

OREGON COACH CONFIDENT OF BEARCAT GAME

University of Oregon, Eugene, October 6.—(Special)—Oregon's 1922 football team, already above par, took another spurt upward this week when "Cogs" Campbell, 200 pound tackle and former O. A. C. rook star reported for practice. Campbell started showing his "ares" immediately and the way he cavorted about the gridiron brought joy to the heart of Line Coach Spellman to whom the tackle position had been more or less a bothersome one. Spellman faces the task of reorganizing the entire left side of his line due to the graduation of "Spike" Leslie, tackle, and Mart Howard, end, and the illness of "Tiny" Shields, left guard. The right side of the line will be intact as of last year.

After opening the season with a 27 to 0 victory over Pacific university last Saturday Coaches Huntington and Spellman are putting the squad through a series of hard workouts this week in preparation for the next game of the season Saturday when the Willamette university eleven will be played here. Huntington does not intend to let the Bearcats return home victorious and he hopes to win without having to use any of the new plays he has concocted. He would rather win by a low score than extend the team to the utmost for a greater victory.

Coach Huntington admits he has material on hand to cause him to grow enthusiastic but everything is not ideal by any means. The absence of "Tiny" Shields and "Prink" Callison, two year lettermen guard and center, is proving a setback in the progress of the eleven. Neither man will be in condition to play before the Idaho game, October 28, and in the meantime new men must be groomed for the position while the two veterans on the sidelines miss all the early season conditioning work.

Unless Willamette shows unexpected strength Huntington will give his entire varsity squad an opportunity to play in Saturday's game. If this is the case the following men will probably get into play: Bud Brown, Spears, Blise, end; Campbell, Vander Ahe, McKown, tackles; Parson and Floyd Shields, guards; Reid and Gram, Latham, Chapman and Byler, center; King, Johnson, Brown, backfield.

Huntington has a flock of candidates reporting nightly with three teams in action during the past week. Ten football lettermen are back in college.

The Southern Pacific will offer fare and one half rates for round trip tickets to Willamette fans who desire to accompany the team to Eugene. These tickets will be good for a return trip on either Saturday or Sunday.

TURKS WANT BLOODLESS PEACE, KEMAL'S CLAIM

Angora, Oct. 6.—(By Associated Press).—In an address before the national assembly, Mustafa Kemal Pasha said it was the desire of the nationalists to secure the national aims without bloodshed. This peaceful policy was interpreted by Turkey's enemies, he asserted, as an indication of weakness, if the nationalist army had to attack. The offensive was well prepared and would be carried out and crowned with success.

There are suckers who get caught in financial schemes, and there is the poor fish who thinks 'two can live as cheaply as one.'—Crane America.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women—whether you will ever build yourself up to your normal, full-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, it cures neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the bitterness from the eyes, and it fuses Falter Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, itchy blotches are being removed. Medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

JOYCE SUED FOR STEALING LOVE

Chicago, Oct. 6.—David Gage Joyce, wealthy lumberman, has 13 days in which to make legal reply to the charge that he alienated the love of his wife, Mrs. Beatrice Esch Joyce, from his former friend and her former husband, Edward E. Esch, wealthy clubman and automobile dealer.

Esch has sued the lumber man for \$500,000. Joyce married Mrs. Esch three days after the suit was filed at the 1135cayne Bay estate at Miami, Fla., which his brother, J. Stanley Joyce, purchased for Peggy Hopkins Joyce, his former wife, before Peggy made her latest exit from matrimony.

Service in the alienation suit was obtained on Joyce yesterday.

MANY IDLE MEN TO COME THIS FALL, POLICE OPINE

Indications are that there will be many "floaters" on the road this fall and winter, according to Sergeant Elmer White. Already the night patrolmen, who meet the trains, have found many youths "beating" their way through the country.

Most of the drifters, according to the police, are able-bodied men with but little excuse for being idle.

With last night fairly cold, seven men applied for sleeping quarters in the city jail. They gave their names as Dick Frisko, Frank Davis, George Brown, U. Lawrence, Harold Gest, Jack Connelly and C. Masch.

Some foreigners are visiting New York to learn what effect prohibition has on this nation. From there they go to Ireland, we suppose, to learn effects of peace.

ROSTEIN & GREENBAUM HOSIERY

Not how cheap, but good Hosiery

Ladies' black Wool Hosiery at \$1.00, 75c, and 50c a pair

OLCOTT REPLIES TO OVERTURF IN BONUS MATTER

Alleged irregularities in connection with the appraisal of property offered as security for soldiers' loans in Deschutes county, will be presented to the grand jury which will convene there late in October, it was announced today. The state will be represented at the hearing by the special agent who investigated the appraisal and by officers of the veterans' state aid commission.

Action of the world war veterans' state aid commission in removing H. J. Overturf as a member of the board of appraisers for Deschutes county was not actuated by a personal animosity on the part of Governor O'Leott, but was the unanimous decision of the members of the commission after conducting an investigation of the appraisements approved by Mr. Overturf and O. B. Hardy, who was removed at the same time, was the statement made by the executive here today.

Replies to Overturf.

"H. J. Overturf has intimated through the press that any action which may have been taken in regard to his activities as an appraiser for the bonus commission in Deschutes county was to an extent actuated through animosity I may have toward him in connection with some irrigation bill which he introduced in the legislature," said the governor's statement. "It is not my custom to pay attention to derogatory statements, but in this instance a reflection is directed against the bonus commission. In justice to the commission I feel the situation should be made clear.

"I am but one member of the commission, the others being Arthur C. Spencer, a leading attorney of Portland; Lyman G. Rice, a prominent banker of Pendleton; Sam A. Kozer, secretary of state, and George A. White, adjutant-general of Oregon. The action of the commission in the matter of the Deschutes county appraisers was a unanimous action on the part of these gentlemen and myself and no thought of Mr. Overturf's personality or personal connections entered into it in any way.

"In regard to the irrigation bill which he mentioned, I wish to say I had no particular knowledge of the bill until it came to my desk for approval or veto. I submitted the bill to the proper state authorities having knowledge of such matters. I was advised, after the bill was given a careful examination by such authorities, that the bill was unnecessary; that it would raise doubts as to points of

law already adjudicated through the highest court of the state, and, in short, possibly would cause an unsettled condition in irrigation affairs with no consequent good to offset it.

"Acting upon this advice I vetoed the bill and I think very properly. The fact that Mr. Overturf introduced the bill had no effect whatever upon my action. Had it been considered proper and advantageous legislation I would have as promptly approved it, regardless of its introducer.

"I believe these facts should be known in justice to the members of the bonus commission who acted in Mr. Overturf's case for the same reason I acted on his bill—for what was deemed the best interest of the state."

TEAMS REFUSE TIE GAME MONEY GIVE TO CHARITY

New York, Oct. 6.—(By Associated Press)—Giants and Yankees, having attempted to appease thousands of fans who were not a whit satisfied when the second world's series game was called by umpires in the tenth inning with the score tied 3 and 3 and giving the entire day's receipts to disabled soldiers and charity, today returned to the business of settling the championship.

The umpires said it was too dark to play when they called the halt but there were few fans who agreed with them about the conditions of daylight. It may have been dark; may be Umpire Hildebrand was fooled by Coogan's bluff which plays queer tricks with its shadows some times. Anyway there was quite a difference of opinion in the matter.

Some three or four thousand of the fans could not forget their dissatisfaction. They had watched the Yankees fight a long, uphill battle after Irish Meusel's homer into the left field bleachers had counted three runs for the Giants in the very first inning, and they wanted to see the finish. They rallied at the umpires until the umpires found cover, then
