She met Howard Chandler Christy, noted illustrator, and posed for him, later studying art under him. It was at Christy's studio young Harriman met her. He has been a student at Princeton, but will enter business with his uncle, Frank C. Farley, in Florida. Mrs. Harriman is only twenty, while her husband is one year her junior.

TUESDAY BEFORE RESCUE CREWS REACH MINERS

Jackson, Cal., Sept. 15.—The entrapped miners in the Argonaut mine cannot be rescued before Monday and it probably will be Tuesday before the rescue workers break through the last wall from the lower levels of the Kennedy, according to mining men here today after a digest of the unofficial statement, given out by Fred L. Lowell, state industrial accident commission representative, at 8 o'clock this morning. Last night it was believed that the Argonaut mine crew working on the 3600 foot level of the Kennedy was destined to win the race to reach the underground chambers where the 47 miners are believed to be entombed. This morning it looked like an even chance for the Kennedy crew, burrowing on the 3900 foot level, to win. "On the 3600 foot level," Lowell's statement said, "seven feet were gained during the night, making an advance of approximately 22 feet during the last 24 hours. This leaves 23 feet to go in the drift before reaching the face of the 77 foot raise. The wall has squeezed in and closed up. It is almost like working in virgin ground. We had to take jor, Dr. Elmer W. Seaburg, of Peoria, Ill., the medical officer who attended Major Cronkrite before he died, and C. F. Wathen of New York, the sergeant who administered artificial respiration. "On the 3900 foot level, eight feet were gained during the night, making an advance of 16 feet in 24 hours. We have 76 feet yet to go on this level. The ground is very heavy."

LEADERS WIN LEAVING RIVALS IN SAME PLACE

Chicago, Sept. 15.—(By Associated Press.)—Victories by all four leading pennant contenders—New York and Pittsburgh in the National and New York and St. Louis in the American—left the relative standing of the rivals unchanged today but improved the mathematical chances of the leading Gotham clubs. By capturing 13 of their remaining 18 games, the Giants can win even if the Pirates take all of the remaining 16 contests. Such an eventually would give the champions a margin of one game in the American, where the battle is closer, the Browns, to win, must take 13 out of 13 remaining games if the Yanks win ten out of 14. The American league rivals start a series at St. Louis tomorrow that probably will decide the race. Joe Bush's brilliant pitching and Babe Ruth's 32nd homer were high lights in the Yankees' second straight triumph over Chicago 4 to 1, while the Browns staged a belated rally to down Boston 5 to 3. The Giants, outthit 15 to 7, called on five pitchers before nosing out the Chicago Cubs, 7 to 6, while the Pirates crushed Boston again, 8 to 0, with Babe Adams in rare pitching form. Pilette of Detroit turned back the Athletics 5 to 2, and Stuffy McInnis poled out a homer that enabled Cleveland to down Washington, 4 to 3, in the other American league contests. Milton Stock laced out five hits in as many times at bat and Rogers Hornsby hit safely in his 29th consecutive game, while the St. Louis Cardinals made it three in a row from Philadelphia, 9 to 4. Grimes was hit hard by Cincinnati, while Couch was a puzzle to Brooklyn, the Reds winning 7 to 3 in the other national league game.

200 WITNESSES CRONKRITE PROBE

Tacoma, Wash., Sept. 15.—Witnesses subpoenaed from many parts of the United States to appear before the federal grand jury here September 18 in connection with the death of Major Alexander Cronkrite in September, 1918, are arriving here for preliminary examination today by United States Attorney Thomas P. Revell. Altogether approximately 200 witnesses have been subpoenaed, it was stated, practically all of them being from the 213 engineers, to which Major Cronkrite belonged. Captain Robert Rosenbluth, once accused of responsibility for the major's death, was a member of the same regiment. Among those registering at local hotels were former Lieutenant Colonel W. J. Howard of Boston, a member of the board of inquiry that examined into the death of the major; Dr. Elmer W. Seaburg, of Peoria, Ill., the medical officer who attended Major Cronkrite before he died, and C. F. Wathen of New York, the sergeant who administered artificial respiration.

GRIDIRON SQUADS OF CONFERENCE PRACTICE

San Francisco, Sept. 15.—Gridiron squads of the eight colleges and universities of the Pacific coast conference today officially started practicing for the 1922 season which, according to coaches and officials, will be one of the greatest in the athletic history of the far west. Under conference rules, the coaches and varsity men could not take the field before September 15. Preliminary games and contests with non-conference schools will be played on the last Saturday in September and the first Saturday in October. This first conference game will be at Seattle, October 14 when the University of Washington plays the University of Idaho.

PREACHER-SHERIFF HANGS MURDERER

Fort Madison, Iowa, Sept. 15.—(By Associated Press.)—Winfred E. Robb, sheriff, preacher and soldier, pulled the strap at 12 o'clock noon at the Iowa prison here which hanged Eugene Weeks, convicted slayer of George Fossick, Des Moines grocer. Week's body dropped too far down into the trap and his feet dragged the ground for several minutes before he died. "God bless you" were the last words of Weeks as Sheriff Robb placed the black hood over his head. Weeks mounted the gallows after declaring his innocence of the murder of Fossick.

PRICE OF CANE SUGAR CUT QUARTER OF CENT

San Francisco, Cal., Sept. 15.—A reduction of 25 cents a hundred pounds in the price of cane sugar, bringing the wholesale price down to \$6.65 was announced today by the California-Hawaiian, Spreckels and Western Sugar refining companies.

