

### ELECTION CLAIMS LACKING IN EAST EXCEPT FOR LODGE

Boston, Nov. 7.—Apart from Massachusetts where the campaign has closed with assurances of certain victory at the polls by both republican and democratic spokesmen, pre-election claims have been unusually lacking this year in the New England states. Increased registration of democratic voters in Massachusetts, the defection of certain republican elements and engagements during the last days of his campaign for re-election were factors on which supporters of William A. Gaston, democratic candidate for senator, were said to base optimistic prophecies.

Re-election of Senator Lodge, although a possibility by a slightly diminished majority, was confidently predicted by republican leaders. At the close of a vigorous campaign in Rhode Island, statements by leaders of two major parties were conservative, while it was admitted that the closest race was between Senator Peter G. Gerry, democrat, seeking re-election and former Governor Besekman, republican. In Vermont, where the democratic congressional candidates have devoted many of the campaign arguments in advocating modification of the Volstead act, James D. Kennedy, democratic candidate in the first district announced last night that he was certain of victory on the modification issue. Other democratic candidates expressed merely the hope of reduced republican majorities in the state.

### BRITAIN AND FRANCE TO DISCIPLINE TURKS

Paris, Nov. 7.—The French and British governments in full accord, will insist that the Ankara government respect the terms of the Mudania armistice and instructions to the high commissioners in Constantinople have been drawn up in that spirit. It is expected in French circles that the Ankara authorities will accept the viewpoint of the allies.

### Rickreall News

### BRUNK SEEKS DIVORCE

Dallas, Nov. 7.—Ernest C. Brunk, a well known resident of Polk county, has brought suit for an absolute divorce from his wife, Etta Brunk, and also for the custody of their two minor children. The couple were married at Vancouver, Wash., September 26, 1916. Mr. Brunk alleges that for more than a year his wife has treated him in a cruel and inhuman manner, also alleging clandestine meetings with a man named Dennison, these meetings taking place in Salem, Dallas and Independence, finally leaving the state with him and going to some point in Idaho.

### Leases Polk County Farm

Dallas, Nov. 7.—J. H. Lauterman, proprietor of the Argo hotel at Salem and owner of the building since it was constructed, was in Dallas last week and while here closed a deal whereby he leased his ranch of 360 acres on the Ellendale road out from Dallas, to G. H. Lederer, a recent arrival in the county from Brooks, Or. Mr. Lederer is a man of family and was farming in that section for the last five years. With his wife and two children he has already taken possession of the place. The farm is one of the best in the county and Mr. Lederer is evidently of the right caliber to make a money making proposition out of it. The farm contains a number of substantial buildings with about 100 acres under cultivation.

### CLAIM VICTORY FOR POINDEXTER

Seattle, Wash., Nov. 7.—Interest in today's election in this state centers overwhelmingly on the contest between Miles Poindexter, republican, who is finishing his second terms in the United States senate and is seeking to retain his seat, and former Congressman Clarence C. Dill, democrat, who waged to the last minute a determined campaign to wrest it away. The polls open at 8 a. m., for twelve hours. Despite forecast of rain and rains by the weather bureau, politicians predict that the vote will be heaviest ever cast in the state in an off year. Poindexter will win by a good, big plurality," said Charles Heberd, state chairman. "I expect to be elected United States senator by from 15,000 to 20,000 plurality," Mr. Dill said. Howard M. Rice, Senator Poindexter's secretary, forecast for his chief a plurality of 50,000.

### KLAN THE ISSUE IN TEXAS ELECTION

Dallas, Texas, Nov. 7.—Earle B. Mayfield, democratic candidate for United States senator to succeed Senator Charles A. Culbertson and George E. B. Pedy, independent democratic and endorsed by the republican state committee are the two figures of overshadowing interest in today's election. Mayfield, with his name off the ballot in a number of counties is said to have the Ku Klux Klan casting a solid vote for him, although he has not said anything about the Klan in his campaigning. Pedy is figured on to swing the anti-klan and republican vote. Pedy's name is not on the ballot.

### VIOLENCE BREAKS OUT IN CHICAGO ELECTION

Chicago, Nov. 7.—Violence in connection with the election broke out early today in Chicago when J. H. Clancy, a republican precinct worker in the eighteenth ward was fired on as he was leaving his home. None of the shots took effect and the attackers escaped in a motor car from which three men fired several shots. Bitterness has marked the campaign for Cook county offices in which the republican factionalism, religion and even to a small extent, the Ku Klux Klan have been injected as issues. While the entire republican county ticket has been endorsed by Mayor Thompson, and Attorney General Edward J. Brundage, bitter political enmities, beneath the surface, factionalism has been reported to have continued its strife. Dampness should be excluded as far as possible from the place where an automobile is stored.

The dignity of the home calls for a piano. If the piano corner in your home is still unfilled let us show you how well and upon what favorable terms we can fill it.

An artistic piano is vastly different from the ordinary kind. It is true that in general appearance pianos are similar, but in details there will be found varying qualities from the "tin pan" variety up to the piano that has that satisfying quality that even the musically uneducated detect at once. The beautiful singing quality of tone and evenly balanced scale proclaim the artistic piano. Don't measure the cost of a piano altogether by the price you pay. The permanent satisfaction it will give, the quality tone it possesses and will possess after years of use, and the amount of repairs it will then need are important points. Sherman Clay & Co. have spent years in careful, painstaking selection of a line of pianos which will measure up to these standards—which fact is reflected in their thousands of satisfied customers up and down the entire coast.

### Player Pianos from \$395 up

If you have a straight piano which is standing idle, let us look it over and make you an allowance on a player piano.
