

\$107,100 SPENT FOR STATE FAIR REPORT SHOWS

Expenditures in connection with the operation of the Oregon state fair were \$107,100.92 for 1922, according to a financial report completed by J. E. McClintock, veteran cashier for the state fair board.

The grand total expended by the fair board in 1921, including the operations of the fair and improvements to grounds and buildings was \$193,920.86.

For 1922 the general expenses of the fair aggregated \$64,495.56, exclusive of premium money received from the state in the amount of \$42,607.36.

State appropriations included \$640.38 for walks and roads, \$1510.92 for buildings and repairs and \$2256.17 for printing and advertising. Total expenditures for 1922, including the expense of fair operations, premiums and improvements to buildings and grounds were \$111,508.45.

In his report to the fair board Mr. McClintock said the increase in administrative expense for 1922, when compared with that for 1921, was due to the appointment of a superintendent of buildings and grounds at an annual salary of \$1250.

The method of handling the state fair funds under an act passed at the 1921 session of the legislature was branded as unbusinesslike by Mr. McClintock, and he recommended that the law be repealed at the next session. Under the law in question there is an exchange of funds between the state treasurer and the fair treasurer, Mr. McClintock said, which results in much confusion.

FORMALLY ADOPT BUDGET FOR CITY

Salem's 1923 budget, calling for \$212,489.96 was formally adopted by the city council at its regular meeting last night. In it is made provision for six additional firemen for the city. These men will be under Chief "Buck" Hutton by January 1.

In a proclamation last night Mayor George Halvorsen declared the results of the election in Salem November 7. J. B. Gieny was named as mayor, Mark Poulsen as city recorder, Walter Birtch as marshal and G. W. Thompson as alderman of the 5th ward. The two measures which were before the voters—one calling for the issuance of bonds in the sum of \$13,500 for the purchase of a new fire truck, and the other making the job of city marshal appointive rather than elective—were declared passed.

The report of the city canvassing board, made up of Mayor Halvorsen and City Recorder Earl Race, was read and adopted.

A resolution which has for its purpose the cancellation of street assessments in the sum of \$405.19 on North Capitol street, between Madison and the Fairgrounds road was last night referred to the street committee and the city attorney. Fred Erixon has agreed to open up that portion of North Capitol street.

W. M. Hamilton, division manager of the Portland Railway Light & Power company, appeared before the council last night to explain the necessity of installation by his company of a sawdust conveyor on Trade street, near Liberty. An investigation of his request will be made by members of the council and will be acted on at a later meeting.

City Recorder Earl Race last night was authorized to issue to the successful candidates in the recent city election certificates of election. He also was authorized to draw warrants for the city payroll.

PORTLAND CHURCH TO AID WILLAMETTE FUND

Portland, Nov. 21.—Opening an intensive campaign for a \$1,250,000 endowment fund for Willamette university, located at Salem, two men teams under the leadership of Rev. Charles W. MacCaughy, pastor of Centenary-Wilbur Methodist church, yesterday afternoon began a canvass of the Centenary-Wilbur congregation. The teams were formed and the drive launched following an enthusiastic meeting of the Methodist ministerial association at the Seward hotel at noon.

One hundred members of the First Methodist Episcopal church and officials of the drive met last night for a banquet in the parlors of the First church. Dr. B. Ernie Parker, pastor, was chairman of ceremonies and speakers included Dr. W. W. Youngson, district superintendent; R. A. Booth, E. S. Collins and J. W. Day, trustees of the university; A. F. Flegel, Dr. Carl Gregg, Bishop W. O. Shepard, J. Andrew Arnett and J. K. Gill.

The flapper style is going, but the dear thing will hit on something else if we give them time.

ESCORT KILLED, GIRL ASSAULTED BY TEXAS NEGRO

Waco, Texas, Nov. 21.—Grady Shipworth, 19, was shot and killed and a woman companion attacked last night near Lovers Leap on the Bosque river, three miles north of Waco. They were riding in an automobile.

According to reports to the police, the assailant was a negro, who after robbing Shipworth, shot him and threw his body over a 30-foot cliff.

The negro then dragged the girl into the brush, where he kept her three hours, and then threw her over the cliff. The negro escaped in Shipworth's automobile, heading toward Dallas, officers said.

Excitement is running high here.

BRUSH COLLEGE P-T CLUB MEETS

Last Friday night about one hundred fifty interested parents and patrons of the Brush College school met in the school house for the regular monthly meeting.

A committee was appointed to see about building a play shed; another committee of three was appointed to see that some needed ditching was done on the school grounds; and a third committee was to see that the basement was rid of various things that were not needed by the school.

The main feature of the program was a demonstration of primary work given by Mrs. Dwight A. Hoag. Parents have wondered at the rapid progress of the little one, and state that the little tots enjoy the work so much that nothing but severe sickness could induce them to stay at home. Mrs. Hoag stated that she was doing nothing new, simply following the course of study.

