

### DEMOCRATS PLAN ACTIVE WORK IN BEHALF OF PIERCE

That the Marion county democratic central committee will open headquarters in Salem immediately after the state fair and will then start an active campaign in behalf of Walter M. Pierce and other democratic candidates is the announcement of W. H. Downing, chairman of the committee.

Mr. Downing and his family have taken a cottage at the fair grounds camp and will spend the week here.

At present Mr. Downing is busy piloting the democratic gubernatorial nominee around this part of the valley, and is the chief of staff of Mr. Pierce during his stay here. Mr. Pierce arrived yesterday and will probably leave tonight or early tomorrow to continue his campaigning.

Mr. Downing reports that all vacancies among the precinct committees on the county central committee have already been filled and that the committee is now ready to function in every section of the county on behalf of Mr. Pierce. No attempt has been made, he said, to fill out the many vacancies on the democratic ballot, and the committee will content itself with championing the candidacies of the regular democratic nominees, of which there are few in this county.

Unlike the candidate who heads the ticket of his party, Mr. Downing believes that there is but one issue entering into the coming general election and that the religious one rather than the tax problem. He deprecates the injection of religion into politics, but recognizes its presence there to the complete subordination of all other issues.

### Sidelights Around State Fair Grounds

"Rain or shine there's going to be a campers' parade Friday night," declared Albert Tozier, mayor of the fair camp grounds yesterday. "We're going to show the public what, and how much, we've got to offer from our city." With more than 2000 campers on the grounds and a great number of automobiles, the "city" should be in a position to make something of a showing. The parade will move about the camp grounds and will then make a trip through the fair grounds.

Probably no visitors at the fair came as far for the definite purpose of seeing the Oregon exposition as Mr. and Mrs. George Phillips, who live at Norfolk, Nebraska, and who are camped on the state grounds. "We wanted to see the Oregon fair and we're going to see it," Mr. Phillips said. He added that he and Mrs. Phillips are much impressed by Salem and its vicinity and he held it entirely possible that they might locate here.

Among the men in charge of the stock exhibits at the state fair is "Scooty" Dutton, a former student at the Oregon Agricultural college. Dutton, during his time at the Corvallis school, was well known as a football star.

Among the interesting people at the fair this year is Mrs. Edith Tozier Weathered, who has several times been commissioned by the state of Oregon as representative to exhibitions in other states. She was sent to the Omaha exposition in 1898, to the Buffalo, N. Y., exposition in 1901, to the Charles town, S. C., exposition in 1902 and to the St. Louis exposition in 1904.

Twelve of the campers who were at the state fair grounds last year will not be present this fall. Those who died during the last 12 months were H. M. Grant of Salem, Mrs. J. C. Howd of Salem, Harvey Crawford of Silverton, Kirk Husaker of Portland, Frank Stephens of Amity, Charles A. Sehbrede or Corvallis, E. W. Barree of Corvallis, D. M. Galbreath of Monmouth, Charles Daugherty of Molalla, L. W. Cooper of Amity, William Browning of Salem and J. I. Cook of The Dalles.

E. T. Evans, whose farm south of Monmouth in Polk county is known throughout the northwest as the home of blooded stock of high grade, is again a visitor at the state fair. Mr. Evans has a string of Percherons on exhibit that is going to be a strong contender when the awards are made.

Paul Carpenter, county agent for Polk county, is one of those responsible for the fine exhibit of diversified products shown in the Polk county booth, and Mr. Carpenter is spending the entire week here in the interest of the exhibit.

Among the Polk county families attending the fair this year who are particularly interested in seeing Jupe Pluvius restrain his efforts this week are those of S. C. Gardner of Bridgeport and Sam Macklemurry of Independence. Both families are camped on the grounds.

After an absence of about 24 years, A. S. Smith of Hoquiam, Wash., is back in Salem for the fair. Mr. Smith was born in Marion county and is well known here. He is camped at the grounds.

Very few automobile accessory thefts have been reported to the fair grounds police as yet, but the week is yet young and many more machines are to arrive. Yesterday Lee Sheppard of Salem complained that a motorometer had been stolen from his car.

In considering the veteran state fair patrons, Albert Tozier, mayor of the fair camp grounds, cannot be overlooked. Mr. Tozier, who makes his home at Portland about 51 weeks each year, has been mayor of the fair "city" for 26 consecutive years, and has been attending the Oregon expositions since 1863. "Oregon has new residents following each fair," Mr. Tozier said. "That is a feature which many people overlook. I find a great many tourists from other states who, after visiting here, decide they would like to live in Oregon." Mr. Tozier is well known by many hundreds of the campers who appear at the fair each year. He is 62 years of age and is retired.

