

SMYRNA VICTIMS TAKEN FROM QUAY TO RELIEF CAMPS

Smyrna, Sept. 22.—(By Associated Press.)—The quay at Smyrna, which has been thronged with thousands of refugees since the Turkish entry and the conflagration which followed, has finally been cleared. All the refugees now have been removed to concentration camps. The deportations to the interior meanwhile are continuing.

The Greeks have succeeded in removing more of their nationals. Two ships chartered by them, flying the British flag, are taking 14,000 survivors to Mytilene. Two American vessels for this use are expected tomorrow.

The suffering has been aggravated by the exhaustion of the water supply, and the American relief bakeries have been forced to suspend operations because of lack of water. American destroyers are bringing several tons of biscuits. Some of the bread that was intended for the refugees has been stolen by Turkish irregulars. Several naturalized Americans have arrived here from the interior.

R. W. Moorman, a young college graduate of Pomona, Cal., in charge of the Greek orphanage, is resisting all the efforts of the Turks to deport 400 orphan boys. He declares he will accompany them to the interior if they are removed.

Several members of the Angora cabinet have arrived for a council of war with Mustafa Kemal Pasha.

The American destroyers Sicelish, Litchfield, Edsall and Lawrence are standing by in the harbor. Captain A. J. Hepburn of Philadelphia, chief of staff to Rear Admiral Bristol, has returned from Constantinople, resuming charge of the naval units and seeking better conditions for the refugees from Kemal.

NEW TARIFF RATES APPLY ON IMPORTS

Washington, Sept. 22.—The new rates of the tariff act of 1922 were applying today on the flow of American imports. The law, marking a new phase in the industry of tariff making in its delegation to the president of broad powers under the elastic rate provisions, went into effect at midnight, with all collectors of customs previously instructed as to its provision which became operative at once.

Millions of dollars of revenue, officials believe, will be raised immediately from the assessment of the new duties on goods in bond or in transit to ports of entry.

The tariff commission as the agency through which President Harding will exercise his new authority to increase or decrease rates and to change from foreign to American valuation as the basis for assessing ad valorem duties, assumes a greatly enlarged function.

Philadelphia.—The cruiser Pittsburgh is being fitted out at the Philadelphia navy yard in preparation for a dash to the Near East to aid in the rescue of destitute Armenians and Greeks.

PLAN REMOVAL OF AMERICAN WORKERS

Constantinople, Sept. 22.—(By Associated Press.)—Several American organizations, including the Standard Oil company and the Near East relief, are devising plans for the security of their workers here or their removal in the event the situation warrants. The Standard Oil company has ordered the steamer Winnemar, now at Saloniki, to proceed to Constantinople and stand by in case it is found necessary to remove the personnel of the company and their families.

There are about 500 native born Americans in Constantinople and Rear Admiral Bristol, commander of the American naval forces has made plans to insure their safety.

45 ARGONAUT VICTIMS BURIED; ONE IS MISSING

Jackson, Cal., Sept. 22.—Jackson closed its business houses and its schools today to pay final tribute to 45 Argonaut victims whose bodies will be buried in rock sepulchres hewn and blasted in the heart of the mother lode country.

All victims will reach their final resting place—all but one, William Fessel, and searching crews renewed today their efforts to find his body. But they, too, planned to stop their search while Jackson buried its dead. Early today 25 flag draped caskets reached the Catholic cemetery, 11 the Serbian orthodox Catholic cemetery and nine the Protestant cemetery. The sixty grave diggers had hardly finished their task before the bodies arrived.

Where Fessel went after writing his message upon the walls of the men's dark tomb is a mystery that puzzles mining experts. The message said "3:00. Gas getting bad. Fessel." Officials assume that he sought other parts of the Argonaut mine from the encroaching gas.

IRISH IRREGULARS KILLED

Belfast, Sept. 22.—Brigadier General J. Devine is reported to have been killed with five other irregulars in a fight near Sligo Wednesday night. He was the republican member of the southern parliament for East Mayo and Sligo, and took a leading part in organizing the opposition to Arthur Griffith's meeting in Sligo last Easter Monday.

One of the dead republicans has been identified as Brian MacNeill, son of Professor John MacNeill, minister of education in the old Daily cabinet. The battle lasted for four hours and the majority of the republicans evaded capture.

ITALY TO OPPOSE OPPOSITION TO TURKEY

Rome, Sept. 22.—(By Associated Press.)—The attitude of Foreign Minister Schanzer in opposing any military expedition to Turkey with the idea of supposedly defending the freedom of the straits thereby was confirmed at a meeting of the Italian cabinet today.

YANKS MAINTAIN PRESENT LEAD

Chicago, Sept. 22.—By overcoming a five run lead and defeating the Detroit Tigers yesterday 9 to 8, while the Browns were winning from Washington 7 to 6, the Yanks today maintained their lead of 3 1-3 games over the St. Louis club. It was the Browns' first victory in their last four games.

The Yanks have seven more games to play, while the Browns have six on their schedule. Thus if the Huggmen win four of their contests, and the Browns win all of their games, the New York club will win the pennant by one full game.

The Giants lost ground in their pennant fight when they dropped a second game to the Pittsburgh Pirates 6 to 1 and are now only three and one-half games to the good. To make the pennant a mathematical certainty, the Giants must win seven of their remaining 11 games. However, the Pirates, with eight games on their schedule, to nose out the leaders, must finish the season without a defeat while the Giants win only five of their games.

