Fortune tellers, witches and black cats need not the atmosphere of a formal room at Halloween time when they come out for their annual visit and playtime, but are much more congenial in a nice big attic full of dark corners, and cobwebs, and so thought the girls of the Tri L club when they planned their party in the attic at the home of Marjorie Blake last night.

The girls of the Tri L club who were present were: Marion Vinyer, Ruth Walker, Agnes Bayne, Betty Hummel, Helen Berg, Gertrude Cox, Inez Taylor, Velma Rominger, Leona Post, Gladys Sargent, Misspah Palmerton, Edna Warren, Jessie Hill, Esther Matterlund, Marjorie Blake, Grace Allen, Sybil Smith, Irene Boje, Evelyn Osborne.

The club women of Oregon always have been actively identified with the sale of Christmas Seals, the gay little holiday stickers for Christmas gifts and letters sold during the month of December to finance the work of the Oregon Tuberculosis association.

Although the sale is still more than a month away, 25 of the leading clubs and women's organizations of Portland have signed to assist in the sale of seals conducted from a dozen booths in the downtown district beginning December 1 and ending Christmas eve.

Club participation is not limited to Portland, many clubs of the state being interested in this work. The Independence Women's club will handle the seal sale in that city, with Mrs. Edwin Nissen acting as chairman.

Mrs. Sadie Orr-Dunbar, executive secretary of the Oregon Tuberculosis association, is personally managing the sale this year, and is spending much time out in the state setting up the sales organization.

It makes tooth-brushing a pleasure

Give this original fruit acid dentifrice a thorough, conscientious trial. Note what a clean, fresh feeling it leaves about the mouth and teeth. And see how much brighter and whiter your teeth will gleam than they ever did before.

"It makes your mouth water"

When you brush your teeth with Listerine Tooth Paste you will at once notice how it makes your mouth water. This is because it contains the wholesome acid elements of four delicious fruits—apple, orange, grapes and grapefruit.

These mild fruit acids stimulate an extra flow of tooth-protecting alkaline saliva which Nature provides to fight conditions that start tooth decay.

Soapy dentifrices cannot do this because they are necessarily alkaline instead of acid. They discourage Nature in her effort to preserve tooth-health and lead you to unnecessary discomfort, unsightly teeth and needless dental bills.

And a safe cleansing agent

Besides its mild fruit acids together with the healing oils that have made Listerine itself so popular and safe an antiseptic for the last half century, Listerine Tooth Paste contains exactly the correct polishing ingredient. It is a non-gritty cleanser—just hard enough to remove the daily accumulations of tartar, but not so hard as to injure the tooth enamel.

Redeem your coupon this week!

Be sure to hand your druggist the coupon below this week. This offer is in effect only one week.

Secure your free full-sized 10-cent tube and enjoy the pleasure and satisfaction of really clean teeth—teeth made clean both scientifically and safely.

Gossard Brassieres

Gossard Brassieres, like Gossard Corsets, are unerringly designed for the needs of the nine figure types. The new Longeryne models are priceless to the woman who heretofore has been unable to find brassieres with special shaping to support and flatten the diaphragm and with extra length to prevent them from slipping up over the lower tops of the modern corsets.
