

# LOANS AND CASH BONUSES TOTAL NEAR \$10,000,000

Including November 18, the state bonus commission has paid \$4,491 cash bonuses, amounting to \$4,881,000, according to Capt. A. C. Hopkins, secretary of the world war veterans state aid commission.

Including the 18th, the commission has also paid 2212 loans to soldiers of the late war, amounting to a total of \$5,562,000.

Up to date, applications numbering 32,449 have been received by the commission. Of this number, 20,793 men have expressed a preference for a cash bonus, and 11,655 for a loan through the commission.

Of the 5236 applications for loans, the commission has ordered approved 4836; according to Captain Hopkins. Of this number the commission has approved the exact amount for 3326 applications approved.

# FLOUR PRICE NOT ADVANCED HERE

Local flour mills announced this morning that they had not followed the Portland market in the advance of 20 cents a barrel which was quoted in the Saturday market. "The raise will not go into effect here for a day or two," was the statement of officials of the Cherry City milling company.

Local retailers report that they have already purchased a supply of flour so that the raise will not likely affect them. There has in the last month been two raises in the wholesale price of 20 cents and the one to follow makes the third. Hardwheat flour may be bought at local stores from \$8 to \$8.60 a barrel. For the past week the price of wheat has been steadily on the incline. The price paid by buyers here today was \$1.12 for number 1 white hard wheat. Local grain dealers also raise in the price of corn and barley.

# KOLB AND DILL HERE NEXT WEEK

The never failing favorites, Kolb & Dill, whose advent is a big event of the theatrical year, are coming to the Grand theater for an engagement of one night only, Tuesday, November 28. This year they will offer Aaron Hoffman's latest farce, entitled "Now and Then," which is a story of events before and after the passage of the 18th amendment.

The story of "Now and Then" concerns the trials and tribulations of Nick Schloss, impersonated by Kolb, and Albert Wagner, played by Dill, a pair of saloon keepers. Kolb as Nick Schloss, feels the urge of prohibition; deserts his partner, and becomes an ardent advocate of dry America. Albert Wagner sticks by the saloon until Volstead extinguishes the light of liberty, and then turns to be a lawless though prosperous bootlegger.

The first act finds the pair at parting of the ways in the last hours of the existence of their saloon. The second act brings the audience to the palatial home of the bootlegger. The third act finds the reformer and the unreformed standing before the bar of a government dispensary in Canada, where both come to the conclusion that they had to leave the land of liberty to find liberty.

The special Kolb and Dill orchestra, which has become a unique part of each tour of these two comedians accompanies the company.

In addition to the two comedians, the following are in the cast: May Cloy, Julia Blanc, John Fee, Charles Yule, Frank Wallace, Wilbur Cushman, Allyn Lewis, Jack Whittemore and others.

# AMERICA'S NEW COAST DEFENSE GUNS

U.S. Coast defenses.

This is a snapshot of a twelve-inch gun in action at Fort Monroe, Va., firing at a moving target. These powerful guns are of the disappearing type and are among the most powerful in the world.

# FEW GOOD HOPS YET TO BE SOLD

Although it is estimated that fully 10,000 bales of hops remain in the hands of growers in Oregon, there is very little doing in the hop business, according to the opinions of a number of prominent hop buyers.

Almost all contracts have been filled, and hops now unsold in the state as a general thing are of an inferior quality. Prices are now running from seven cents a pound for the poorer grades to 13 cents for the best.

A few good contracts run into 1923 and 1924, but in general, contracts have expired. This year about 75 per cent of the crop was contracted and sold from 15 to 45 cents.

With an estimated cost of production near 14 cents a pound, and the uncertainty of future markets, buyers in Salem say that not only is no new acreage of hops being planted, but many small growers are plowing up their stand. It is felt that as soon as England grows a crop sufficient to supply its own home markets, the growing of hops may be a rather unprofitable proposition in Oregon.

# MILL PREPARES FOR WINTER RUN

Dallas, Nov. 21.—At the Dallas plant of the Willamette Valley Lumber company new decking has practically been laid over the entire yard. To complete this work required about 100,000 feet of new lumber. It was necessary to burn the lumber that has been laying on the ground as it could be utilized in no other way.