### SIKI OFFERED BIG MONEY TO FIGHT IN AMERICA

New York, Sept. 26.—Battling Siki, the Senegalese boxer who has risen to sudden pugilistic fame by his knockout of Georges Carpentier was besieged today by offers from New York fight promoters for bouts with American opponents here. His manager, M. Hellers, has at least three propositions under consideration.

Tex Rickard, after receiving a cablegram from Hellers expressing willingness to bring Siki to this country after January 1, enabled an offer to match the Senegalese with any prominent light heavyweight including Harry Greb, the American title holder; Gene Tunney, former champion; or Tom Gibbons, St. Paul boxer. Rickard, however, said he had made no financial proposition to Siki and would not do so pending a reply.

In addition, Dave Discroll, matchmaker for Ebbsfeld, has cabled an offer of \$100,000 for Siki to box Harry Wills, negro challenger for Jack Dempsey's heavyweight title on October 12, and Tom O'Rourke, matchmaker for the Republic A. C., has put in a bid of \$25,000 for a contest with either Wills or Greb, preferably the latter, some time in October at the Polo grounds.

The agreed opinion in boxing circles was that if the Senegalese agrees to box in this country it will be against an opponent in the light heavyweight class. Wills weighing around 210 pounds, it was pointed out, would have an unusual advantage over the 174 pound Siki should they be matched.

### MAN BADLY HURT AT STATE FAIR GROUNDS

A Gill, 24 years of age, address undetermined, was seriously injured at the state fair grounds yesterday afternoon when a heavy steel arm on an airplane concession fell on him.

Gill suffered a broken shoulder and attendants were unable to say and a fractured arm. Hospital today whether he had received further injuries.

### SORENSONS ARE IMPROVING

Mr. and Mrs. S. J. Sorenson, of Molalla, who were critically injured a few days ago when their automobile met head-on with another car on the highway near Gervais, were greatly improved today, hospital attendants said.

Neither of the patients has concussion of the brain as was at first believed. Mr. Sorenson has some broken ribs, but his general condition is good. Mrs. Sorenson is badly cut and bruised but is doing well.

### DRUNKENNESS IS CHARGED

Two men who gave their names as W. E. Peterson and A. T. Jacobson of Toledo, were arrested here yesterday and charged with liquor law violation.

Peterson was charged with driving while intoxicated and Jacobson is accused of being intoxicated. They probably will be arraigned before Judge Unruh today.

Mr. Ford should be patient about reforming our currency. In a little while he'll have it all, and then he can use his own judgment.

### It's Neuritis! Not Rheumatism

That sharp, stabbing pain in the upper arm, about the shoulder blade, in the nape of the neck, along the forearm or down the thigh and leg, is often Neuritis—not Rheumatism. If you have severe frontal headaches with a feeling that something is twitching or pulling at the eyeballs—a dull, aching pain in the back, accompanied by an occasional shooting pain in the side—numbness or tingling in the fingers or "stitches" of pain here and there, the chances are that your trouble is Neuritis. No matter where your pain is located, you can get prompt relief without taking bromides, narcotics or other dope. Take a few Tyamol Tablets in hot water, and in a few minutes you will be rid of the torture. Tyamol is guaranteed harmless. It helps to soothe and heal the weak, inflamed nerves. Don't suffer any longer. Get a \$1 package of Tyamol Tablets from Dan J. Fry, Tyamol Co., Mfg. Chemists, 499 Sutter street, San Francisco. (adv)

### GIANTS WINNERS LEAGUE PENNANT FOR TENTH TIME

Chicago, Sept. 26. — (By the Associated Press) — The New York Giants today are champions of the National league for the 10th time in their career. Eight of these triumphs have occurred since 1904 under the indomitable leadership of John Joseph McGraw, and this year's victory came after a typical McGraw finish—a battling drive in which the club landed on top despite the loss of its star twirler, Phil Douglas; the collapse of the rest of its mound staff, and in the face of an eleventh hour menace in the form of the Pittsburgh Pirates.