PRUNE HARVEST IN DOUGLAS AT HEIGHT

Roseburg, Or., Sept. 22.—The prune harvest in Douglas county is now at its height and the packing houses are receiving hundreds of thousands of pounds of dried prunes daily. Packing will commence in one Roseburg plant next week and others will start the first of the month. Grading is already under way.

In spite of the fact that a great many new driers were built when it was discovered that Douglas county's crop this year will far surpass all other years, growers are crying for more room and all driers are being operated at full capacity.

O. A. C. FRESHMAN SHOT

Corvallis, Or., Sept. 22.—Donald Hunt of Roseburg, freshman in the commerce department, was found dead, shot through the heart, in his room here late this afternoon. Death was the result of a pistol wound, and apparently was through accidental discharge of the pistol which Hunt had been cleaning.

FORESTERS TO ENFORCE STATE GAME STATUTE

Portland, Or., Sept. 22.—The Oregon state game warden, Captain A. E. Burghdoff, and the forest service bureau of this district, through George H. Cecil, district forester, signed a written agreement formulating a pact whereby the cooperation of the law-enforcing and protecting agencies of the two services be insured. The agreement is one for mutual assistance in propagation, protection and control of game and fish in this state as well as for guardianship against needless damage to the Oregon forests from fire and other sources. It has been found that large areas inhabited by game animals lie within the forest reserves.

MAN, 66, HURT IN CRASH HERE

J. Neal, 66, suffered a fractured right hip bone yesterday afternoon about 3:30 o'clock when the wagon on which he was riding met up with an automobile driven by Margaret McDonald, 693 E. Stark street, Portland.

Mr. Neal was thrown from the wagon seat to the pavement in the crash which occurred at the corner of Church and State streets. Mr. Neal, who lives on Norway street, was removed to the Willamette sanitarium. Nurses said today that he is going as well as might be expected.

FORD AUTO PLANTS REOPEN AT DETROIT

Detroit, Mich., Sept. 22.—A feeling of relief pervaded business as well as labor circles here today as three of the largest industrial plants in the Detroit area—those of the Ford Motor company—resumed operations after a week of idleness.

Approximately 70,000 Ford employees were under orders to resume work on their former schedules, and between 30,000 and 35,000 workers of other concerns which shut down when the Ford suspension closed up their market were preparing to reopen. All Ford plants in the country are expected to be running on a normal schedule by Monday.

FAIR BACKERS TO FIGHT INJUNCTION

An answer to the injunction complaint filed in the hope of keeping from the November ballot the 1925 fair tax amendment is to be filed in the circuit court here in the near future, according to word received from Portland today.

J. E. Gratke, of the exposition headquarters, was quoted as saying yesterday:

"No relation can be found between the fraudulent petitions discovered by the courts in other instances, and recently thrown out, and the petitions that were circulated to place the exposition measure before the public.

"Inasmuch as I personally directed the circulating of the 1925 exposition petitions, I speak with knowledge of the facts. No attempt was made to get signatures other than those of legal voters.

"Each petition was checked by the county clerk and attested as correct before presentation to the secretary of state. The petition actually contained 22,336 names. After careful checking by registration cards the legal signatures numbered 16,380 and in that amount the petitions were filed."

SPENS APPOINTED FUEL DISTRIBUTOR

Washington, Sept. 22.—President Harding today signed the administration coal distribution and anti-profiteering and the fact-finding coal commission bills.

Conrad E. Spens, vice-president of the Chicago, Burlington & Quincy road, today was appointed federal fuel distributor under the new coal distribution and anti-profiteering act.

NO TRUCE FOR DEVALERA

Dublin, Sept. 22.—The publicity department of the republican party offices in Dublin declared today that the statement recently circulated that Eamon DeValera was in Dublin with the object of negotiating with the Irish provisional government was a fabrication.

This denial is borne out by information from Free State quarters.

FARM BUREAU DAY AT CLACKAMAS FAIR

Canby, Ore., Sept. 22.—Farm Bureau day, today brought out the largest crowd of the fair season, when more than 4,000 persons attended. Many of the farming sections of Clackamas county were largely represented, for the Farm Bureau has many members.

The principal events of the afternoon were the addresses of Walter Pierce, democratic candidate, for governor of Oregon, George A. Mansfield, president of the state farm bureau, and the horse races.

Secret of a Good Disposition

A woman who carefully safeguards her health benefits her disposition. She will be happy and attractive to all. The world unfortunately is filled with sweet women who are unhappy because they are held back from usefulness by troubles so common among them. Fretfulness and nervousness rapidly destroy good dispositions. Sickness, all worn out women cannot make happy homes.

Lydia E. Pinkham's Vegetable Compound is a safeguard of women's health. This is clearly proven by the many letters we are continually publishing in this paper, from women who have been restored to health and happiness by its use after years of suffering. Why don't you try it? (adv)

Shoes That Fit **A New Store** Dainty Models

With An Old Policy

We have not been in Salem long, but by our ever increasing business we know we are welcome. We certainly appreciate the attitude of the buying public in giving us such wonderful support, of course there is a reason; namely

"Walk-over" and "Douglas"

The two largest shoe manufacturers in the world today, with the largest representation of any shoes made. We take great pleasure in supplying your wants, assure you correct fit by correct fitters with one price throughout the year our bargain prices are our every day sales.

Try the new store for satisfaction.
