SHERIFF'S SHARE DOLLAR A CASE FOR WET GOODS

Spokane, Wash., Aug. 9.—Calling of a special jury during the last part of this month or early in September will make possible speedy trials for Sheriff Thomas Barker of Ferry county, Washington, and three other men, at Republic yesterday, on charges of conspiracy to violate federal prohibition laws.

One other man, Clyde Ledgerwood, for whom a warrant was issued on the same charge, was still at liberty today. He saw himself pointed out to the federal officers, it is said, and took to his heels. Officers on both sides of the Canadian line have been asked to watch for him.

The others arrested were Guy Dungan, bank clerk; Dick Cook, warehouse helper; and Roy Powers, automobile driver. It is alleged by federal officers who made the arrests that the men arranged for transportation of liquor across the Canadian line and through Ferry county, with Spokane as the destination. The sheriff is charged with receiving one dollar a case for bribe money for all liquor conveyed through the county.

According to Charles Bennett, prosecuting attorney of Ferry county, Sheriff Barker has not made a single arrest for violation of liquor laws since he took office January 10, 1921. He added that every search warrant for liquor issued by his office had been returned by the sheriff with the notation, "nothing found."

Powers is said to have confessed to the charge against him. The investigation started when officers received information that two smugglers had been "double-crossed" and beaten up, and their whiskey taken away from them.

GARDEAU, MULKEY HAVE WORK OUTS, TO FIGHT FRIDAY

Both Billy Gardeau, rangy 150-pounder from Boise, and "Dubs" Mulkey, popular Monmouth brawler, arrived in Salem last night and staged work-outs at the Salem armory. The two men will meet each other Friday night in the head-liner go of Company F's smother.

Gardeau, held to be in perfect condition, went through his paces lightly last evening. Mulkey's work-out was more strenuous, and he took on two sparring partners after he had jumped rope and had spent some time shadow boxing.

In the Mulkey-Gardeau mix, Salem fight fans are expecting something worth while. Each time Mulkey has appeared here he has been a strong drawing card and a large audience is expected to be present when the gong sends him and Gardeau together Friday evening. Gardeau supporters declare that the Monmouth boy is to have considerable trouble in putting the Boise brawler to rest.

Yesterday Jimmie Anderson, of Tillamook, also arrived in Salem. Anderson, who has got the habit of winning over the youngsters he meets, is scheduled to face Phil Bayes, of Salem, in the semi-windup. Young Bayes, local fans believe, will give Anderson something to think about before their first round has become history.

Several other worth-while bouts are promised for Friday evening by Company F.

The Vladivostok government, which is opposed to Moscow, has been at odds with Chita.

Royal Princesses Advertise for Husbands

Archduchesses Margaret and Maria Antonia

Two royal princesses, sisters, twenty-three and twenty-six, have advertised for husbands, either English or American, who must be young, wealthy and handsome, and who mustn't be upstarts or new rich. The princesses are accomplished, but very poor. The gentlemen must give particulars in writing before a meeting can be arranged. This advertisement actually appeared in Swiss and Austrian papers. Archduchesses Margaret and Maria Antonia, daughters of Archduke Leopold Salvator of Austria, inserted it. They were living in the palace at Barcelona, Spain, and their father restricted their actions, trying to make them live a life becoming those of "exalted birth." They finally ran away and went to work.

REDUCED RATES UPON EGGS TO EASTERN POINTS

Seattle, Wash., Aug. 9.—Reductions in freight charges on eggs to points east of Chicago announced yesterday by the transcontinental railroads mean a saving of \$35,000 a year to western Washington shippers, according to H. E. Willis, manager of the Washington Cooperative and Poultry association.

The rate for several years has been \$3 per hundred pounds to Chicago and points east. A cut to \$2.50 to Chicago was made by the railroads last May and now this rate is made to apply to points east of Chicago. It is estimated that 350 cars of eggs a year move from this territory to points east of Chicago, principally New York.

CLERKS ORDERED OUT IF TROOPS ARE USED

Cincinnati, Ohio, Aug. 9.—(By the Associated Press.)—Clerks, freight handlers and station men, who are not on strike have been ordered to "stay away from their usual places of employment whenever their lives are endangered, either by armed guards or defective railroad equipment," the Brotherhood of Railroad and Steamship, Clerks, Freight Handlers, Station and Express Employees, announced today in a statement to the Associated Press.

25,000 STRIKERS REFUSE HARDINGS PEACE PROPOSAL

New York, Aug. 9.—Twenty-five thousand rail shop craft workers through David Williams, secretary of the eastern strike committee, today sent a telegram to B. M. Jewell at Chicago, putting themselves on record as refusing to accept President Harding's proposal for submitting the seniority question to the railroad labor board.

The telegram read: "In behalf of 25,000 striking railway shophmen in the New York district we endorse your stand in refusing to accept the compromise proposition of President Harding. Located in a district exposed to the poison gas attack as reported by lying propaganda of the railway executives, our members have stood the attack without faltering and the morale of the strikers is perfect.

"Many of the strikers are ex-service men who fought under the Stars and Stripes for democracy in the late war. These men have witnessed our so-called American railway executives hire cheap Chinese and Hindu labor to try and break the strike and under no circumstances will these former soldiers agree to allow this conglomeration of unskilled foreign workmen to be considered as favored employes of the railroads in order to gratify the autocratic desires of the American Railway kaisers for a condition of industrial slavery for railway employes.

"Let us assure you we want no compromise and urge that the fight be fought to a finish right now on its merits and the present administration be forced to show whether it stands for real Americanism or the brand of Americanism represented by a few hard boiled railroad officials who would wreck our entire country in their lust for power."