LEAGUE ASKS MEMBERS TO CUT ARMIES

Assembly Disarmament Committee Recommend Reduction; Belgium and United States Excused.

Geneva, Sept. 15.—(By Associated Press.)—The assembly disarmament committee has decided to recommend to the assembly of the League of Nations a resolution introduced by M. DeJouvenal of France, asking all countries except those whose juridical situation has been changed, to reduce their expenditure for armaments to the figures of 1913. This would exclude the United States, Canada and Spain. The reductions are indicated by the statistics of the mixed commission which show that the following countries are spending more for military purposes than before the war: Great Britain 19 per cent; India 14; Australia 17; Canada 7 1/2; New Zealand 15; Portugal 7 1/2; Japan 62; Denmark 33; Holland 48; Sweden 20. Belgium, which is spending 82 per cent more than before the war, is excused because she had virtually no army in 1913 but was protected by treaties of neutrality. The countries which are spending less than in 1913 are: South Africa 25 per cent; Roumania 23; Italy 46; Brazil 45; France 43; Switzerland 39; Norway 14.3. M. DeJouvenal remarked after the session that he had not included the United States, because every one felt that the stronger the United States is, the greater the guarantee against war.

OUTLOOK FOR OREGON HOPS

(Continued from Page One.) comparative figures on contracted hops over a period of four years, indicates the nature of the fate awaiting the industry. Year. No. Lbs. Price. 1921 8,212,487 \$28.9-20 1922 6,189,687 33.10-13 1923 4,737,300 .30 1924 1,190,000 .26 Unless some move is made modifying the prohibition enforcement law, it is predicted that the hop yards remaining in Oregon will be plowed up within a comparatively short time. Outlook Discouraging. The outlook for the hop market is discouraging. There is practically no demand and the crops are coming down heavier in nearly all sections. A few small deals have been made at prices less than cost of production but some of the growers believe it is well to get back the cost of picking if possible, as they have no faith in the market. Nearly every yard in Oregon is producing heavier than was expected and dealers are now estimating the crop at 60,000 bales. Washington will have about 20,000 bales and the California crop is estimated at 75,000 to 85,000 bales. The total American crop will be about 170,000 bales and how to dispose of it is a question with domestic consumption rapidly declining and foreign markets an uncertain factor. Foreign Crops Increase. Not only is the English crop, now reported to be 50,000, cut larger than the first estimate, but it is understood that the board of control prices will be cut below that of last year, which should induce the English brewers to use more of their own hops. Mail reports from Germany said that the continental crop will be double that of last year and intimated that efforts would be made to rush a large quantity of German hops into this country before the new tariff goes into effect. The duty on foreign hops now is 12 cents, and will be 24 cents under the new tariff. The dumping of a lot of cheap German hops into America may not only kill the small market that exists now but will also be bad for the next year's prospects.

VALENTINO'S WIFE ELUDES PARENTS

When Richard Hudnut, multi-millionaire perfume manufacturer, and his wife booked passage for Europe they likewise booked passage for their daughter, Mrs. Rudolph Valentino, whose marriage to the screen star was called illegal because it took place before Valentino's divorce decree in California became final. Since then Mrs. Valentino has been living with her parents, intending to remain with them until next March, when the decree becomes final and she can re-wed Valentino. When the liner sailed Valentino was on hand to say good-by to his wife, but before the vessel left her pier Mrs. Valentino fled from her parents and rushed ashore. The ship sailed without her. Valentino also is in New York.

FORD PLANTS TO CLOSE TOMORROW

Detroit, Mich., Sept. 15.—In response to questions concerning conflicting rumors with regard to the closing of the Ford motor plants here tomorrow, E. G. Liebold, personal secretary of Henry Ford, today issued the following statement: "Mr. Ford's statement of several weeks ago that all plants would close September 16 still stands, I believe. He has made no statement to the contrary and if he has any new plans he surely will issue a new statement." Mr. Liebold said this morning there was no change in the coal situation as far as the Ford company was concerned.

RIGDON TO GO TO MEETING

Lloyd T. Rigdon, junior member of the Rigdon and Son undertaking establishment here, will leave tomorrow for Denver where he will attend the annual convention of the National Funeral Directors association. One thousand morticians are expected to be present at the convention. Several Portlanders will make the trip. The convention is to be held Tuesday, Wednesday, Thursday and Friday of next week.

NEW YORK CENTRAL SIGNS WITH UNIONS

New York, Sept. 15.—(By the Associated Press.)—The entire New York Central system today signed an agreement with its conductors and trainmen covering working conditions, wages and rules for one year beginning September 30. The signing of the agreement was announced by a conference between A. H. Smith, president of the New York Central, W. G. Ipe, president of the Brotherhood of Railway Trainmen, and L. E. Sheppard, President of the Brotherhood of Railway Conductors. A statement issued by the New York Central said that the direct settlement agreement would provide for the immediate withdrawal of all controversy on matters now pending before the United States Labor Board.

DON'T WANT PHONE CONVERSATIONS METERED

Olympia, Wash., Sept. 15.—Telephones on the Everett exchange will be returned to the flat rate basis October 1, by order of the department of public works today as a result of the protests of city officials and a petition signed by 7,000 citizens against use of the telechronometers. Former patrons of the Puget Sound Telephone company who discontinued their service after telechronometers were installed, may have service resumed upon payment of a slight reconnection charge only, it was ordered. While the company is ordered to charge on the basis of rates in effect March 30 last, the new schedules will include ten party lines, which were added when the telechronometers were installed.
