St. Louis "Pop Bottle" Mystery Solved

James P. Hon.

In the heat of the series between the New York Yankees and St. Louis Browns that determined the American League championship in St. Louis, Whitney Witt, of the Yankees, was knocked out by a pop bottle, most fans thinking it was thrown by a St. Louis roger. James P. Hon saw the incident and reported that Witt, running at full speed, stopped on the neck of a bottle that was lying in the outfield and that it flew up and hit him in the head. Ban Johnson, president of the American League gave Hon \$100 and tickets to the world series in New York for his explanation of the incident.

WARRANT ISSUED FOR BELA KUN'S ARREST

Geneva, Oct. 25.—A warrant for the arrest of Bela Kun, former head of the Hungarian soviet government, which was dominant in Hungary for a short time after the war, was issued today by the federal police department. Bela Kun is reported in hiding in Switzerland with a false Swiss passport, made out in the name of "Adler."

JURY DECIDES OIL TRUST RENT DUE IN ADVANCE

New York, Oct. 25.—A jury in the supreme court yesterday emerged from a haze of compound interest figures for 99 years and gave a verdict to E. E. Smathers, owner of the property at 18 Broadway, against the Standard Oil company of New York, a tenant, by which Smathers, his heirs, executors or assigns, will be saved \$6,500,000 in the period.

The suit rested on whether quarterly rental of \$62,500 should be paid by the Standard Oil on the first day of each quarter, which Smathers contended was stipulated in the lease. The Standard Oil company argued that the lease, which provides for a rental of \$24,750,000 for the 99 years, did not say anything about quarterly payments in advance and that Smathers was not entitled to rent until the end of each quarter.

Mathematicians got busy and figured that if the Standard Oil could sustain its argument, Smathers would lose the equivalent of 6 per cent on \$62,500 or \$3750 a year. Total loss of interest for 99 years was given as \$371,250, then when the experts compounded the steadily increasing amount on the 6 per cent basis, the \$6,500,000 apparently impressed the jury.

MOVIE MURDER TO GO TO JURY TONIGHT

Hackensack, N. J., Oct. 25.—George Cline, Charles Scullion and Alice Thornton were acquitted of the murder of Jack Bergen, motion picture actor, by a jury here late today.

Hackensack, N. J., Oct. 25.—The case of George Cline, Charles Scullion and Alice Thornton, charged with murdering Jack Bergen, daredevil of the movies in the Cline home in Edgewater, is expected to go today to the jury of six men and six women which has been hearing the evidence. Both sides had rested before 11 o'clock and State Senator Mackay, defense counsel, began his summing up.

The last witness called by the defense was James Egan, formerly an artillery officer under whom Bergen had served. He testified to having instructed Bergen in target practice and said Bergen had become an expert pistol shot.

Automobile crashes in which automobiles driven by Mrs. E. D. Farrer, of Dallas, and James Smith, 627 north Church, figured, were reported to the police yesterday. No one was injured.

DOLLAR BUYING CUT PRICE OF FRENCH FRANCS

Paris, Oct. 25.—(By Associated Press.)—The buying of dollars by British banks with French francs in their possession is held by French financiers to be the main cause of the present weakness of the franc. The dollars were used by the British to pay the interest on their war debt to the United States.

Bankers and the financial authorities of the government appear undisturbed by the rise of the dollar and the pound. "It is rarely possible for one to put one's fingers on the actual financing exchange," said a high official of the bank of France to the Associated Press. "Then attempting to express himself by using an American colloquialism, he said:

"But this time we can locate the colored gentlemen in the wood pile." "The British banks and British treasury which have long been accumulating francs, have used them, as was their right to do, to buy the dollars they needed instead of using pounds," he continued. "The consequence was that the payment of the big sum of interest to the United States had no effect on the pound. On the contrary, British exchange profited by the subsequent depreciation of the franc."

RADIO NET TO CATCH CRIMINALS

Seattle, Wash., Oct. 25.—Arrangements are being made here to spread a radio net over the Pacific northwest to catch criminals and to use the wireless to trap automobile speeders.

Luke S. May of Seattle, president of the Northwest Association of Sheriffs and Police, has arranged with the Seattle Post-Intelligencer, a newspaper that maintains a broadcasting station to send out the latest information of crimes, with directions to officers. Peace authorities are to cooperate in this plan by using radio sets of their own or deputizing persons in their communications who have sets.

Sheriff Matt Starwich is having two motorcycles equipped with radio. The wily motorist, who has a mirror on his car and can tell a speed car a mile away on a straight road, is to be outwitted, promises Starwich.

All there is to it explains the sheriff, is that speed cops with the radiocycles will station themselves in the brush, say five miles apart. A flash will be given by wireless when the suspected automobile passes the first sleuth and again when the second clocks him. Its average speed between the two is intended to be the deadly evidence.

