**Love Feast**

(By Harry N. Crain.)

"God bless Jesse Winburn."

Thus did Walter M. Pierce, democratic candidate for governor and beneficiary of the philanthropic generosity of Mr. Winburn to the extent of a \$5000 addition to his campaign fund, sound the keynote of the non-partisan dinner given by the Ashland millionaire at the Albany hotel last night.

Mr. Winburn's banquet was heralded in honor of Mr. Pierce and his candidacy, but the gathering of 100 newspaper men and political warhorses got away to a bad start and wound up as a Winburn love feast, with Mr. Pierce among those present.

In applause honors Winburn scored first, Woodrow Wilson second and Pierce had a slight edge on J. R. Hunt, ex-senator from Multnomah county and republican backslider, for third place.

**Moses Toastmaster.**

Bert Moses, of Sap-and-Salt fame and old among the proteges of Winburn, in the capacity of toastmaster, first blew the note that was echoed through the speaking program, when he sang the praises due Winburn as a public philanthropist and "guardian angel" of the financial end of the Pierce campaign.

All of the speakers were duly thoughtful of Winburn and his \$5000 contribution to the cause of "true democracy."

Asserting that he was not "altogether a freckle," Winburn spotlighted the party savior attitude of his admirers and plunged into an explanation of his conversion to the Pierce cause, opening with the flat denial that he was a former Tammany man, or that he had ever been in any way connected with Tammany hall. He declared that during his 30 years in New York he could not remember ever having voted for a Tammany candidate and that, on the other hand, he had been an active campaigner for republicans and later in the Bull Moose cause.

**Explains Conversion.**

Winburn attributed his conversion to the Pierce candidacy to the democratic nominee's stand on the taxation question and the action of Governor O'Leary in not only refusing the proffered support of one of Winburn's personal friends, but in subsequently dismissing this "dear friend" from a honorary post in the state's employ. While mentioning no names, Winburn made it clear that he referred to "Pop" Gates of Medford, whose Ku Klux tendencies resulted in his dismissal from the state fair board.

Pierce, after eulogizing his "guardian angel" as a public spirited philanthropist and "a student," turned to Winburn and thanked him for his help in the campaign. "It is not the money, although that comes in handy, but the spirit in which it was given for which I am thankful," said Mr. Pierce.

Referring to an editorial in yesterday morning's issue of the Oregonian asserting that he had declared himself as opposed to the state fair and proper maintenance of the asylum, penitentiary and other state institutions, Mr. Pierce declared that the statements were wholly untrue.

"I never said that I was opposed to the state fair. What I did say was that I was opposed to a second state fair and cited an appropriation made by the last legislature of \$175,000 for a second state fair." (Mr. Pierce's reference here was to the appropriation made for the Pacific International livestock exposition of Portland.)

Athens, Oct. 5.—General Nider has been appointed commander in chief of the Greek army. The government hopes further to reinforce its army through the popular call for volunteers.

## MANY LIVES LOST CANADA FOREST FIRES

### Six Towns Destroyed And Great Damage Done In Northern Ontario Timber Belt.

Ottawa, Ont., Oct. 5.—The forest fires which have been raging for the past 24 hours in two widely separated regions of Canada, northern Ontario and the valley of the St. Maurice river in Quebec, have cost a number of lives, destroyed six towns, and according to reports reaching the Canadian capital this morning, now threaten other towns unless rain comes quickly.

North Liskeard today was added to the list of destroyed North Ontario towns. Two stone houses alone marked the spot where the village had been. It is believed several inhabitants perished.

Fire fighters reported that it would be almost impossible to prevent the fire from reaching other towns along the Temiskaming and Northern Ontario railway. The St. Maurice valley conflagration was sweeping down early today from the mountains to St. Mathieu de Caxton, which was already surrounded by flames, and to Shawinigan, Grand Mere and Grande Piles.

Quick action by fire fighters saved the village of St. Lambert in Shawinigan.

The first relief train from Cobalt arrived at North Bay today with 510 refugees, who were lodged in private homes, churches and public institutions.

Other trains were rushed to Cobalt to remove thousands of homeless refugees, who flocked there from the destroyed towns. The Sisters of Providence hospital, the Roman Catholic, Anglican, Methodist, Baptist, and Presbyterian churches and new court house of Haliburton were burned by the flames, which destroyed the town in less than two hours. Inmates of the hospital were removed in automobiles to Cobalt.

