

WOODBURN CLUB MEMBERSHIP IS NEAR HUNDRED

Woodburn, Oct. 20.—The Woodburn Community club is nearing a membership roll of one hundred. Much interest is being manifested in the organization, which promises to do much good for the welfare of Woodburn.

Mrs. Christiana Killin, widow of the late George W. Killin, was laid to rest at Belle Passi cemetery yesterday afternoon, services being held in the Presbyterian church. Deceased was born at Farmersville, Ind., May 24, 1851. She married Mr. Killin in Silverton October 11, 1874. She was a past president, chaplain and a prominent member of the Woman's Relief Corps of Woodburn. A son and daughter and other relatives survive her.

Lulu, wife of Supervisor Chas. A. McKee of near Monitor, died in Portland Tuesday shortly after an operation. The funeral services will be held at Monitor this afternoon.

Arista Nendel, local manager of the P. R. L. & P. Co., was surprised Saturday night at his home by a number of friends. It was in commemoration of his 40th birthday. A pleasant evening followed.

The Woodburn grange has passed resolutions against the 1927 world's fair in Portland.

Earl Coffin and son Clarence have arrived in Woodburn to visit his mother. The former has been seven years in Alaska.

Milton E. Hearn, whose body was recently found at Aurora and who was an escape from the asylum, was employed here by the S. P. Co. as a telegraph operator about ten years ago.

Election day is approaching and thus far there has been no caucus called for the nomination of a mayor, four councilmen, recorder and treasurer. It is probable that there will be life injected into city politics the coming week. It is not like the olden days of Woodburn when so many wanted the honor of serving the people.

Mail Agent S. W. Maupin recently passed his examination in Portland, making a percentage of 99.65.

VETERANS PLAN TO PUT END TO WAR

New Orleans, La., Oct. 20.—(By Associated Press)—The representatives of the veterans of the world war in eight of the nation's associated in war against the central powers today made their plea to the American Legion to help them prevent future war.

Their spokesman was J. B. B. Cohen of Great Britain, former major in a territorial regiment, who lost both legs at Ypres. He was brought to the front of the platform of the convention hall in a wheel chair, after being introduced by H. Nelson Jackson, one of the American delegates to the convention of the inter-allied veterans federation.

Cohen laid before the legion the "eight points" upon which the wounded veterans of the inter-allied federation have agreed upon.

CONFERENCE FOR MARKETING

Louisville, Ky., Oct. 20.—Arrangements have been completed for a meeting here with Judge Robert W. Bingham Monday and Tuesday of a committee representing the leading cooperative marketing associations of the United States. It was announced today. Discussion of plans for the calling of a nation wide conference of cooperative marketing interests, to be held in Washington at an early date, was said to be the purpose of the meeting Monday.

Suggestions for such a national conference was said to have come from Senator Arthur Capper of Kansas, head of the senate agricultural bloc. The purpose of the conference would be to discuss rural credits and frame recommendations to congress regarding matters of importance to the cooperative marketing bodies, it was said. According to Charles M. Morgan, acting secretary of the committee, such a conference would represent a billion dollars worth of business annually.

Among members of the committee who will meet with Judge Bingham is George W. Jewett, manager of the Northwest Growers association, Portland, Or.

RUSSIA AGAIN ASKS RECOGNITION IN NEAR EAST

Moscow, Oct. 20.—(By Associated Press)—The repeated refusal of the powers to take into consideration Russia's most elementary and just demands, far from contributing to the consolidation of a general peace, creates conditions which are likely to bring serious international complications, says the note addressed to Great Britain and Italy by the soviet foreign minister, M. Tchitcherin.

Considering Russia's geographical position and the political boundaries uniting her with some of the Black sea states, says the note, it should be quite evident that a peaceful solution of the Near Eastern problem is impossible without soviet participation in the treaty negotiations.

It is pointed out that having recognized by the treaty of March, 1921, the Turkish frontiers as laid down by the Ankara national pact, the Russian government thereby took an effective part in solving the Near East question without limiting itself to consideration of the status of the straits of Dardanelles and the Bosphorus. The straits questions, it is added

The men will succeed H. A. Overturf of Bend, O. B. Hardy of Redmond and F. N. Wallace of Tumalo. Overturf and Hardy recently were removed by the commission which charged them with padding values of real estate offered as security for veterans' loans. Mr. Wallace previously had resigned.

WITHDRAWN LANDS RESTORED TO ENTRY

Washington, Oct. 20.—About 200,000 acres of land in New Mexico, Washington and Wyoming were classified under the stock

raising homestead law and were designated for entry in tracts of 640 acres or less through the geological survey in September, the interior department announced today. Much of the acreage classified, however, is included in original entries or in applications which confer a preference right.

Nearly 40,000 acres of land in Idaho were classified as power site land and more than 600 acres in

Oregon and Washington provisions included in power site withdrawal were restored to entry.

Doctors report a steady increase in baldness, due probably to the fact that the hair tonic is not being put to its intended use.

There are fewer suicides proportionately to population in Idaho than in any other country.
