HOLD INQUEST OVER BODIES OF SLAIN COUPLE

Great Falls, Mont., Oct. 28.—Chief of Police Moran of Havre informed the Great Falls Leader today that there will be an inquest into the deaths here early yesterday of Rev. Leonard J. Christler, rector of St. Marks Episcopal church and Mrs. Margaret Carleton.

Chief Moran said he understood relatives of the dead woman had been retained as attorney for Mrs. J. H. Pyle of Butte, mother of Mrs. Carleton.

As a missionary, the Rev. Mr. Christler took a pride in his work. His territory embraced a vast area—from Glacier Park on the west to the North Dakota line on the east and from the Canadian line on the north to the Missouri river on the south. Roughly speaking, it covered a territory 600 miles long and 300 miles wide. In it were the Little Rockies, the Bear Paw mountains and other regions notorious for the desperadoes they had produced. He knew the remote camps well and visited them as often as his duties would permit.

The country appealed to him and he loved the title "bishop of all outdoors," given him by Stewart Edward White in a novel which featured him.

ASK 500 WOMEN TO PLEDGE DOLLAR TO KAISER'S PRINCESS PROVES HIS BOSS

Five hundred women of Salem to pledge one dollar each is the goal toward which the members of the woman's auxiliary of the Y. M. C. A. are working. The provision for a boy's secretary was not provided in the Y. M. C. A. budget and since 90 per cent of the work of the Y here is boys' work it was necessary to find some means of raising the money. Two Salem men gave \$500 each and the woman's auxiliary of the Y. M. C. A. undertook to raise the other \$500 necessary to keep the boy's secretary, Mr. Elliott, here.

One woman in every church in the city is responsible for a part of the campaign and all women's organizations have had the matter placed before them. Mrs. J. B. Littler is president of the auxiliary and Mrs. C. S. Hamilton, Mrs. E. E. Fisher and Mrs. J. W. Harrison are the members of the finance committee. Any women who care to contribute to this fund and are not reached are asked to send their money to some member of this committee.

SALEM DEFEATS M'MINNVILLE IN MUD 47-0

The Salem high school football team ploughed through the mud yesterday in their game with the McMinnville high school eleven on the Willamette university athletic field for seven touchdowns and with the five points added by goal kicks smothered the visitors 47-0.

The game was one of the most remarkable from the standpoint of the few fumbles made of any game on such a field, even including college teams. The field was covered with mud and standing water and with the rain that fell during the first part of the game made the ball very slippery. In the first half neither side muffed the ball once. In the second half Salem dropped the ball twice with the visitors equalling the mark.

The Salem team was considerably heavier than the McMinnville lads and once the men carrying the ball got a start he was a hard man to keep from making yardage because it was usual for him to slide nearly a yard. The Salem eleven lost on downs but a few times and were carrying the ball most of the time. Several times when the McMinnville team had punted to a little past the middle field the Salem quarter chose to have the ball booted back and did not even try for downs. Adolph was getting the better of the punts so it put the visitors with their backs against the line. The McMinnville team made first down from yardage less than five times during the entire game.

Patterson, who played on the line in the Albany game, was working at half yesterday in the place of Lillgren, who hurt his shoulder in the game last week. "Pat" showed lots of speed and hit the line hard. Harris at center and Adolph at full were the other outstanding men on the local team. For the McMinnville team no particular bright lights can be picked. They were all fighting their hardest.

In the last quarter a number of substitutes were sent in by each of the coaches. Rene Jackson, former Willamette basketball star, is the McMinnville coach.

BOOZE RUNNERS SOLVE PROBLEM OF THE CHASE

Seattle, Wash., Oct. 28.—Much good liquor has been lost on its way from British Columbia to Puget Sound coves and creeks because revenue cutters gave chase and the cargo was thrown overboard. Rum smugglers have solved this problem, a reporter learns.

Rock salt has this much of the rock about it—that it is heavy. The rum smugglers now put their liquor into sacks with enough cork to make the whole float. And so that it will sink when cast overboard, he adds rock salt. In an hour the salt dissolves and the sack reappears on the surface and when he has a chance the smuggler comes back and picks it up.

RICHARDSON DENIES KLAN AFFILIATIONS

San Francisco, Oct. 28.—Albert E. Boynton, chairman of the republican state central committee, issued a statement outlining the stand of Friend W. Richardson, republican candidate for governor, toward the Ku Klux Klan "to correct many misleading statements."

"Mr. Richardson is not connected with the Ku Klux Klan, either directly or indirectly," Boynton said. "He never has solicited the endorsement of any lodge of the Ku Klux Klan and so far as he knows, none ever had been offered or given. Mr. Richardson is thoroughly American. He is opposed to any movement that would tend to incite class or religious hatred."

BEARCATS DEFEAT CHEMAWA INDIANS

The Willamette Bearcats met and defeated the Chemawa Indian eleven this morning on the college field in a one sided contest 53-6. The only Indian touchdown came in the last quarter on an intercepted pass with the runner having an open field and outdistancing the winners.

For Willamette Captain Zellar was the star of the game with his line plunges and end runs. Cramer, playing at left end, opposite Zellar, also showed up well.

Next Saturday the Besants are to meet the Whitman Missionaries at Walls Walls.

HONEY WEEK TO BE NOVEMBER 12

Corvallis, Oct. 28.—"Few realize what an asset Oregon has in the honey bee," says Governor Ben W. Olcott in his proclamation to the people of Oregon announcing the observance of "Honey Week," November 12 to 18. To educate the people as to the value of this busy little worker is the object of the Oregon State Beekeepers' association observing the week.

"There are approximately 100,000 colonies of bees in the state of Oregon, managed by nearly 10,000 beekeepers, with an annual production of nearly 60 carloads of honey," reads the proclamation, a copy of which has just been received by H. C. Scullen, bee specialist at the college and secretary of the Oregon State Beekeepers' association. "There is no reason why this production should not be wonderfully increased in the irrigated sections as well as in western Oregon. Honey is highly valuable as a good and I sincerely trust that 'Honey week' will have exceedingly beneficial results in the development of this industry."

PRISON TERMS FOR BREWERS OF GENUINE BEER

Cincinnati, Ohio, Oct. 28.—Sentences imposed upon three officials of the Schaller Brewing company by Judge Peck in United States district court here last night are said to be the first prison sentences to be pronounced in the United States against brewery heads charged with violation of the Volstead act.

Verdicts of guilty on both charges were returned by a jury against Michael Hilsinger, receiver, and Michael Keck and Joseph Herrman, officials of the brewery, who were indicted on a charge of having manufactured, possessed, transported and sold beer containing alcohol in excess of one-half of one-half percent and with having the brewery a "common nuisance" in violation of the Volstead law maintained on the premises.

Hilsinger was sentenced to one year and six months in the federal prison at Atlanta and to pay a fine of \$5,000 in the conspiracy case. In the other case a fine of \$1,000 was imposed.

Upon Keck the court imposed a sentence of one year and a day in Atlanta federal prison and \$500 fine, and Herrman was sentenced to six months in jail and fined \$1,000 and costs in the first case and \$500 and costs in the second.