Premier Drury arrived in North Bay early today to cooperate in the relief work with George Lee, chairman of the T. and N. O. railway.

## TURKS VIOLATE AGREEMENT TO OBSERVE TRUCE

Constantinople, Oct. 5.—(By Associated Press.)—British general headquarters reports the appearance of Turkish nationalist cavalry at Kandra, in the Constantinople neutral zone.

Kandra is approximately 65 miles east of Constantinople near the Black Sea coast of the Ismid peninsula.

This is the first reported violation by the Kemalists of the Constantinople neutral zone, although Turkish cavalry has repeatedly violated the neutral zone around Chankaya, on the southern shore of the Dardanelles. The Ismid peninsula offers the only direct approach on Constantinople for land forces.

Toledo, Ohio.—Robbers early today blew a safe in the offices of Marvet & Kimmelman, manufacturing jewelers, and escaped with uncut stones and jewelry valued at \$25,000, according to a police report.

Chicago.—An unidentified man fought a revolver duel with a policeman in Washington Park last night and after being wounded staggered and fell into a lagoon and was drowned.

## What Is It To You If I'm a Klansman? Asks Walter Pierce

(By Paul P. Farrington.)

"I came to Oregon as a wandering boy. (Applause.) I have never deceived or misled anybody. (Applause.) If we are to save Oregon from communism we've got to do some thinking."

(Applause.) It was Mr. Pierce—Walter M. Pierce—talking. He was addressing the 101 persons assembled last night at the Albany hotel, banqueting as the guests of Jesse Winburn, Ashland millionaire, late of New York. Mr. Pierce was speaking very well, even though the stifled sobs, which occasionally crept into his voice, rendered enunciation difficult. Mercifully, on these occasions, the banqueters applauded with such gusto that the confessed "plain old farmer" was saved the embarrassment attaching to a manifestation of sentiment.

There is, Mr. Pierce explained in his well modulated voice, only one issue in the gubernatorial campaign. Taxation is everything—all else is as nothing. Why, it was nonsense to insist this public school bill business.

That statement almost brought down the house. Everybody, it appeared, was glad to hear that Mr. Pierce favored the law. The statement so pleased his auditors that further speech-making was, for the moment, impossible.

For studied poise, interpretative gestures, pleasing intonations, Walter M. Pierce is a Forbes-Robertson and the stage suffered a loss when politics claimed him. A benign expression on his face, he towered above the white table cloth and dispensed generalities—he said he hesitated to become specific—which tended

"What is it to you if I am a klansman?" he demanded; and the hand-clapping which followed indicated that such a possibility gave his auditors not a mite of concern. "I am making a fight on taxes and I shall not deviate from now until November. If I am elected governor the laws will be obeyed by everybody—whether they're K's of C.; K. K. K.'s or Masons."

## HOP BUYERS ARE NOT PENALIZING LOCAL GROWERS

No instances of buyers refusing to accept deliveries on hops grown in this vicinity have yet come to light, according to brokers and dealers here today. This despite the fact that the hop market is in bad shape, the quality of the hops is below normal and foreign buyers face the possibility of having to store all hops bought in this country until the large English crop has been consumed.

Reports from other hop growing sections, especially the Harrisburg district say that many growers with their hops under contract are having difficulty in getting the buyers to accept delivery whenever there is the least excuse for refusal to do so.

Dealers here credit the lack of this sort of evasion by buyers in this section to the fact that from 90 to 95 per cent of the hops grown here are under contract to English buyers, who have the reputation of keeping their contracts to the letter.

This year the English firms giving the growers every advantage possible, and are accepting all hops. They are making no deductions for the poor quality of the hops where the grower is not to blame and are insisting only on clean picking and proper drying on the part of the growers.

Reports of the last few days show that the hop market is still in the slump with little or no prospect of betterment. There are plenty of hops on the market at 10 cents, but few are being sold.

## CALIFORNIA FILES BRIEF IN JAP CASE

Washington, Oct. 5.—The state of California, through Attorney General Webb and Deputy Attorney General English, filed in the supreme court today a brief in the Japanese naturalization cases in which the argument was concluded yesterday. The brief supports the contention that the Japanese are not of the Caucasian race and therefore are excluded from citizenship by statutory provision restricting naturalization to aliens who are "free white persons" or those of African descent.