Arrival of logs daily from the camp at Black Rock has added greatly to the reserve supply which insures a steady run during the entire winter. Last winter the company met with considerable difficulty in getting logs down from the camp on account of the snow.

Other improvements noted at the plant is the construction of a new blow pipe extending from the planing mill to the fuel bin, the pipe being 320 feet in length constructed of 22 inch pipe. This pipe line replaces the old one which has been in use for a number of years.

The company has just completed a one half million feet order for a mixed carload of lumber to be shipped by water to the Atlantic coast.

# FUND DRIVE FOR WILLAMETTE IS HALF COMPLETE

At the services in the Methodist churches of the state on Sunday, review Sunday for the Willamette endowment campaign, it was reported that a little more than \$708,000, more than half the amount that has been set for the goal for the campaign, had been reported into the office up to and including Saturday. This includes the \$300,000 pledged by the Rockefeller Foundation, and the pledges of \$100,000 each from E. S. Collins and R. A. Booth.

"It is usually considered that the campaign is well on its way to success when half the amount is raised by the middle of the campaign," said William A. Smith, a member of the Methodist board of education, Chicago, who is personally supervising the program. "From now on we will be engaged in the intensive. More than 150 friends of the university, the most of whom are volunteering their time, will be at work from now on soliciting for the fund."

The pledges for money cover a period of five years without interest. A statement to the effect that the pledge is automatically cancelled if the whole \$1,250,000 is not raised by the close of the campaign, December 20, is printed on the cards.

# New Books at the Library

- "Amateur's Book of the Dahlia," by Stout.
- "Bulb Gardening," by Hampden.
- "Money," by Robertson. Chapter titles on the value of money, bank money, the war and the price level, foreign exchanges and monetary policy.
- "The Way to Will-Power," by Hazlitt.
- "Jesus' Principles of Living," by Kent.
- "Wall Shadows, a study in American Prisons," by Tannenbaum.
- "It's all in the Name, and other tennis Tales," by Tilden, 2nd.
- "A Letter Book," something of the history and art of letter-writing with a selection of notable letters of all times, by George Saintsbury.

**How to Make Pine Cough Syrup at Home**

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$1.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

# \$33.83 SPENT BY POULSEN

Mark Poulsen, successful candidate for the office of city recorder of Salem, spent \$33.83 during the campaign for November 7, according to his expense statement filed today.

J. B. Giesy, successful candidate for mayor, spent \$13.75, according to his statement.

H. H. Vandevort, candidate for mayor, will file his statement today. All statements must be filed within 15 days after the election.

Brussels. — Cardinal Mercier, primate of Belgium was reported ill with influenza.

# HAMBURG ALONE SHOWS GAIN IN SHIP TRAFFIC

Hamburg, Nov. 21.—Of Europe's three largest ports, Hamburg was the only one in 1922 to show a gain over last year in the number of incoming ships during the first seven months. The other two harbors, Antwerp and Rotterdam, registered an increase in arriving tonnage, although less ships docked than during the same period in 1921.

From January 1 to August 1, 6,059 vessels put in at Hamburg with a tonnage of 7,268,005, an increase of 1,603 ships and 2,509,428 tons. Antwerp had 4,616 arrivals during this period and Rotterdam 4,770.

**Many intelligent mothers overlook these few simple facts about food-**

EVERY mother interested in her children's welfare meets a problem in the proper feeding of her boys and girls.

Parents often do not realize the evil effects of mal-nutrition; and that care in the selection of food will avoid a large percentage of children's ills.

One of the best of all foods for providing proper nourishment for growing boys and girls is Grape-Nuts—made of whole wheat flour and malted barley, and scientifically baked for twenty hours. This long baking brings out a delicious flavor, makes the food easy to digest—without fermentation. Grape-Nuts with milk or cream is a complete food.

Here is a suggestion for better health: Serve Grape-Nuts as often as the folks wish it.

**"There's a Reason"**  
Sold by Grocers Everywhere!

Made by Postum Cereal Co., Inc., Battle Creek, Mich.
