

40TH BIRTHDAY OF MT. ANGEL IS CELEBRATED

Mt. Angel, Or., Nov. 20.—The 40th anniversary of the foundation of Mount Angel college was celebrated last Monday. A holiday was proclaimed by the Rev. Rector Father Victor. A solemn high mass was sung by the Rev. Prior Father Jerome. He was assisted by Rev. Father Benedict and Rev. Father Bede, as deacon and sub-deacon, respectively. Father Clement officiated as master of ceremonies.

This anniversary marks another great step in the progress of the institution. Rev. Adelhelm Oeder-matt, O. S. B., founder of Mount Angel college, came over from Switzerland to America in 1873, and after eight years of hard labor Father Adelhelm's health broke down and he went west in search of a more agreeable climate. He traveled over the Pacific states in search of a site for another Benedictine monastery, and finally decided on "the butte near Fillmore." However, in 1882, when Pope Leo XIII signed the decree of erection, a temporary monastery was built at Gervais, to be eventually superseded by the permanent abbey at Mount Angel, then called Fillmore.

In 1884, two years after the founding of the monastery, the community was transferred from Gervais to a site near Fillmore, which was named Mount Angel, after the mother house in Engel-berg, Switzerland.

In 1889 the cornerstone of the present structure was laid by the new archbishop of Oregon, the Most Rev. Alexander Christie, D. D., and four years later the whole abbey was completed. The new abbey buildings comprise the abbey proper, monastery, college and seminary buildings combined in one three-winged structure, an abbey church, a spacious gymnasium, the Benedictine press and the postoffice of St. Benedict, Or.

The new college is situated on the crest of Mount Angel, a gently sloping hill.

\$72,000 TAX MONEY COLLECTED TO DATE

Dallas, Or., Nov. 20.—A sum of money amounting to \$72,604.03 passed through the hands of the sheriff last week and from his office was turned over to the county treasurer, A. V. R. Snyder. This money was received in payment of the second half of the 1921 taxes and was paid in two separate payments, \$35,046.92 being turned over Saturday morning, and \$37,557.11 on the preceding Monday. In connection with the turn-over Thomas B. Hooker, chief deputy in the office, had an interesting piece of data to give out. Last year on November 17 he had written 7718 receipts and on the same date this year had written 7750, a difference of 32 being noted. The second half payments were delinquent on November 6 and the receipts Mr. Hooker is writing now is for money received prior to that date, he estimating that he has about 300 more yet to write.

PIONEERS' SONS WAIVE HEARING

Wayne Dimick, 22, and Earnest Crabtree, 33, sons of prominent Oregon pioneer families, waived a hearing when they were arraigned before Judge G. E. Unruh Saturday afternoon on charges of assault and robbery and were held to the Marion county grand jury. Dimick and Crabtree, in a written confession, admitted holding up Charles Miller, Salem street car motorman, last month. The robbery was staged at the end of the south 12th street line. About \$7 was taken from his changer.

Later the two men ate in a restaurant in the heart of Salem's business district, they said. They are said to have admitted several other holdups in various parts of the state.

DR. LEON HOLLAND IS CALLED BY DEATH

Funeral services for Dr. Leon Holland, 46, Elmira physician and surgeon, a graduate of the Willamette university medical school of the class of '06, who died Saturday morning in the Mercy hospital, Eugene, where he was taken last Wednesday following a stroke of apoplexy from which he never regained consciousness, were held in Salem this morning from the Webb and Clough undertaking parlors at 11 o'clock, with Rev. W. C. Kantner, pastor of the First Congregational church officiating. Interment was in Lee Mission cemetery.

Dr. Holland, a member of the Masonic order and the United Artisans, served in the Philippine war and was wounded twice. In the world war he served as examining physician.

The only immediate relatives surviving are Mrs. R. C. Thompson of St. Johns, and Mrs. Ronald C. Glover, this city. Dr. Holland was never married.

YOUTH CRUSHED BY WAGON LAID TO REST

Funeral services for little Norman McMillon, three-year-old son of Mr. and Mrs. Howard McMillon, living near Clear lake, who was fatally injured Saturday afternoon, November 18, when the wheels of a wagon heavily loaded with sand passed over his abdomen, were held at the Clear Lake church yesterday afternoon with Webb & Clough, funeral directors, in charge.

The accident occurred when Mr. McMillon was returning home with the sand and the little boy had gone to meet his father. As he was climbing into the wagon the team started without warning, throwing the child off his balance so that he fell in front of the oncoming wheels. He was brought to a Salem hospital at once but died in several hours.

POLK DAIRY HERD SMASHES RECORD FOR PRODUCTION

Rickreall, Nov. 20.—A few months ago the American Jersey Cattle club announced that the McArthur & Stauff herd at Ashwood farm, near this place, had established a world's record for butterfat production when 16 cows maintained an average of 56.85 pounds of butterfat for 12 consecutive months. It seems, however, that this splendid performance was only a forerunner of a more remarkable record, for the register of merit files of the American Jersey Cattle club now show that 13 cows in this herd have completed 395 and 365 day tests, which average 658.02 pounds butterfat.

The four outstanding features of this record are: (1) Every cow in the herd, with one or more official tests to her credit, is included; (2) the average age at the beginning of the tests was only 3 years and 8 months; (3) all but two of the cows were bred by owners; (4) all but two of the records are entered in class AA or class AAA in order to qualify for these classes, cows must drop living calves within 16 or 14 months, respectively, after the last freshening prior to the test.

