

TURKS DESIRE TO ENTER THRACE THROUGH PORTE

Constantinople, Oct. 24.—(By Associated Press.)—The allied generals and the Turkish nationalists are still at loggerheads over the route to be taken by the Turkish gendarmes in their occupation of eastern Thrace. Rafet Pasha, the new military governor of Thrace, at a lengthy conference with the allied chiefs yesterday, urged that the gendarmerie be permitted to go through Constantinople, but was told that the bulk of these forces must enter Thrace by way of Rodosto. None of the conferees seemed in a friendly mood.

Rafet Pasha is being entertained by the allies' high commissioners during his stay here. He plans to leave for Thrace on Saturday. With Shakhir Bey, the new civil governor of Thrace, he is considering numerous applications for employment from Turks desiring to participate in the government of the province. While all the most important offices will be filled by men appointed by the Ankara government, the subordinate positions will be largely occupied by Turks from Constantinople. All the gendarmes, with the exception of a small force here are now gathered at Mudania and Ismid awaiting word from the allies to embark for Thrace.

Rear Admiral Mark Bristol conferred yesterday with the commanders of the 12 newly arrived American destroyers, outlining the Near Eastern situation and advising them of the position of the navy therein. He explained that the American forces must maintain complete neutrality and devote their energies to humanitarian work and the protection of American property.

INDIAN MAIDS GUARD GRAVE OF ANCESTOR

Kansas City, Mo., Oct. 24.—Guarding what they claim is the honored dust of their ancestors, three Indian sisters, Helena, Lydia and Ida Conley, have taken up vigil with shotguns in a cemetery here. The sisters resent an alleged attempt to bury the body of a man whose parents are said to lie near the graves over which the girls keep watch.

Three grave diggers, cemetery keepers declare, made futile efforts to prepare the new grave. The Indian girls have divided the night vigil and bring blankets with them, sleeping on the cemetery sod.

PRIZE WINNING AIRSHIP TO BE PURSUIT PLANE

Mount Clemens, Mich., Oct. 24.—The Curtiss army biplane which finished in the first four positions in the Pulitzer trophy race are to be developed by the army as the standard pursuit plane, according to officers of the first pursuit group, stationed at Selfridge field near here. The racers which broke all records for speed during the recent meet are being packed for shipment to Dayton, Ohio, for further tests at the army engineering field.

A few changes in the design are to be made, it is understood. These probably will embrace a regular radiator to supplant the wing type radiator and changes in the cockpit to afford greater protection for the pilot.

CLOTHING ROBBERIES FASHION IN KANSAS CITY

Kansas City, Mo., Oct. 24.—Prevalence of holdups in Kansas City has made the night pedestrian so wary of carrying valuables that the hold up business has become demoralized, forcing handouts to adopt new tactics. This is the explanation given by police to the new type of holdup which has invaded this city—clothing robberies.

Five men held up in three nights, only one of whom escaped with his clothing, is the record today. Last night a holdup netted robbers another complete outfit of clothing, except underwear. In each case, the police have been informed the robbery was accomplished by two masked men. One of the victims was beaten when he did not remove his clothes quick enough.

One suspect was arrested early today.

HENRY FORD IS PULLED OUT OF SCHOONER RACES

Gloucester, Mass., Oct. 24.—(By Associated Press.)—The Gloucester schooner Henry Ford today definitely withdrew from the racing for the international fishing schooner championship of the Atlantic. Captain Clayton Morrissey, asserting that his boat and his men had already won the two races from the Canadian champion Blue Nose necessary for the possession of the title trophy, put iron ballast aboard preparatory to going fishing.

The first race last Saturday was declared void because of disregard of postponement signals. The Ford won again yesterday with a makeshift crew recruited with the aid of Secretary of the Navy Denby.

The decision to withdraw the Ford today followed a dinner to the race committee last night, at which a letter was read from President Harding, saying the races were a fine contribution to the international good will "between our people and our Canadian neighbors."

Secretary Denby joined in the president's appreciation of the international good done by these contests and made several observations

gained from his two days on the slippery decks of the Henry Ford.

"Should there be any feeling regarding any decision by any committee in these races, let us forget it," he added. "Let us not abandon these competitions between working ships and working men. Don't let one little fiasco, one little accident, interfere with such contests, productive of fine good will."

How Are Your Kidneys?

Famous Kidney Specialist's Prescription No. 777, Known for Years as "Marshroot," Now Being Sold by All Good Druggists—Is Guaranteed

During his forty years of constant practice Dr. Daniel G. Carey helped many thousands of despairing kidney diseased men and women in all sections of the country, so don't take any chances with your kidneys.

If you have the faintest suspicion that your kidneys are weak or your bladder is irritated the wisest thing you can do is to get a bottle of Dr. Carey's Prescription No. 777 at once. Remember, it is not a cure-all or patent medicine, but is Dr. Carey's own most wonderful prescription.

Watch the symptoms. The faintest signals often indicate that the kidneys are ailing and need attention. Dry skin for instance and little specks floating before the eyes. Sometimes the feet feel heavy, as if your shoes were full of lead. Often the joints ache or

you have quick, darting pains shooting through the back or side. Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes. Occasionally the hands or feet swell slightly and the palms of the hands are moist. Don't neglect these signs—you can't afford to take any chances with your kidneys.

No regular practicing physician devoted more time to the study of kidney and bladder disease than Dr. Carey. He himself asserted that many thousands of cases could have been helped by his prescription if taken in time. Hereafter you can always get this effective prescription at all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Prescription No. 777. No other medicine can take its place.
