

### SEEK REMOVAL OF DR. FOSDYK FOR HERESY

Philadelphia, Oct. 18.—Protesting that doctrine contrary to the Presbyterian confession of faith is being preached from the pulpit of the First Presbyterian church of New York city, the presbytery of Philadelphia has petitioned the general assembly of the church to take cognizance of this alleged fact, it became known here today.

The pulpit of the first Presbyterian church of New York city is occupied by the Rev. Harry Emerson Fosdyk, a Baptist clergyman. The Baptist minister occupies the Presbyterian pulpit through the efforts of the New York congregation which considered him an unusually brilliant preacher.

The action of the Philadelphia body, it is understood, revolves around a sermon preached by the Rev. Mr. Fosdyk last May entitled "Shall the fundamentals win?" and was calculated to deliver a hard blow at the fundamentalists, who have created a controversy within the Baptist church.

Another criticism made of the Rev. Mr. Fosdyk's preaching is that he compared the Bible with the Koran.

### KLUXERS CONTROL POLITICS

(Continued from Page One.)

Primary election campaign in January the Klan turned to new tactics in Umatilla as it did elsewhere in the state and political scheming began to take the place of former purely mercenary campaigning. The leaders then turned their attention to capitalizing political dissatisfaction of the "outers," and painted glowing pictures of a new order of things in which all political grievances would be righted.

One of the first political moves was the attempt of the Klan to purchase the Tribune and thus destroy the opposition to their program. Negotiations for the deal were conducted by S. B. Sanderson, nephew of Fred L. Gifford, cyclops of the Portland Klan and a leader in the state-wide political movement of that body. Sanderson was the publisher of a weekly newspaper at Preswater, a member of the Klan, and campaign manager in that section of the state for Charles Hall. Negotiations for the purchase of the Tribune never got beyond the proposal stage.

**Klan Ticket Nominated.**—Until the votes in the primary election had been counted the full strength of the Ku Kluxers in Umatilla county was never fully realized. The nominating contest was a clean cut victory for the yellow ticket candidates, as in opposition to the ticket endorsed by a campaigning committee of regular republicans. On election day the yellow tickets were everywhere, even in the polling booths. Umatilla county returned plural-

ties and nominated a straight ticket of Ku Kluxed republicans as follows:

Governor—Hall, by a plurality of 700 over Olcott.

State treasurer—Hoff.

Labor commissioner—Dalziel.

Public service commissioner—Thiehoff.

Congressman—James H. Gwinn, by majority of 900 over Sinnott.

State senator (Joint with Morrow)—C. R. Eberhard.

State representative (Joint with Morrow county)—A. J. Smith.

State representative—L. L. Mann.

County treasurer—H. J. De Hart.

**Now Oppose Ritner.**—Proposed opposition to the renomination of Senator Roy Ritner floundered because of the unwillingness of prospective candidates of any public standing to oppose him, and because of the friendliness of the East Oregonian, the evening Pendleton paper that espoused the cause of most of the Klan candidates, toward Ritner.

The agreement of the Ku Kluxers to let Ritner alone was, however, short lived, and the primary was hardly over before they began agitating the independent candidacy of L. A. Reineman, former watermaster for Umatilla county. Early in the summer nominating petitions in his behalf made their appearance and were circulated by Klansmen. The affidavit to Reineman's nominating petition, on file in the office of the secretary of state, is signed by S. B. Sanderson and R. E. Bean, both Ku Kluxers, and the individual sheets of the petition are vouchered for by such Klansmen as R. W. Sinclair, secretary of the Klan and former special police officer in Pendleton. Manuel Friedly and a dozen others. Included among the signers of the petition was L. C. Arterburn, a barber, who through the Ku Kluxing of the party became treasurer of the republican county central committee, and seven other members of the county committee.

**Party Control Secured.**—The Kluxing of the republican county central committee was one of the first results of the primary victory of the Klan. At the organization meeting the Klan slate carrying A. G. Hall for chairman, Arterburn for treasurer, and Joe H. Parkes for secretary, was put over with little opposition, each of the officers being seated by a like vote, 23 to 18, in a balloting that was purely Klan and anti-Klan in its alignment. Vacancies in the committee have all been filled with Klansmen.

The Klan goes into the general election battle with not only a complete state and county ticket, but has also placed a city ticket in the field headed by Judge James A. Fee for mayor.

Pendleton has so far managed to keep its great annual festival, the Roundup, comparatively free of the destructive Klan influence principally because of the hands-off edict of powerful independent leaders. But other community enterprises have not been so fortunate.

nate and long-standing social alliances have been split wide open.

