Missionary Conference Opens Today

The 36th annual convention of the Woman's Home Missionary society of the Methodist churches of Oregon will be held today and Friday at the First Methodist Episcopal church at Forest Grove. Mrs. W. O. Shepard, wife of Bishop Shepard, will preside. The conference will open Thursday morning with a devotional service in charge of Mrs. Shepard, and with Mrs. Carl Gregg Doney of Salem giving the scripture reading and prayer. Following the appointment of committees five minute reports will be heard from the 12 departmental secretaries.

At 11:15 o'clock a memorial service will be conducted by Mrs. H. Peterson of Portland in honor of members who have passed away during the year. This will be in charge of Dr. R. N. Avison, pastor of the entertaining church. Lunch will be served at noon.

Thursday afternoon the elective officers will make their reports, which will include a review of the Japanese kindergarten and Portland settlement work being carried on here. Miss Olla Grace Davis will speak on "Our National Convention" at the night mass meeting.

Friday morning's session will be principally a business meeting and will include the election and installation of new officers.

The work of the old people's home here will be related by Mrs. F. W. Seale, followed by reports of district corresponding secretaries. The concluding session Friday afternoon will be an executive board meeting.

The junior guild of the Congregational church met Tuesday for luncheon and an afternoon of sewing with Mrs. John J. Roberts. Paulsen, Miss Fake and Mrs. W. D. Clarke.

Thanksgiving decorations were used yesterday for the social afternoon of the order of the Eastern Star in the Masonic temple parlors. Turkeys, fashioned out of paper, fall vegetables, corn and pumpkins all created a holiday spirit, the lunch was also in keeping with the idea. The afternoon was spent in playing five hundred with high score going to Mrs. Grace Gillon and second score to Mrs. L. Grote. The hostesses for the party were Mrs. A. M. La Fore, Mrs. W. M. Smith, Mrs. Ida Babcock, Mrs. F. N. Darby, Mrs. V. E. Kuhn, Mrs. Skipton Mrs. King, Mrs. Harry Stiles, Mrs. Percy Cupper and Mrs. Diewer.

Baking Powder—that's the big thing in successful baking

It determines failure or success in baking, more than any other ingredient.

If you do not *always* have satisfactory bakings, change to Calumet for just one trial. It is pure; containing only such ingredients as have been officially approved by U. S. Food Authorities.

Within the Calumet factories—the largest and most sanitary on earth—hundreds of skilled workers clad in white are busily engaged in producing the baking powder that is used by millions. Human hands never touch it. Its sale is 2 1/2 times as much as that of any other brand. Pure in the making—pure in the baking.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

A. A. U. W. Has New Ruling

A letter recently received by Miss Frances Richards, president of the local branch of the American association of University women, from the committee on eligibility for local membership in the northwest will make it possible for more women to join the association and will make the membership here even larger than it now is. The first meeting of the association was held last month and the organization was perfected. The next meeting will be this Saturday and following out plans made at the last meeting to have a speaker, Dr. Grover C. Bellinger of the state tuberculosis hospital will talk on "Hygiene and its reference to Tuberculosis." In connection with this same subject, Mrs. Viola Price Franklin will give an appreciation of Edward Livingston Trudeau who is known for his tuberculosis work.

The new ruling admits to local membership graduates of Willamette university, Oregon Agricultural college, Linfield and Pacific college. Former students of these institutions are eligible if they have had two years of work at the above schools. Heretofore only graduates were admitted, and the graduates of O. A. C. were not admitted since the college does not grant a B. A. degree which is required by a national ruling.

The association is very worth while and is a way for women to keep a closer affiliation with their college life and work. All women who are eligible for membership are urged to attend the meeting Saturday afternoon which will be held in the auditorium of the library.

All people interested in the organization of a symphony orchestra association are requested to meet this evening at eight o'clock in the chamber of commerce rooms. People in Salem interested in the welfare of the orchestra have long felt the necessity for an association to back it in its financial enterprises. Because it is a worthy organization and one that Salem may well be proud of the meeting has been planned for tonight and it is hoped that a large number of people will be present.

We Did Not Spring Full-Grown, But Grew

Most of us know the Indian legend of the warrior who boasted that he had sprung full-grown from an oak tree felled by lightning and was struck down by his foe even as he boasted. That warrior had not learned from growth and experience.

We did not spring into being full-grown but started our years of service in so small a way that few could then have foreseen our phenomenal growth. We grew and learned by thoroughly studying the needs of those we serve and how best to satisfy those needs. The open secret of our Nation-wide success is that we are constantly learning.