SHERIFF'S POSSE AFTER CATTILING RUSTLING BAND

Yakima, Wash., Oct. 25.—Sheriff Pad R. Bear and eight deputies left this morning for the Lone Springs country near the Kleeikitat county line and will be joined there by a posse now being recruited by Deputy Sheriff Noble Strubin at Goldendale. They are after six men, Joe Starr, Ross Smith, Fred and Elmer Cargo, Johnny Walker and Johnny Grammar, for whom warrants charging grand larceny have been issued. Sheriff Bear has had deputized cowboys in the field for some time and issued the warrants in the belief that the six men, who are alleged to be in charge of a band of 50 or more cattle, has been responsible for the "cattle rustling" which has been going on in the county recently. The deputy sheriffs have orders to shoot first and to shoot to get their men and the men sought are reported to have boasted they would "shoot their way out" in case they were surrounded.

WIFE DESERTED, CLAIM; FOX REQUESTS DIVORCE

Salem Colored Man, Tax Payer Ten Years, Warned By Three K's To Unload

MORE ABOUT THE KLAN

Charlie Maxwell, colored, Salem taxpayer for ten years, yesterday received a letter, purporting to come from the "K. K. K." in which he was admonished to "unload."

"Say, Charlie," the letter reads, "we have stood you as long as we intend to stand you and you must unload if you don't we will come to see you."

The note, signed "K. K. K." over a crudely drawn skull and cross-bones, was written on stationery of an Albany hotel, but was postmarked Salem. It was written under date of October 23. Maxwell is the proprietor of a local shoe shining shop.

FREIGHT RATE ON APPLES REDUCED

Portland, Or., Oct. 25.—(Special.)—Action of the Blue Star line in cutting the refrigerator freight rate on apples moving to Europe from one dollar to ninety cents a box is expected to stimulate the movement of fruit assembled at Salem, Eugene, Medford and other points for export. Local brokers predict that the action of the big British line in doing away with the differential, which has sent a considerable quantity of fruit to New York by rail from whence it was taken aboard steamers will greatly increase the movement direct from here by water.

The British line, represented on the Pacific coast by the Pacific Steamship company, entered the fruit trade last year and moved a considerable part of the million boxes of fruit that went out of the northwest to Europe.

LOGGER INJURED IN SILVERTON OPERATIONS

While working near Silverton with a crew who were dragging out logs by means of a donkey engine yesterday morning for the Silverton Logging company, one of the logs struck a stump in such a way that it was whirled around. The loose end of the log hitting Paul Epperly, 21, whose home is in Corvallis, in the small of the back.

The injured man was carried out of the woods to the railroad a distance of about two miles, on an improvised stretcher and was taken to Silverton on one of the engines owned by the logging company where his bruises were dressed. He was then brought to the Willamette Sanitarium. It determined that a badly bruised and sprained back were the extent of the injuries.

SKYLIGHT TUMBLE CRUSHED VERTEBRAE

By means of an X-ray picture taken of Fred Armpriest, who was injured in a fall yesterday when he fell through the skylight of the new Bonestell garage on South Commercial street, it was found that the first lumbar vertebrae was crushed. There was not a great deal of pressure on the spinal cord, however. Had there been much pressure on the cord the lower limbs would have been paralyzed. Unless the bones shift it is thought that Mr. Armpriest will soon be on the way to recovery.

The accident happened when Mr. Armpriest was unrolling some roofing and backed through the skylight, falling about 16 feet to the cement floor. He was rendered unconscious for about half an hour. He is at the Deaconess hospital.

MORE TALESMEN DRAWN TO TRY CLARA PHILLIPS

Los Angeles, Cal., Oct. 25.—The trial of Mrs. Clara Phillips, indicted for the murder of Mrs. Alberta Meadows, was temporarily halted at the morning session of the superior court here today while a special panel of talesmen from other departments was arranged for. This panel was needed for the selection of the thirteenth, or alternate juror. Twelve men and women were sworn late yesterday to try the case and their selection had exhausted the regular panel in attendance at Judge Frank W. Houser's department, where the trial is being held.

A tremendous crowd had gathered in the corridors outside the court room, attracted by the prospect that evidence would be introduced today and in the crush one woman fainted and was removed by deputy sheriffs. The transfer of additional talesmen was completed a half hour after court convened.

Mrs. Phillips retained her composure when she entered court today. The crowds were attracted because of the character of the case. Mrs. Phillips being accused of having beaten Mrs. Meadows to death with a small hammer on a lonely drive in the edge of town last July. The state assigns jealousy of the defendant's husband as the motive.

STABILIZE RUBLE BY CUTTING DOWN NOTES

Moscow, Oct. 25.—(By Associated Press.)—In connection with efforts being made to stabilize the ruble, the finance commission has proposed a new issue of notes which would do away with notes running into the denominations of the millions by the simple expedient of chopping off the last six ciphers. Thus the million ruble note now in circulation would represent one ruble of the issue proposed for 1923.

WHITES ESCAPE AT VLADIVOSTOK

Tokio, Oct. 24.—(By Associated Press.)—Through the aid of the Japanese, General Dieterichs and his little band of anti-soviet supporters have been enabled to escape from Vladivostok, according to official reports from that city. When the evacuation of Vladivostok is completed Thursday by the Japanese, and the city is taken over by the red troops, there will be none of the whites, or anti-soviets, present, on which the soviet troops can wreak vengeance.

General Dieterichs and his weakened forces kept the czarist flag flying over Vladivostok in the face of soviet proclamations and threats of dire punishment. A special dispatch to the Jiji Shimpo from Nikolsk reports that a number of whites have been killed there by the reds.