**Attack Hospital.**—A strong instance of destructive activity of the Klan upon public welfare projects is evidenced by the campaign waged by the Kluxers in Umatilla county against the Catholic hospital maintained and operated in Pendleton by the Sisters of St. Francis. Since the days when they first started their missionary work among the Umatilla Indians the Sisters had provided the hospital facilities for the community, administering to the needs of Protestants and Catholics alike. To care for the increased needs for space the Sisters were, at the time the Klan entered the city, constructing a \$200,000 addition to their institution that would fill the hospital needs of that section of the country for years to come. The entire project had been financed by the Catholics without asking a cent in the way of public contributions, and the modern brick structure was well under way.

**Public Trust Evident.**—The position of trust and esteem which the institution had enjoyed is amply evidence by the fact that Protestants and Catholics alike had voluntarily cooperated in furnishing and equipping wards in the hospital previous to the coming of the Klan.

One of the first enterprises launched by the Ku Kluxers was a movement to finance an opposition hospital by public subscription, with the goal set at \$200,000. After a year of campaigning they have secured the donation of an abandoned church building and pledges for less than \$10,000 toward their hospital fund.

In Pendleton, as elsewhere, the character of its leaders is the best indication of the nature of the order. With "Palace Car Conroy, so nicknamed because of his propensity to sell vanilla extract in drinking quantities to boys and Indians, as cyclops, the Klan is officered and led by professional politicians and their immediate followers.

**Sought Scandal Stories.**—Considerable light shed on the character of their operations by the fact that Klan influences offered a certain Dallas, Oregon, man \$25 for any story reflecting upon the character and integrity of Harry L. Kuck, editor of the Tribune, and that "Three Fingers Jack" Godwin, Klan lecturer, took such a scandalous story against Kuck to a Portland newspaper with the request that it be published, which was refused.

**MONMOUTH GRANGE OPENS FALL SEASON**

Dallas, Oct. 18.—The opening of the fall and winter season for the Monmouth grange took place with the meeting held in that city last Saturday. In common with other farm organization locals the activities of the grange had been at a low ebb during the grain and fruit harvest seasons.

Plans for a heavy increase in membership and a heavy program of community work were gone over in detail at the meeting, it is said. Recognition of the problem of the Oak Grove grange in erecting a new and modern community house after the loss of the old building this summer was made and all possible assistance of the Monmouth unit of the organization pledged.

In common with the usual practice of this organization a basket dinner was served at noon. Plans are now being considered to meet twice monthly during the coming winter season. It is reported that the initiatory and routine work of the local has become so heavy that one meeting a month does not give sufficient time for the discussion of timely topics and for meetings open to the public.

**MRS. HALL AND WILLIE AGAIN UNDER PROBE**

New Brunswick, N. J., Oct. 18.—Mrs. Frances Stevens Hall and her eccentric brother, Willie Stevens were taken to the court house by Detective Fred David yesterday for further examination by authorities investigating the murder of Harry L. Kuck, editor of the Tribune, and that "Three Fingers Jack" Godwin, Klan lecturer, took such a scandalous story against Kuck to a Portland newspaper with the request that it be published, which was refused.

(Tomorrow—The Klan in Other Sections Along the Upper Columbia River.)

### TWILIGHT SLEEP TALK IS TRUTH

Hot Springs, Ark., Oct. 18.—Criminals can be forced to tell the truth regarding their offenses while under the influence of scopamine anesthesia, or as it is better known, during "twilight sleep," according to Dr. E. E. House, Ferris, Texas, physician, who has asked the endorsement of the medical association of the southwest for a proposed experiment on a thousand prisoners in the Leavenworth Kan., penitentiary to demonstrate his theory.

Dr. House has been experimenting with the anaesthesia for five years, he told members of the association and declared in that period, during which he had tried the "twilight sleep" method of securing evidence on a number of alleged criminals and others in his own state, he "had never failed in any attempt to rob the mind of its stored truths."

The anaesthesia does not produce a voluble condition, he said, "but at its most potent stage, questions can be propounded and without failure as yet, answers have been forthcoming."

**Home Orchard Profitable.**

Dallas, Or., Oct. 18.—Mrs. Gilbert P. MacGregor, whose home is in Dallas at 609 Shelton street, has demonstrated that fruit can be raised within the city limits and sold as advantageously as the farmer can bring his country raised products to the city and dispose of them. At her home she has apple trees of the Spitzenberg and Arkansas black varieties

which are 12 years old and have been bearing for the past 5 years. This is the first year that she has realized anything from their commercial value and she has disposed of her entire crop to the Oregon Growers Packing corporation, realizing a neat sum from their sale.
