Oct. 23-29.—Marion county convention of Christian Endeavor, Pratum.
Nov. 3.—Annual convention of the Marion County Y. M. C. A., Stayton.
Nov. 7.—General election.

SEEK TO FORCE RAIL LINES IN CENTRAL OREGON

The fight of the public service commission for greater railroad development in central Oregon, as represented by the resolution sponsored by Commissioner H. H. Corey, was formally launched today when copies of the complaint were forwarded to the Interstate Commerce commission for filing.

The complaint names as defendants in the case the Central Pacific company, Southern Pacific Railroad & Navigation company, Oregon short line, Oregon Trunk railway and the Deschutes railroad company.

The proceedings are being brought under the provisions of the interstate commerce act giving to that body power to require railroad construction when justified by a showing of public necessity and convenience, and seek to compel the construction of rail lines between Crane and Odell, Crane and Burns, Bend and Odell, Oakridge and Odell, Kirk and Odell and a connection, between Lakeview and the Crane-Odell extension.

A hope was expressed by Commissioner Corey that a hearing on the complaint might be had before the interstate commission at the time that body visits the Pacific coast in connection with the proposed grouping of rail lines, probably shortly after the first of the year.

2, DISORDERLY, ARE JAILED

Two men were arrested and charged with being drunk and disorderly here over the week-end.

A man who gave his name as Kirby Arnold, 1247 South Commercial, was taken into custody by Patrolmen Victor and White. Another who gave his name as Dave Hunt was arrested by Patrolman Putnam and White. He was found in the Salem Rooming house.

Both men were lodged in jail.

2 SPEEDERS ARE UP TODAY

Two men who were arrested yesterday on charges of speeding will be arraigned before Police Judge Earl Race this afternoon. They are Emery D. Searing and L. Vanomen.

Each of the motorists furnished bail in the sum of \$20. They were arrested by Motorcycle Patrolman Shelton.

Mrs. E. A. Paulsen went to Portland this morning where she will visit Mr. and Mrs. N. Paulsen for several days.

V. R. Churchill, an employee of the Honey-Churchill company, San Francisco, arrived in Salem this morning and left soon after with Mr. Newhouse, manager of the dried fruit department of the Oregon Growers association, for the association plant at Forest Grove.

Mr. and Mrs. Theo Condo, 1123 Hines street, are being congratulated over the birth of a 11 pound girl last Wednesday, Oct. 18. The new arrival has been named Patricia Ann.

The funeral services for Francis Banta, 26, veteran of the world war who died at his home here Friday afternoon last, were held this afternoon at 2:30 o'clock from the Rigdon and Son funeral parlors.

Mr. and Mrs. J. R. Mitchell of Medford stopped in Salem last night as the guests of the Marion hotel on their way home from Portland by auto.

The Polk-Yamhill-Marion Medical society will meet at the Salem Chamber of Commerce auditorium Tuesday evening, October 24, at 8:00 o'clock. It was announced today. Mr. Lawrence Selling, of Portland, will speak on "The Newer Work on Hydrocephalus." Laboratory procedures of special interest to physicians and a discussion led by A. R. Bruce, of Salem, will also take place.

Dr. John W. Hancher, Portland, counsellor of the department of finances of the Methodist board of education, was in Salem today in the interest of the coming drive for Willamette University. He spoke at the University chapel exercises this morning. This evening he expects to leave for Carlisle, Penn., where a campaign for \$1,500,000 is coming to a close. The money is being raised there for Dickenson College and the Pennington Boys school.

Half Cent Advance For Prunes Paid To Local Growers

An advance of a straight half cent for prunes in all sizes is reported in the deals that have been made in the Dallas section during the past few days. One hundred thousand pounds of 60-65s, on which the best previous offers had been 6 cents, were sold the latter part of last week to Mangus Bros. of Salem at 6 1/2 cents.

One local buyer in Dallas received instructions Friday to purchase 200 tons and most of the order has already been filled. The sales included in this purchase are 45-50s at 8 cents, 50-55s at 7 1/2 cents and 55-60 at 7 cents.

The market continues very strong and practically all of the large growers are holding for further advances.

While reporting that they have covered all of their over-selling by purchasing 500,000 pounds from the Washington Growers association and the acceptance of independent growers in their pool, the Oregon Growers association is still seeking to line up more growers and persistent reports say that they are still short on some sizes.