Chicago.—Eighty-three railroads of the United States, operating 25,000 miles of line and employing between 125,000 to 130,000 members of the federated shop crafts, have settled the shop crafts strike with their system federations, according to a special bulletin to all members of the organization over the signature of B. M. Jewell, president.

## 750 STUDENTS NOW ENROLLED IN HIGH SCHOOL

Seven hundred and fifty students, 80 more than were registered in the same time last year, were enrolled at the high school this morning. "We expect that there will be a number who will come in Monday morning," Superintendent of the city schools, George Hug, said. It was expected that the total registration would be over 800.

Such a large enrollment is taking the capacity of the buildings to the limit. Several rooms that had been used for manual training purposes in the various schools about the city have been fitted for class work. The fifth grade room of the Garfield school has an enrollment of 51 pupils, it was said. The first grade room of the Lincoln school has about 44 pupils. Superintendent Hug was busy this morning studying a system whereby the crowded conditions could be alleviated. He stated that at the present there was little hope for anything better.

## BROWN PETZEL COMPANY WINS LAW SUIT HERE

Parker and Banfield, a corporation, will not receive \$4,000 from the Brown-Petzel Lumber company, of Stayton. Further it will receive nothing. A jury in the circuit court here, for many hours, listened to testimony of many witnesses, last night found for the defendant company.

Parker and Banfield had contended that a bridge which they had under construction on the Santiam had been washed out by logs of the Brown-Petzel company. Negligence was charged to the company, but Brown-Petzel insisted that the false work of the bridge could not have stood the spring freshet, even had their logs not been in the stream.

Roy Shields, of Salem, and V. Lyle McCrooke, of Stayton, served as attorneys for the Brown-Petzel company. Ralph A. Coan and Chester A. Sheppard, Portland attorneys, appeared for Parker and Banfield.

## CONFERENCE AGREEMENT IS REACHED

### Withdrawal Of British And Turk Forces From Neutral Zone Provided In Document.

Constantinople, Oct. 5.—(By Associated Press.)—The Mudania conference was reconvened at 10 o'clock this morning with Thrace the chief subject for consideration. The attitude of the Greek delegates on this question was declared to be giving the conference considerable concern.

Paris, Oct. 5.—(By Associated Press.)—An agreement has been reached by the conference and will be signed some time today, according to private dispatches received today.

**Protect Neutral Zone.**

The main lines of the agreement, says the Figaro, are:

First—The British and Turks both to withdraw from the neutral zone on the southern shore of the Dardanelles, the British at Gallipoli and the Turks behind the line formed by the rivers Granicus and Skamander;

Second—The Turks agree that the allies remain in Constantinople during the peace negotiations, on condition that Kemal civil authorities are also installed there.

**Must Evacuate Thrace.**

Third—The Greek army to evacuate Thrace within 10 days.

If the Greek government refuses to give the necessary orders, the allied fleets are to blockade the Greek ports and the Kemalists forces cross the Dardanelles and drive the Greek troops out of Thrace.

The dispatches do not say whether the Greek representatives accepted these conditions.

Constantinople, Oct. 5.—(By Associated Press.)—According to telegrams from Turkish sources in Mudania, the agreement regarding the neutral zones reached by the allied and Turkish representatives provides that no fortifications shall be constructed on either side of the straits of the Dardanelles, and that the British military operations in Turkey shall cease.

## STRIKE LEADERS PERSECUTED SAYS CRAFTS ATTORNEY

Chicago, Oct. 5.—Appearing before Federal Judge James Y. Wilkerson today Donald R. Richberg, attorney for the railway shop crafts, accused the department of justice of lack of good faith in the proposed to expedite final disposition of the injunction case against the rail strike leaders.

Mr. Richberg declared that he and associate counsel had "held a very unsatisfactory conference" with Solicitor General Beck, after a futile attempt to see Attorney General Daugherty in Washington, with reference to an early final hearing on a review of the interlocutory injunction handed down by Judge Wilkerson on September 25.

The shop crafts' attorney said he would "seek to obtain protection of the rights of the defendants through orders which the court may enter and through procedure which the court may adopt, despite the manifestation of two attorney general to the entry of any order of the adoption of any procedure which will protect the defendants from the abuse of official power."

