipulation both parties agreed to the amount of the judgment.

BAND CONCERT ON TONIGHT

Another band concert will be given in Willson park tonight by the Salem band under the direction of Oscar A. Steelhammer. Mrs. Hallie Parrish Hinges will sing and an unusually attractive program is to be offered, it was said.

Last Tuesday the band was heard by one of the largest crowds out this season and tonight's concert will draw hundreds to Willson park.

BOARD AIDS IN LABOR PEACE

The work of the state board of conciliation has been substantially helpful in making for peace and efficiency in Oregon industries, in the opinion of William F. Woodward, chairman of the board, who filed his annual report with Governor Olcott Friday.

The activities of the board during the past year, the report shows, were confined to two industrial controversies one in the lumber industry at Klamath Falls and the other involving a dispute between the employers union and the longshoremen's association at Portland. In both of these disputes, the report points out, the services of the board when tendered as required by the state law, were rejected by the employers although the decision of the board have been largely adopted in both instances.

"The board is serving the state to the best of its ability," declares a letter of transmittal accompanying copies of the board's findings in these two cases.

Note the ague in The Hague.

SECOND SESSION OF SUMMER SCHOOL

Registration for the second six-week session of the Willamette summer school is now under way. Registration will close Saturday, July 29. There will be no fine, however, for those that come after Saturday.

Several new courses are being offered for the second semester that were not offered during the first six-week session. Professor Robert Gatke will offer a course in "Contemporary History of Europe," and also one in "Economic History of the United States." Professor Ebsen will offer a course in "Advanced Spanish." Professor Von Eschen will add "Advanced Chemistry" to his courses.

DETROIT NEWS BUYS THE DETROIT JOURNAL

Detroit, Mich., July 21.—Purchase of the Detroit Journal by the Detroit News was announced today. The newspapers both in the afternoon field are to be merged immediately, the Journal ceasing publication with its first edition today.

The Journal plant is to be disposed of. The total purchase price for the title and good will was in excess of \$2,000,000, it was announced.

PENNSYLVANIA TROOPS SENT TO PROTECT MINES

Harrisburg, Pa., July 21.—Pennsylvania cavalrymen and machine gunners are moving into Cambria, Indiana, Somerset, Washington and Westmoreland counties in the southwestern part of the state today to prevent disorder when bituminous mines are reopened. The whole power of the state government is being massed behind them. State police in the affected districts will act with the holders.

While the cavalrymen and gunners are going to the strike districts, more than 4000 men will be moving toward Mount Gretna, in the center of the state, to begin the first of the two periods of active service of the summer encampment and 5000 more men are at home stations ready to be called out.

Movement of the soldiers to the soft coal district is the first to be made as a preventive measure. Many of the men on active duty were overseas veterans and they are equipped like regulars.

BOUGHT PISTOL, USED HAMMER

Los Angeles, Cal., July 21.—Mrs. Clara Phillips, whose trial for the murder of Mrs. Alberta Meadows has been set for September 18, is believed to have purchased an automatic pistol two days before the young widow was beaten to death with a hammer, according to a story the Los Angeles Times published today.

The Times located a duplicate record of the sale of the pistol which police departments require all dealers in such articles to keep and found the salesman, John H. Raney, who said the woman who purchased the weapon, seemed to resemble in every detail the newspaper pictures he had seen of Mrs. Phillips.

The purchaser signed her name as "Mrs. A. L. Phillips." The initials are the same as those of the husband of the defendant in the Meadows murder.

George J. Gould was remarried last week and thus lost \$3,000,000 bequeathed to him by his first wife. But what's \$3,000,000 to a widower bent on getting married again?—Eugene Register.

GERALDINE FARRAR SUES TELLENGEN FOR \$9600

New York, July 21.—Geraldine Farrar, opera singer, who is suing her actor husband, Lou Tellegen for divorce, has instituted another suit, it was learned today, demanding payment of \$9600 she alleges her husband borrowed from her during the four years they lived together.

In an answer to the suit mailed to Miss Farrar's attorneys last month Tellegen claimed that the debt had been paid in full. Supreme court justice Donnelly today denied an application filed by Miss Farrar's counsel requesting the court to compel Tellegen to state when, where and to whom the money was paid.

One of the most hopeful signs of the times we have seen in a sale of swivel chairs by the government.

RANDALL LEADS M'MULLEN NOW

Omaha, Neb., July 21.—(By Associated Press.)—Revised unofficial returns from 1873 of the state's 1913 precincts reported from Tuesday's state-wide primary gave Charles Randall of Randolph a lead of 325 over Adam McMullen of Beatrice for the republican gubernatorial nomination. The vote was Randall 48,083; McMullen 47,758.

H. B. Cummins of Seward was nominated on the democratic ticket in the fourth district over C. P. Fall of Beatrice, and A. R. Humphrey of Broken Bow over A. W. Scattergood of Atinsworth in the sixth district.

SECOND GODDLING MOTH SPRAY TIME IS JULY 31

Spraying for the second brood of goddoling moth should not be delayed any later than July 31, according to experts in apple culture, the Oregon growers officials insisted this morning.

Reports from the east indicate that the apples produced in that part of the country will be small this year, therefore every effort is being made to produce the best grade of western apples to surpass eastern competition.

MOTORCYCLIST IS INJURED

Floyd M. Rush, a motorcyclist, was knocked from his machine and slightly cut and bruised when he met up with a car driven by J. O. Goodnow of Portland, according to a report made to the police last night.

The accident occurred on the highway near Jefferson. The motorcycle was badly wrecked and the car was slightly damaged.