A good idea of how the prunes are doing in the lowland orchards around Dallas is to be gained from a glance at the grade sheets of H. A. Woods, one of the largest growers in that neighborhood. This grade is said to be typical of all of the lowland orchards and shows an absence of 30-35s, a marked shortage of 35-40s and 40-45s. Of the 171,237 pounds graded the proportions are as follows: 35-40, 795 pounds; 40-45, 583 pounds; 45-50s, 31,359 pounds; 50-55s, 13,494 pounds; 55-60s, 66,455 pounds; 60-70s, 52,211 pounds; 70-80s 1654 pounds; 80-90s, 4484 pounds.

PONZI'S TRIAL OPENS AT BOSTON

Boston, Oct. 23.—Charles Ponzi, whose scheme of quick riches for investors in international postal reply coupons collapsed two years ago, was ready to go on trial in the superior court today on the charges, preferred against him by the state. He now is serving a five year federal sentence for using the mails to defraud.

Ponzi, who had previously said he expected to plead his own case, was to be tried on an indictment charging him with larceny, with conspiracy and with being an accessory before the fact of larceny. Several men who had served him as agents were to be tried on charges of larceny and conspiracy.

KINGS COMPANY WILLING TO PAY

The Salem King's Food Products company stands willing to pay at any time the money alleged due for prunes delivered by R. A. McFarlane, as soon as the question of ownership to the land on which they were grown has been settled, according to a communication received from the company by The Capital Journal.

A short while ago R. A. McFarlane instituted suit against the Kings company. He alleged that he had contracted his prune crop with the company, had delivered it, but had not received all his money.

The company explained today that, on September 14, Carey F. Martin, as attorney for W. C. Tilson, served notice on the company to the effect that Robert McFarlane did not own the land described in the contract. He further demanded that payment for the prunes be delayed.

"McFarlane, having made verbal demand upon us for payment of this balance, and Tilson, by his attorney, having also made a formal demand that we withhold such payment, puts this company in a position where it could not pay either party without obligating itself to pay for the prunes twice," a statement issued by the Kings company said. It adds that there is no question of the company's ability to pay for all produce delivered to it.

JUSTIFY WOMAN FOR KILLING HER HUSBAND

Fresno, Cal., Oct. 23.—Justifiable homicide was the verdict returned by the coroner's jury that inquired into the death of Mrs. Clara Harlow, 19, whose husband, George A. Harlow, 30, an electrician, was said to have clubbed her to death with a shot gun near their home at North Fork early yesterday when he found her in the company of a young man of her age.

The youth who was said to have been visiting Mrs. Harlow, later was taken into custody at the home of his parents in North Fork.

What's New on the Market

Eggs were quoted at 43 cents per dozen this morning wholesale as against 42 the latter part of last week. The stores are paying from one to three cents a dozen more than the price quoted which is set by the shippers. The retail price in most of the stores follows the raise in the buying price in most of the stores ranging from 45 to 50 cents a dozen.

Huckleberries are still to be had although the season is rather late. They are selling at 25 cents a pound.

Ground cherries are all but off the market. Only one or two of the stores now have them. What are left are selling at 25 cents a pound.

Some long white radishes were brought to town this morning from the Lake Labish region, north of town, which would be plenty for several. The larger ones are selling at five cents each and the smaller at two for a nickel.

PERRY OUTLINES CHAMBER WORK; SEEK MEMBERS

Industrial development, agricultural development, commercial development, civic improvement, publicity for Salem and its vicinity—these are some of the objectives of the Salem chamber of commerce, according to J. C. Perry, president of the organization.

The chamber today began its three-day membership campaign. "Salem has at the present time a well developed industrial life. It is one of the great fruit packing centers of the Pacific northwest. There is no reason why our industrial payroll cannot be increased," Mr. Perry said. "Salem is the center of a wonderfully rich agricultural section and the agricultural committee of the chamber should work with the canners and packers and with the growers in an effort to stabilize the fruit industry and bring about such conditions as will be for their mutual profit and prosperity."

Mr. Perry also explained that the chamber should consider the problems of city merchants. Trade extension work of a practical sort should be undertaken. Direct assistance should be given to the merchants in all special activities, he pointed out.

