MEN WANTED

for service as railroad machinists, boilermakers, blacksmiths, electricians, sheetmetal workers, pipe fitters, coppersmiths, tinners, car inspectors, car repairers, helpers—all classes
UNDER STRIKE CONDITIONS
BEST EXPLAINED BY CHAIRMAN BEN W. HOOPER OF THE UNITED STATES RAILROAD LABOR BOARD IN HIS STATEMENT OF JULY 1ST, READING AS FOLLOWS:
"In this case the conflict is not between the employer and the oppressed employes. The people of this country, through an act of congress, signed by President Wilson, established a tribunal to decide such disputes over wages and working conditions, which are submitted to it in a proper manner. It is the decision of this tribunal against which the shop crafts are striking.
"Regardless of any question of the right of the men to strike, the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason public sentiment and full government power will protect the men who remain in their positions and new men who may come in."
Adequate provisions have been made for the full protection of all new employes, the same as old employes who have remained loyally at work. Applicants should apply to the office of the superintendent at Portland (Union station) or to the assistant superintendent at Roseburg.

General Manager Southern Pacific Company

TARDY REWARD FOR MAJOR ROWAN

Washington, July 21.—The war department announced today that a distinguished service cross had been awarded to Major Andrew S. Rowan, retired, of San Francisco, who carried the message to General Garcia of the Cuban revolutionary army in May, 1898, during the war with Spain which has since been held as one of the striking instances of heroism during that war.

The citation said that Major Rowan, then a lieutenant, entered the Spanish lines at Oriffe, Cuba, in disguise, crossed the island, "and not only succeeded in delivering a message to General Garcia, but secured information of such a great value that it had an important bearing on the quick ending of the struggle and the complete success of the United States army."

At the same time Major Rowan was awarded a silver star citation for gallantry in action on Hudion mountain, Philippine islands, in January, 1900, during the Philippine insurrection. Major Rowan placed and operated a field gun in the attack on the mountain under hazardous conditions.
