Moncow, Sept. 11-Soviet Russi

landers are advancing reasons, easi-

ly understandable within Bussie

but probably difficult of comprehendlon abroad, as to why they be-

lleve Russin, after the coming har-

mic improvement without the aid

They made no secret that indus-trially the country can show very little without huge foreign credits,

but they say that Russia is prim-arily an agricultural country, and

peasants are probably smaller than those of any other people except the Ohinese or Hindus. The peasants comprise at least 70 percent of the

An American, accustomed to the standard of living in the United States, might consider it a terrible

to do with them if they did, The

peasants go barefoot in summer, use homeniade straw sandals in the autumn, and felt boots of village

It is similar with most articles

of wear and household use which

American civilizatiou considers es

sential to comfort. If the Russian

peasant has plenty to est-and above all other things he prefers

black bread-and if he has a few

rags to cover him and a hut to shelter him, he is as well off as

It was only in late years under the monarchy that the growth of

manufacturing within Russia was

soriously encouraged. The Soviet

regime, whose supporters were

mostly among the factory workers in the cities, has desired to increase

industry probably even more than

war and destruction, industry is now

in a worse state than ever before.

ing this, it considers that Russia

can get along as an agricultural

country until such time as either from within itself, or with foreign

assistance, it can become an indus-