The use of the summary equity procedure to obtain a tentative conviction of 400,000 men of criminal conspiracy upon evidence found solely in an undigested mass of ex-parte affidavits reeking with hearsay and perjury has been by means of depriving these men of liberty and property so long as the interlocutory injunction remains in force.

Safeguards protecting the "vilest, most notorious criminal" caught red handed have been denied to 400,000 industrious, law abiding citizens and their leaders," he continued.

Cleveland.—The policy committee of the United Mine Workers of America reaffirmed the demands of the February, 1922, convention of the union in Indianapolis, demanding the continuance of the present wages in coal mines until 1925, and in addition, the 24-hour day and five-day week, time and one-half for overtime work and double time on Sundays and holidays.

## SECOND WORLD'S SERIES GAME CALLED IN TENTH BECAUSE OF DARKNESS

### Giants and Yankees Battle To Extra Inning Without Breaking 3 to 3 Deadlock—Contest Brilliant Battle of Pitchers—Ward Gets First Homer and Provides Real Thriller For The Crowd.

Polo Grounds, New York, Oct. 5.—(By Associated Press.)—The Giants and the Yankees battled for ten innings to a tie score when darkness called a halt. The Giants might have been able to play their half of another inning but the light was fading fast, and Umpire Hildebrand realizing that the Yankees would have to go to bat in near darkness called the game.

Thirty-six thousand persons or more saw the pitchers battle in which Barnes and Shawkey fought it out. The Giants made their three runs in the first inning on singles by Groh and Frisch and a home run by Meusel. They did little with Shawkey thereafter. Barnes used a slow ball throughout the contest. The Yankees scored their first run in the opening frame when Bancroft made a bad error and Pipp came through with a single. Ward made a home run in the fourth and the Yankees scored their third run on doubles by Ruth and Meusel in the eighth.

The following score by innings tells its own story:

Frisch got a Texas leaguer into left field which Scott could not quite reach. Groh went to second. Meusel up. Meusel hit a home run into the left field stand scoring Groh and Frisch ahead of him. ## HOLD AUTO CAMP BIGGEST ASSET FOR A COMMUNITY

"I am convinced that the auto camp grounds is one of the biggest assets a community can have and favor the movement of the city acquiring the title to the present camp site," A. C. Bohrnstedt, president of the Salem Realty board, at the first of their luncheons since the summer months held today at the Marion hotel.

Mr. Bohrnstedt in company with Mrs. Bohrnstedt, his daughter Albert, and Dean Hutton, returned last week from a 3200 mile trip to and from Estes park, Colorado, where he attended the western agents convention of the Connecticut Mutual Life Insurance company and on the way to and from there took notes concerning the conditions of other parts of the west as compared with the Willamette valley.

At Boise, Mr. Bohrnstedt says that he was struck by the condition of the camp and realized that tourists who were seeking homes and business locations would stay in a good camp several days and possibly through staying would locate. A large auditorium built by the business and labor interests, with a large fireplace provides a place where the tourists can gather and visit.

It was also said that the condition of the Oregon roads, as a whole, were better than those of any other state through which he traveled. The completion of the highway over the Blue mountains is going to be one of the greatest things that could happen to the Willamette valley, because Oregon will offer by far the better route for tourists bound for the south, he said. A resolution which was addressed to the state Chamber of Commerce was passed at the luncheon asking that body to place a visit Oregon sign near Granger, Wyoming, the gate ways to the west.

A resolution was also introduced and passed commending Senator McNary in his effort to secure legislation to provide a permanent revolving fund to care for the irrigation and drainage projects of the country. "Such a plan would be a great thing for the northwest," Mr. Bohrnstedt said.

## LIQUOR LOADED LAUNCH CAPTURED AT EVERETT

Everett, Wash., Oct. 5.—A fifty foot launch containing liquor valued at from \$10,000 to \$15,000 was captured last night on the Stillamish river near Stanwood by federal officers. The boat refused to stop and was fired upon by officers ambushed on the bank. Clarence Chambers, alleged to have been at the wheel, was wounded in the knee and is now in a hospital at Stanwood, and George Watson, arrested on the boat is in jail at Stanwood.