Mr. Perry felt that new literature, setting forth Salem's advantages, should be issued and distributed widely. He also declared that it should have the highest kind of civic development.

MIAMI CABLE LANDING CONTROVERSY SETTLED

Washington, Oct. 23.—The long legal controversy over the landing at Miami, Fla., of the Western Union company's Barbadoes cable ended today when the supreme court, granting a petition jointly submitted by the United States government and the telegraph company, dismissed the government's suit to prevent the cable line from being brought ashore.

The court acquiesced in the suggestion advanced by counsel for both sides that the case had become moot through the granting of a landing license by President Harding after the government's objections had been satisfied by a diplomatic settlement. The cable already has been in operation for several months.

CIGAR MEN HERE ORGANIZE

Organization of the Salem Retail Cigar Dealers' association was perfected at a meeting held here yesterday afternoon. About 25 dealers were present and Ialo R. Smith was elected president.

The organization will be connected with the Western Association of Tobacco Products Dealers. Its purpose is to foster and maintain better social feeling among local dealers.

Indications are, members said, that virtually all of the local dealers will be affiliated with the organization in the near future.

Died

ERICKSON—Mrs. Mary Erickson, 72, died early this morning at the family home, 2660 Oak street. Besides the husband August Erickson, the deceased is survived by three sons, Ernest, Victor and Robert, and one daughter, Mrs. Lloyd Stiffler, all of Salem. The body is at the Rigdon and Son mortuary from where funeral announcements will be made.

MORE PLEDGES RECEIVED FOR ENDOWMENT

Pledges from Dr. W. W. Youngson, district superintendent of the Portland district of the Methodist church, for \$5,000; Dr. Blain Kirkpatrick, pastor of the local First Methodist church, for \$1,000; Dr. E. E. Gilbert, district superintendent of the Salem district, for \$1,000; and Dr. D. H. Leech, district superintendent of the Eastern district, for \$1,000 were received at the headquarters for the Willamette endowment campaign the latter part of last week. A telegram was also received late Saturday evening from workers in the Southern district that several subscriptions for \$1,000 had been received.

It is impossible to state the exact amount that has been raised to date because many of the pledges that have been made have not been received yet at the headquarters located on the third floor of Waller hall, and a subscription is not counted until it is received and booked.

Yesterday was the launching Sunday of the campaign in all of the churches of the Oregon conference with most of the pastors exchanging pulpits. The pulpits of the local churches were occupied by the regular pastors, however. The subject in all the churches was "Christian Education." From now until November 19 an educational program will be followed out and from then until December 20 a very intensive campaign will be put on.

Should the full million and a quarter dollars fail to be subscribed by the date set for the closing of the campaign it is understood that all of the pledges will automatically be cancelled.

6 ARRESTED FOR TRAFFIC ERRORS

Six motorists were arrested in and near Salem yesterday on charges of traffic law violations. Four were taken into custody by State Officer Brown and two by State Traffic Chief T. A. Rafferty.

R. J. Morton and V. F. Lynch, both of Salem, were charged with driving with no operators' licenses.

A. R. Fleury and W. H. Gilbert, both of Salem, were charged with driving with glaring lights.

Mrs. Jesse Clark of Salem and H. H. Aynsworth of Portland were charged with speeding.

All will be arraigned in the justice court before Judge G. E. Unruh.

Chief Rafferty declared today that his officers are to begin war on motorists with improper lights.

OSWEGO WANTS LINE BUILT TO OREGON CITY

Residents of Oswego today filed with the public service commission a petition requesting the construction of a railroad between Oswego and Oregon City. Under present conditions, it is pointed out, a resident of Oswego must travel approximately 20 miles and waste an entire day in transacting business at Oregon City, the county seat, only five miles distant. In 1910, it is pointed out a right of way was secured by the Portland Railway, Light & Power company through condemnation proceedings for a line to Willamette but no attempt has ever been made to provide a common carrier service over this route.

AMERICAN STEEL FOR BRIDGES IN URUGUAY

Washington, Oct. 23.—A dispatch today to the commerce department from Commercial Attache Feeley at Buenos Aires said that an American steel company had been awarded a contract for 6000 tons of material for the construction of the Santa Lucia bridge in Uruguay.

The American company, the dispatch added, won out in competition with steel producers of Great Britain and other European countries.
