

**NIGHT RIDERS
SEEK TO DELAY
MEDFORD TRIAL**

Medford, Or., Oct. 20.—Continuance of the trials of the six alleged night-riding defendants—all prominent and well known citizens of this city and Jacksonville, from the term of the circuit court beginning next Monday, until the February, 1923, term, was sought in a motion filed with the county clerk today. Arguments on the motion are expected to be called for Saturday, with Assistant Attorney General Liljeqvist and District Attorney Moore contesting the action.

Ground for the granting of the motion were cited and enumerated as follows:
Lack of time to assemble evidence, interview witnesses and gather new evidence and retirement from the case of J. A. Jeffery, attorney of Portland, after the demurrers to the indictments had been filed.

Hostility of the local and press of the entire west coast of the United States, alleged to have been filled with "infamatory articles," against the Ku Klux Klan, of which "these defendants are alleged to be members."

Charges that the indictments "are in the nature of political indictments and that the calling of the cases shortly before or immediately after the coming state election would be prejudicial to the defendants," and that the Jackson county situation is being used "for and against certain candidates in the campaign."

"The continuous vilification of the Ku Klux Klan by certain well known citizens" is alleged to have prejudiced the people against the defendants.

The calling of the trials at the coming term, it is alleged, would cause the Medford and Jacksonville papers to fill their columns "with attacks against the defendants."

**LONDON PRESS
GLAD OF CHANGE**

London, Oct. 20.—(By Associated Press.)—The majority of London's morning newspapers being anti-coalition, the fall of the Lloyd-George ministry is mostly welcomed by them today as riding the country of government whose policies have been so long condemned, and opening the way for what they hope will prove a saner administration.
The Times believes the effect would be beneficial everywhere. It declares the country wants "to return to the normal ways of life and to feel that its welfare is in the hands of men of sound sense, less anxious to shine as individuals than to merit confidence as faithful wardens of the public good."
The Morning Post regards yesterday's events as a considerable victory, won in the interests of the country, not less than in the interest of the conservative party.

**Skin Ablaze
with Eczema
Constant Itching Almost
Unbearable!**

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to

exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-dragging torture and its soul-tearing, unreachably itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been doing it since 1888! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known in our world! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My little girl had a very bad case of eczema. She began taking S. S. S. and in well soon, I thank you very much, I tell my friends what a good medicine it is. I cannot talk too much about it, for I have it in G. S."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it roots rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

Fifty Years Ago

a woman in Lynn, Mass., was steeping herbs on her kitchen stove according to a recipe of her own, to furnish medicine for the women of the neighborhood. Today, a stone's throw from the little house where she lived, there is a four story laboratory, making the same medicine for the women of the world. During the last year almost 500 tons of carefully selected herbs were used in the manufacture of Lydia E. Pinkham's Vegetable Compound.

A woman's medicine for woman's ailments. Have you tried it? (adv)
