

AIRSHIPS READY FOR FINAL FLIGHTS IN PULITZER RACE

Mount Clemens, Mich., Oct. 10.—Selfridge field, near here, probably was the busiest aviation center in the country today. With 150 or more airplanes of all types that begin tomorrow and with others arriving throughout the day, the reservation resembled a huge reception park for army, navy and commercial pilots coming to take part in the three days program, or to witness the contests.

Final tests of the racers were under way today, all of the navy's entries in the Pulitzer race being put through their final workouts.

The navy's "mystery ship" which has been under guard day and night since it arrived at Selfridge, was assembled yesterday and flown for the first time this morning by Lieutenant L. H. Sanderson of the marine corps, who will pilot it in the Pulitzer race.

When the veil of mystery was lifted the ship was designated the "Wright navy flyer." It is powered by a 650 horsepower Wright engine and embodies so much that is new and experimental that Rear Admiral Moffett, head of the navy's aero arm, has dubbed it the "flying laboratory." A stream line landing gear, the lower plane sheathing the wheels to break wind resistance, is one of the new features.

SCOTT MADE BEST PITCHING RECORD

New York, Oct. 10.—The five pitchers who twirled the Giants to their second successive world's championship allowed an average of 1.76 earned runs as compared with an average allowance of 3.32 earned runs by the five Yankee moundmen, according to official pitching records for the series, made today.

Jack Scott, who scored a brilliant shutout over the Yanks in the third game of the series, easily ranged as the most effective of the Giant staff. Aside from Sam Jones, who worked but two innings, Walte Hoyt led the Yankee hurlers with an average of but 1.12 earned runs.

Nehf, who pitched two games, permitted an average of 2.25 earned runs per game. The others ranked: J. Barnes, 1.80; Shawkey, 2.70; McQuillan, 3.00; Mays, 4.50; Bush, 4.80.

RAILROAD EARNINGS CUT DOWN BY STRIKE

Washington, Oct. 10.—Railroad earnings during August, a month when the shopmen's strike was putting most of the lines to extraordinary expenditures, amounted to \$52,579,799, according to interstate commerce commission reports compiled today by the Association of Railway Executives. This was the lowest amount earned in any month since May, 1921, and was estimated by the association to represent an annual return rate of 2.65 per cent on the tentative value of property investment in railroads.

In August last year the reporting roads earned \$90,160,000 and in earlier months of the present year the earnings totals were considerably larger. For the first eight months of 1922, including August, reporting railroads earned a net income of \$471,183,000 which was considerably better than earnings of previous years over the same period.

PRINCESS VLORA DIVORCED

Paris, Oct. 10.—(By Associated Press.)—The divorce was registered today of the Princess Vlora, formerly Mrs. Helen Kelly Gould of New York city, from Prince Houreddin Vlora of Albania. The record shows that the divorce was granted at the wife's request, and the prince did not appear to contest the suit.

12 Year Old Boy Academic Prodigy to Break Records

New York, Oct. 10.—Columbia university's latest academic prodigy, Daniel Berman, 12 years old, who hails from Galveston, Texas, told his professors and classmates today that he expected to complete his four-year-course in two and one-half years. If he does, officials at the university say he will establish a world's record, even for prodigies.

Daniel, who entered the freshman class this fall, yearns so much for an education that he will attend summer school. He only weighs 38 pounds but has hopes of putting on enough weight to play football. He expects to become a lawyer.

ATHENIANS FEAR ROYALIST COUP

Athens, Oct. 10.—(By the Associated Press.)—Members of the Athenian clubs who favor the old regime are in possession of a large number of rifles, which is said to be the reason for the warning against possible reactionary movements issued by Colonel Gonatas, military dictator of the new Greek government.

It is understood the army favors immediate proclamation of martial law throughout Greece as the best means of recovering these arms and averting possible bloodshed. The cabinet, however, hesitates to ratify such a measure, as it fears this would produce the impression that the revolution was strictly in tendency rather than liberal.

ENDEAVORS PLAN RALLY ON THURSDAY

A pre-convention rally for all the members of the Christian Endeavor organizations of Salem and vicinity is announced for Thursday evening, Oct. 12, at the First Presbyterian church. A number of talks and inspirational talks and special music are to have place on the program. Paul Brown, San Francisco, international secretary of the Christian Endeavor, is to be present and deliver the main address.

The meeting is being held to arouse enthusiasm for the convention of all the Endeavors of the country to be held Saturday and Sunday, Oct. 28-29, at Pratum. Most of the people who will attend the convention will go by auto, returning to their homes in the evening and returning the next morning. Hence the need for entertainment would be practically none and it was thought best to have the convention at Pratum so that the rural districts could be reached better.

Stegler of Philadelphia, who is to leave this city tonight for his home after a visit to the islands.

Mr. Stegler was commissioned by fellow alumni of the university to get into touch with General Wood, who is now on his third leave of absence from the university, to expire January 1.

M'MINVILLE TO PLAY BEARCATS OCTOBER 21

Word was received by Coach Bohler of Willamette university this morning from Coach Pettit of Linfield college, McMinnville, stating that the Baptists would accept the offer of the Bearcat coach for a game on Saturday, October 21, on the condition that the game be considered as an informal meeting and not as a regularly scheduled contest.

The desire to have the game more of a practice game is thought to be because of the fact that this season is the first year for some time that the McMinnville college

CIVIL WAR AGAIN MENACES CHINA

Amoy, China, Oct. 10.—(By the Associated Press.)—Real war is growing out of the tense military situation in this province, Fukien. Invading forces, seeking to supplant the provincial government, are nearing Foochow, the capital.

General Hsu Tsung-Chi, who formerly commanded an army under Sun Yat Sen, the deposed president of the south China republic, is leading one of the invading armies, and he defends the attack on the ground that it is intended to eliminate Li Hsu-Chi, the military governor whom Hsu terms a public enemy. General Hsu charges that governor Li "willfully resorts to warfare with out considering the interests of the people and has abandoned civil government, oppressed public sentiment, embezzled public funds and slaughtered innocent students."

Chinese think the expedition against Foochow is a political move made by the Sop Yat Sen faction to establish a foothold and a base for future operations.

GIANTS AND YANKS SPLIT PRIZE MONEY

New York, Oct. 10.—They New York Giants and Yankees today had received their share of the world's series money. The Giants split \$111,289 into twenty-five shares of \$4,451 each, while the Yankees divided their total \$74,192 into twenty-six shares of \$2,853 each, the difference between the winning and losing shares being \$1,598.

The Giants apportioned the money among themselves and no announcement was made as to which players received full shares. Regulars with the team throughout the season, of course, received full share, but if the team followed last year's precedent, such players as Hugh McQuillan and John Scott, who joined the club in mid-season, would get only half portions. Others, including Blume, McPhee, Maguire, Shinnery, King and Hill, figured to get smaller shares.

Twenty-five players on the Yankee roster received full shares. It was announced, while a twenty-sixth portion was divided as follows:

- Coach Frank Roth \$500.
- Ground Keeper Phil Schenck \$500.
- Mascot Eddie Bennett, \$300.

TO BAR KU KLUXERS FROM JURY DUTY

Chicago, Oct. 10.—Resolutions adopted by the people's movement at a meeting last night condemning the Ku Klux Klan and demanding that no Klansman be accepted for jury service, were sent to all the judges of Cook county today.

The resolutions said the Klan is "seeking to destroy the dignity and purposes of our courts by substituting its own secret accusations, secret evidence and secret executions upon citizens of the United States. They are directly corrupting the jury system, both petit and grand, by carrying their sworn and secret animosities into the halls of justice."
