

### BRAZIL REFUSES TO ACCEPT PLAN FOR DISARMING

Geneva, Sept. 15.—(By Associated Press.)—Unexpected opposition to the extension of the Washington accords to members of the league not present at the Washington conference developed before the committee on disarmament today. The head of the Brazilian delegation said he had orders from the government not to accept even the principle of the Washington accords, because two capital ships were not enough to protect Brazil's long coast line.

The Polish delegation also rejected the idea of the Washington conference because new countries, like Poland, which have no navy, would be unable to build one, and Poland, exposed on its frontier all the way to the Baltic sea, felt the need of a naval force to protect its northern frontier.

Geneva, Sept. 15.—(By Associated Press.)—The political committee of the league of nations assembly voted unanimously today to admit Hungary to membership in the league.

**Dallas School Club Meets**

The Dallas Choral club will meet Monday evening at the home of Mrs. F. M. Parrish. All interested in choral singing will be welcome. An invitation to sing at the county fair will be given consideration at this meeting.

During the hot summer months the activities of the club have been somewhat at a standstill, but from now on regular practices and meetings will be held.

Col. Nipper says that he wants to add to the list of dry horrors the fact that they've begun to make wine out of parsnips.—Milwaukee Journal.

### FIRST PICTURES OF COLLINS'S FUNERAL

This photograph shows a general view of the funeral of Michael Collins in Dublin, with the funeral escort, the cortege and part of the immense throng that swarmed the streets to pay last respects to the slain leader of the Irish Free State Army.

### Auto Camp News

To say that Mr. and Mrs. W. E. Dennis of St. Joseph, Mo., dragged into town last night is nothing but the truth. When about five miles from Gervais yesterday afternoon a bearing in the car in which they were traveling burned out and they had to be towed to Salem.

These two were very fortunate, however, for all they had to do was "call on dad." "Dad" and mother were bringing up the rear in their trusty Chevrolet and had to take the lead and tow in the other machine.

The young Mr. and Mrs. Dennis made another C. O. D.—Call On Dad—this morning. They thought that they would like to go out and pick a few prunes for the grower so they asked dad for his auto. They knew that everything would be safe in camp because Pa and Ma couldn't take the car and go for a trip because the one left in

### DISCUSS DEPLETION OF FRAZIER FISHERIES

Vancouver, B. C., Sept. 15.—Problems which attend salmon fishing in the Fraser river and the question of depletion have been discussed in Camera by the Canadian parliamentary committee on fisheries and representatives of the Washington state fisheries board. Chairman William Duff of the Canadian committee said that a report of the conference would be made to Ottawa and that negotiations between Canada and the United States would be continued by correspondence. The United States representatives have returned home.

### BUILDINGS READY TEACHERS LISTED FOR YEARS WORK

Dallas, Or., Sept. 15.—As far as preparations for opening the public schools in Dallas are concerned, the schools could easily open at once instead of waiting until Monday, October 2, the scheduled date for opening. Changes have been made in a number of the school buildings, this being especially noticeable in the high school. By making changes in what was the assembly room in this building considerable more study room has been secured.

All teachers for the Dallas schools have been secured and will be on hand to report for duty on the opening date. The prime picking season will be over by that time and a large enrollment of students is anticipated. The corps of teachers under contract are as follows:

High school—C. A. Arpke, principal, science, Miss Blanche Melinger; history, Miss Gladys Paulson; Latin and English, Miss Katherine H. Morse; mathematics and Spanish; J. E. Coleman; algebra, English and commercial geography, Miss C. Bernice Morningstar; English and French, Mrs. Ruth J. Turner; commercial, Mrs. Gladys P. Rands; domestic science, James C. Riney, manual training.

Grammar grades—Mrs. Anna Forrette, 8th grade; Mrs. Vera Strayner, 7-a; Mrs. Jennie Smith, 7-b; Mrs. Betta Martin, 6-a.

La Creole building—Miss Audrey Tuor, 6-b; Miss Leo Petre, 5-a; Miss Helen Fletcher, 5-b.

Grade building—Miss Ada Farmer, 4-a (annex); Miss Addie Martin, 4-b; Miss Pearl Feagley, 3-a; Miss Norma Calbreath, 3-b; Mrs. Alta Ceray, 2-a; Miss Genevieve Coad, 2-b; Miss Marian Hart, 1-b; Miss Lucile Craven, 1-a; Mrs. E. H. Morrison, 1-b. R. R. Turner, city superintendent.

### WITH THE GOULDS IN SCOTLAND

George J. Gould, whose recent marriage to Vera Sinclair attracted much attention, has taken Grant Castle, in Scotland, for his honeymoon and has gathered there a large party for shooting. Mrs. Gould is pictured in her hunting screen, as is Howard Gould, brother of Mr. Gould.

Whether people like Henry Ford or not, it must be admitted that, as a manufacturer, he has been a huge success. He is one of the nation's biggest industrial captains and when it comes to factory management he is an authority worth listening to.—Pendleton East Oregonian.

A reorganization of the Sheridan State bank has been announced, whereby Herman Leese, formerly connected with the Bank of Corvallis and the Bank of Newport, becomes successor to D. B. Hill as cashier.

### BARTER REPLACES CASH EXCHANGE IN OLD WORLD

London.—Barter, or exchange of goods, as a substitute for actual cash, is being used in recent international trade according to the Geneva correspondent of the Observer. It is the way the difficulties of exchange have been overcome.

Rumania wanted a loan of 500,000 gold francs from Switzerland. The Swiss said it was possible unless they knew how the money was to be spent. Rumania replied: "We need to replace railroad rolling stock, purchase engines."

"Fine," said the Swiss banker, "we have these for sale, and we will pay for them in gold and petroleum, both of which we produce and we need." This was the arrangement made.

Similar borrowing and exchange by barter also has taken place with Czechoslovakia. Here, Czechoslovakia is receiving manufactured goods and in return for them with truckloads of raw materials. Therefore the question of exchange and the comparative values of the Czechoslovakian and the Swiss franc does not arise.

After a suspension of two weeks, the Sutherland Sun newspaper, filled with good local and general news and with a fair advertising patronage. Will J. Hayes, owner and editor.