Long George Kelly lashed out the hit that scored Frank Frisch with the winning run in the tenth inning of a tense struggle with the St. Louis Cardinals and removed all trace of mathematical uncertainty in the pennant race. The final score was 5 to 4, and Tim Lincecum relieved McQuillan in the 10th and received credit for the victory. The Yanks, leading the St. Louis Browns by three and a half games, and needing but one more victory to clinch the American league title, cannot settle the issue before Thursday, when they open a three game series in Boston. They have one more game after that with Washington. The Browns will complete their season with a three-game series with the Chicago White Sox, beginning Friday. The best the Browns could obtain is a tie, which would result only if they win all of their remaining games while the Yanks drop all of theirs.

If Europe doesn't work in peace, she may be forced to rest in peace.

### Americans Winners World Championship for Small Bore Guns

Washington, Sept. 26.—America's rifle men have won another world's championship, defeating a picked British team for the Dewar trophy, emblematic of the small bore championship of the world, according to advices to the National Rifle association.

The American team shot the match at Camp Perry, Ohio, while the British shot at a range in England. Similar targets were used under similar conditions. The rifles were of 22 calibre. The American score was 7685 out of a possible 8000. The British made 7640. The United States has now won the match six years in succession.

### OPENING RACES WELL RECEIVED

Well run races featured the opening of the state fair card on the Lone Oak track yesterday afternoon, and while the crowd was not up to expectations it was enthusiastic in its reception of the horses and jockeys.

### What's New on the Market

BY FORREST GINN  
The wholesale price of butter raised two cents this morning. The new price is 49 and 50 cents per pound. The retail price is from 54 to 60 cents per pound.  
Yesterday afternoon the price of eggs were quoted two cents higher. The new buying price is 35 cents per dozen. Many of the local stores are paying as high as 36 and 37 cents per dozen. The retail price varies at the different stores between 39 and 45 cents.  
Peaches are now practically off the market. The only ones left are some of the late varieties and as it is always the case with late peaches, they are quite liable to have rust rot.  
Only a few pears, compared with the number on the market a week ago, are now to be found on the market.  
The greatest enemy of child life is the tape worm. It destroys health and vitality. The greatest enemy of the tape worm is White's Cream Vermifuge. One or two doses does the work. Price, 25c. Sold by Dan J. Fry. (adv)

### EXPECT MAJORITY FOR REPUBLICANS

Washington, Sept. 26.—Confidence that the republicans would have a majority of 60 in the next house was expressed today by Representative Wood of Indiana, chairman of the republican congressional committee, during a conference on the political situation, with President Harding. Mr. Wood said the republicans undoubtedly would sustain losses but that the outlook for the party was brighter than a month ago.

Mr. Wood regarded it as a certainty that President Harding would not make any political speeches in connection with the congressional campaigns. Members of the cabinet, however, are expected to participate in states where the result is likely to be close.

### JAPS OFFICIALLY DENY SALE OF SIBERIAN ARMS

Tokio, Sept. 25.—(By the Associated Press)—In a lengthy statement, the Japanese war office refutes publication charges connecting with the reported transfer of Japanese arms in Siberia from General Dietrichs, the anti-soviet leader in Vladivostok, to General Chang Tso-Lin, the Manchurian chieftain. The war office declares that the only military property handed over to civilian railway guards in the Nikolai area consisted of buildings means of communication and such a limited number of men as was required to maintain order.

### RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.  
Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenburh, the sure conquerer of rheumatism, does not how the way to stop the agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pain, he will gladly return your money without comment.  
Allenburh has been tried and tested for years, and really marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.  
Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenburh, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenburh decisively conquers the worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. All druggists can supply you. (adv)

### HOPKINS HEADS BONUS BOARD

Major Harry Brumbaugh, secretary of the World War Veterans' State Aid commission since July, 1921, today resigned, and will return to Portland Saturday to resume his duties with the Portland Railway, Light and Power company. Major Brumbaugh received a leave of absence from that company at the solicitation of Governor O'Leary to enable him to accept the position as secretary of the commission during the period of organization. This leave of absence expires August 17.

The commission today appointed as Mr. Brumbaugh's successor, Captain Allen C. Hopkins, also has been acting as assistant secretary since September, 1921. Captain Hopkins participated in the first officers training camp at the Presidio, emergency with the rank of First lieutenant. He afterward was transferred to Camp Lewis and later served overseas with the 91st division. Before coming to Salem, Captain Hopkins lived in Portland where he was engaged in handling bonds and securities.

Followers of Senator Bob La Follette see in his sweeping victory a big boost for the third national party, "of which it is hoped he may become the kernel." Evidently a nut party.

### A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every Home. A Comfort in Years to Come

Park Rapids, Minnesota.—"I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."—Mrs. Wm. JOHNSON, Box 156, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older.  
Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?
