

SECOND KLAN ENTERS FIELD

Deposed Goblin Organizing Rival Society Of Same Name, But Minus Mask Features.

Atlanta, Ga., Oct. 9.—Officers of the Ku Klux Klan have admitted they were preparing to combat stiff competition in the very near future.

This statement was made after incorporation of the rival "National Ku Klux Klan," with headquarters in Delaware, but authorized to organize anywhere in the United States, was announced here by W. S. Coburn, an Atlanta lawyer, former grand goblin of the clan.

"We are going to discard the mask and other un-American features of the old Klan," said Coburn, "and we expect to place high class Americans at the head of the new order. We are assured of winning over a great portion of the personnel of the old order, and from the way things look at the outset there will be only one Ku Klux Klan in this country in a short time."

The western and eastern states will line up solidly with the new order and heavy inroads will be made on the present Klan membership in the south, Coburn declared. Continuing he said:

"The mask is a menace, and is one of the causes of the downfall of Colonel Simmons' empire. The conditions that have existed in the imperial palace during the Clarence-Tyler administration, and the lawless outbreaks in various parts of the country, accomplished the rest toward making it possible to set up a new organization that will become powerful with great rapidity."

Coburn said foreign-born persons would be admitted after naturalization, and that fees and assessments would be somewhat lower than the scale put into effect by Imperial Wizard Simmons and Imperial Kleagle Edward Young Clarke.

WORLD'S SERIES STARS TO TOUR THRU FAR EAST

New York, Oct. 9.—(By the Associated Press)—At least three members of the New York Giants, world's champions, and three of the New York Yankees, the losing team in the series that ended yesterday, will participate in the tour of the Orient that has been organized to further the growth of baseball beyond the Pacific.

While the official roster has not yet been completed for the party that will gather at Chicago next Sunday to sail from Vancouver, B. C., in time to reach Yokohama October 31, it is known that George Kelley, whose hit won yesterday's game for the Giants; Art Nehf and Emil Meusel, the slugging outfielder, will go from the Giant squad.

From the Yanks will be Joe Bush, who pitched two losing games for his team, including that of yesterday; Walter Hoyt, the sensational boy pitcher and Fred Hoffmann, second string catcher.

Other players billed to go are Tom Griffith of the Brooklyn club; Joe Sewell and Stephenson of the Cleveland Indians; Amos Strunk and Paik of the Chicago White Sox and John Lavan of the St. Louis Cardinals.

The men are selected not only for ability but for their gentlemanly conduct on and off the ball field, and their selection is subject to the approval of Commissioner Landis.

Games will be played in Tokio, Osaka and Kobe, Japan; Korea, Manchu, China, Philippines and Hawaii, the team returning to the United States early in February.

DALLAS LEGION POST TO CELEBRATE NOV. 11

Dallas, Or., October 9.—Carl B. Preston Post No. 29 American Legion of Dallas, will celebrate Armistice Day next month in a right royal manner, this action being decided upon at a meeting of the organization held in the armory building, Friday evening. This was the first meeting held this winter and active plans were laid for the coming winter activities. Definite plans regarding the celebration have not as yet been fully decided upon, but preparations are being made for a large parade by the ex-service men to be held in the early afternoon. This parade will also include the members of the ladies' auxiliaries and fraternal and civic organizations. It is also planned to have a good football game during the afternoon and a banquet and free moving picture show in the evening. The day's festivities will end with a big dance in the armory.

NEW TREASURY BOND ISSUE IS MELLON'S OFFER

Washington, Oct. 9.—In order to place refunding operations for the short debts partly on a longer term basis, Secretary Mellon is offering for subscription an issue of about \$500,000,000 of 4 1/2 per cent 30-year treasury bonds—the first government bond issue since the fourth liberty loan issue, of the last month before the armistice.

The new issue, as announced last night, will be dated October 16, 1922, bearing interest from that date, payable April 16 and October 16 on a semi-annual basis. Although the date of maturity is October 15, 1952, the bonds may be redeemed at the government's option after October 15, 1947.

Besides bearer bonds, with interest coupons attached, in denominations of \$100, \$500, \$1000, \$5000 and \$10,000, the issue will comprise registered bonds in denominations from \$100 to \$50,000, although applications for any amount in excess of \$10,000 will be received, subject to allotment. All will carry the usual tax exemptions provisions.

DEMAND JURIES BE KEPT FREE OF KLAN MEMBERS

Chicago, Oct. 9.—Resolutions adopted by the juries movement at a meeting last night condemning the Ku Klux Klan and demanding that no Klansman be accepted for jury service, were sent to all the judges of Cook county today.

The resolutions said the Klan "is seeking to destroy the dignity and purposes of our courts by substituting their own secret accusations, secret evidence and secret executions upon citizens of the United States."

"They are directly corrupting the jury system, both petit and grand, by carrying their awns and secret animosities into the halls of justice."

BRINGING UP FATHER

SAYS HARDING EARNED PRAISE FOR BONUS VETO

Del Monte, Cal., Oct. 9.—President Harding deserved the nationwide commendation he received for the honesty of purpose and political courage he displayed in vetoing the bonus bill," Howard F. Beebe, New York, president of the Investment Bankers' association at the opening here today of its eleventh annual convention. Delegates representing many millions in municipal and other investments are present from all parts of the country.

The convention will end Thursday with the election of officers and the consideration of invitations from cities desiring the 1923 convention.

Mr. Beebe charged that union labor "had refused to accept its share of the readjustment burden" and that the federal and state legislatures "rush forward with measures designed to control business, but seem to be reluctant to insist that labor should be properly organized and held to account for its actions."

Discussing the bonus, Mr. Beebe said: "Without attempting to express an opinion as to whether a bonus should be paid and if so, to whom, it is clear that the bill which was vetoed failed specially to provide means of paying the obligations assumed. The bill as passed would have burdened the banks of the country to the detriment of regular business and would have made it well nigh impossible for the treasury department to arrange a comprehensive budget."

The efforts of congress on the tariff "have apparently met with little approval from men of sound business judgment and unprejudice view," Mr. Beebe said. "Activities in this direction certainly point strongly to the advisability of a permanent tariff commission, despite the many valid objections which may be raised against that method of handling the situation."