Record Pronounced Remarkable. All in all, this record is a most remarkable one. It never has been approached by any herd of more than 12 cows of any dairy breed and experts say it reflects the greatest credit upon its owners—likewise upon the Jersey breed. Only three of the cows participating in it were mature animals at the beginning of their tests. Of the others, five were 4 year olds; four were 3 year olds and six were 2 year olds. The largest contributing factor to the general result was the record of ten daughters of the medal of merit bull Holger. These cows averaged 754.54 pounds of fat at an average of 4 years and 5 months. Six daughters of St. Maves of Ashwood averaged 563.01 pounds fat at an average age of 2 years and 7 months.

This herd record does not include the incomplete tests of 2 year olds, which will finish their first lactation periods next January. With the addition of these three records, the herd of 20 cows will average approximately 640 pounds fat, but as many of the cows previously tested are now on reentry test and are bettering their old records, it looks as though the herd average will

be well over 700 pounds fat by September 1, 1923.

Records Given in Detail. A complete list of the present records of the 13 cows in the Ashwood farm herd is as follows:

Cow	Age	Lbs.	Yrs.	Fat
Norena of Ashwood	5	928.61		
Helma of Ashwood	5	908.86		
Tessie of Ashwood	4	853.86		
Spotie of Ashwood	5	831.37		
Oiga of Ashwood	4	791.85		
Thora of Ashwood	4	743.25		
Eloise of Ashwood	4	682.62		
Figgis of Ashwood	4	670.90		
Fallaya of Ashwood	4	653.47		
Gertie's Miss Springtime	3	637.94		
Gertie's Geraldine	2	627.79		
Gertie's Princess Portia	2	622.54		
Gertie's Georgiana	2	545.70		
Gertie's Glorietta	2	519.27		
Rinda Lad's Bracelet	3	495.38		
Holger's Mme. Butterfly	2	485.99		
Gertie's Vanity Fair	3	460.59		
Lo Creole's D. E. Girls	2	443.03		

13 cows average 658.02

Many Medals are Won. Although the American Jersey Cattle club medal winnings for 1922 will not be announced until next spring, it appears that McArthur & Stauff will be entitled to three gold medals of merit, three standard gold medals and ten silver medals for butterfat production.

Cows in this herd, on records completed in 1922, already have qualified one bull for a medal of merit, a gold medal and a silver medal and another bull for a silver medal.

WITTE IS INDICTED WITH MRS. INMAN

Portland, Nov. 20.—Three minor indictments were returned Saturday by the county grand jury, together with three secret indictments. The true bills were against C. B. Witte and Murtie Inman for a statutory offense. Wayne Eld for larceny by bailee and Helen Bernick for receiving stolen property.

It is charged against Witte and Mrs. Inman that they lived together, posing as husband and wife. Some months ago they visited the Inman home, near Salem, and in an altercation that resulted, J. W. Inman, the husband, shot and seriously wounded Witte. Inman was arrested for the shooting, but when the facts became public there was no further disposition to prosecute him. In leaving her home Mrs. Inman is said to have deserted two children which were hers by a previous marriage. Bail for the pair was fixed at \$1000 each.

Bee Keepers Elect. Portland, Or., Nov. 20.—All officers of the Oregon State Bee Keepers' association were re-elected at the annual meeting here. They are K. D. Baker of Goble, president; J. S. Kovdo of Hermlston, vice-president, and H. A. Scullen, of Oregon Agricultural college extension service, secretary-treasurer.

GIVES WARNING TO LEGISLATORS

"As state chairman of the progressive party, I suppose that I represent, as nearly as it is possible at this time, the 100,000 progressive republicans and the 30,000 liberal democrats who voted for Walter M. Pierce for governor," announced Norman S. Richards in a letter he has sent to the members of the recently formed progressive party and to newly elected legislators. Continuing, the statement says: "I am assuming that 4000 machine democrats voted for Pierce for purely partisan reasons, and in spite of their dislike. Until this potential third party, formed by the breaking away from the reactionary elements at the last election, is better organized and has a more competent head, I presume to speak for them."

Addressing the members of the legislature, Mr. Richards said: "Senator Pierce was elected governor by the federated patriotic societies and the Ku Klux Klan, supplemented by the progressive movement and the independent vote—this the narrowest must admit—and on a tax reduction program. And if either or both houses of the legislature attempt to organize to defeat this general plan, which the people by their votes have approved, we will find leaders for a movement which

will give every legislator implicated in such a scheme plenty of 'air' at the next election."

GARRETT'S SLAYER UNDER INDICTMENT

Bend, Or., Nov. 20.—After days of investigation, in the course of which 26 witnesses were examined, the Deschutes county grand jury late Saturday indicted Ed Halvorson, rancher near Bend, for the second degree murder of Willard Garrett, a neighbor, on the night of July 1. The indictment charged that Halvorson beat and shot Garrett to death. Since the night of the tragedy Halvorson has admitted the killing, but has alleged self defense. He entered a plea of not guilty.

A slight, studious appearing man, shabbily, but neatly dressed, his hair nearly white, Halvorson bowed and smiled slightly to friends in the court room as he entered in charge of Deputy Sheriff Stokes to make his plea. Only the slightest trace of nervousness was apparent.