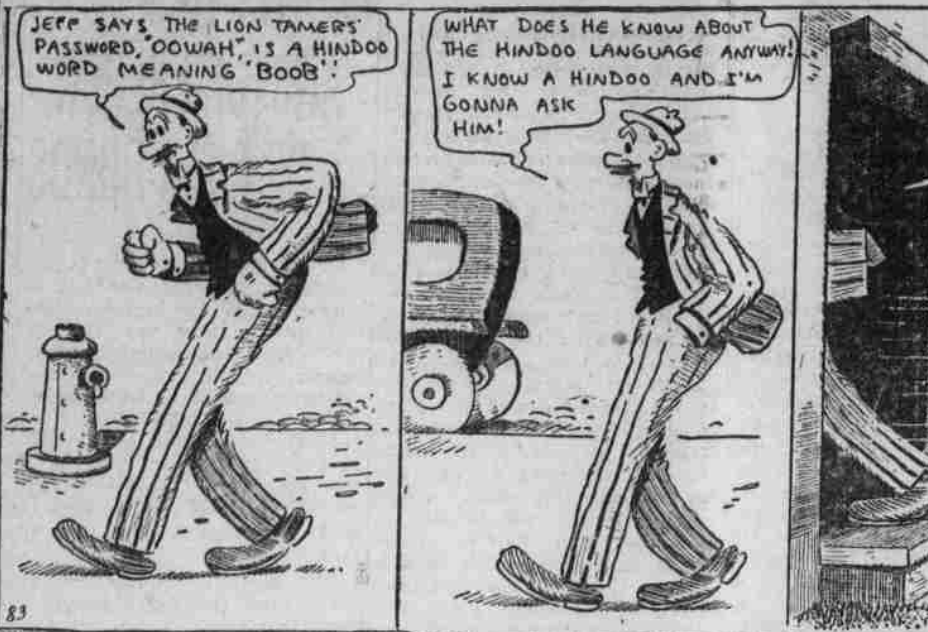

C. C. Page gave an interesting and instructive talk about Alaska. He was in the service of the government in Alaska for several years.

The numbers given by the pupils were enjoyed, as they always are, for they showed rare talent and thorough training.

The next meeting will be December 15.

San Francisco, Nov. 21.—Dr. John D. Eckes, dentist and alleged former klan member of the Ku Klux Klan, was found guilty of violating the state blue sky law by a jury in superior court. Dr. Eckes was charged with selling stock in a Texas company without first having obtained a permit from the state corporation commissioner.

MUTT AND JEFF This is Getting Very Mysterious.

Boys Outnumber Girls In Schools Of County

There is a fine crop of boys coming on in Marion county, according to the monthly report of teachers in the larger districts of the county. These reports are filled with Mary L. Fuikerson, county school superintendent.

For the month ending Nov. 3, there was an enrollment of 423 in the Mt. Angel schools. Of this number, 229 were boys and 194 girls.

At Woodburn, the boys were also in a majority, as the report for the month is for the enrollment of 284 boys and 246 girls.

At the Keizer school, just north of Salem, the enrollment for the month was 92, of which boys numbered 50 and the girls 42. Boys are also in the majority at the Liberty school, with an enrollment of 55, while there are only 42 girls.

At Stayton, girls are in the minority, as the attendance for the month ending November 3 showed 126 girls, compared to 141 boys. At Turner, the boys have a slight majority, with an enrollment of 64 compared to 62 for the girls.

The Aurora school has 54 boys and 50 girls. At Aumsville, there was enrolled 63 boys and 45 girls for the month ending Nov. 3.

But the story is somewhat different in a few of the larger schools of the county. Silverton has a total enrollment of 912, of which 466 are girls and 446 boys.

The Hubbard school is almost equally divided when it comes to attendance, as the report shows 113 boys and 115 girls. Scotts Mills also gives girls a small majority, as there are 52 girls in the school, compared to 51 boys.

In comparison to total attendance, Jefferson shows the largest percentage of girls of any school in the county. Of the 178 enrolled there are 102 girls and only 76 boys.

In mixing politics and religion, much depends on which is poured into the other.

What's New on the Market BY FORREST GINN

Some very nice table beets were on the market this morning. They were selling at five cents a bunch.

A fine supply of carrots, very tender and nice, were for sale this morning. They are selling at five cents a bunch.

A new supply of purple cabbage was received by several of the local stores this morning. This kind of cabbage is often used in making of salads as it gives a variety of color and at the same time is very palatable. It is selling at three cents a pound.

At least one of the local stores was taking orders this morning for Thanksgiving turkeys with the understanding that the prevailing market price would be charged. So far no market has been set here.

AUTO CROWDED FROM HIGHWAY; TWO HURT

Albany, Or., Nov. 21.—Two men, a woman and 11-year-old girl were slightly injured here Sunday evening in two automobile accidents on the Pacific highway.

While returning from Salem to their home here Mr. and Mrs. W. D. Lockear and their little daughter were pinned beneath their car when it was crowded off the highway by another automobile nearer Jefferson. All three were cut and bruised.

An automobile driven by Dr. J. E. Bridgewater of this city skidded on the wet pavement and plunged over a 25-foot embankment, turning over. The driver was only slightly cut.

FRESHMEN HERE TO ENTER DEBATE

A letter accepting the proposal of the Oregon Agricultural college freshmen for a triangle debate with the University of Oregon and Willamette freshmen was sent to the Corvallis school yesterday by the local school.

The proposal of the agricultural class was made about a week ago. Nothing has been heard yet at Willamette concerning the action taken by the Eugene freshmen but it is thought that they too will accept.

With the letter accepting the proposal, the Willamette team submitted question which they would like to debate, "Resolved, That the United States should enter the league of nations."

A number of ex-high school experienced debaters are said to be trying for places on the freshman team, among whom are Ward Southworth, a member of the Salem high school championship team last year and the year previous; Victor Carlson, a member of the Toppish, Wash., high school team for two years, and Warren Day, a member of the team from Jefferson high school, Portland, which made such a creditable showing last year; Charles and Joe Nunn, members of the Salem debate squad last year; Paul Sandifer, an ex-Portland high school debater, and Byron Hays, a former logician for the Grandview, Washington high school.

MASTER AND OWNER OF DEATH SHIP ACCUSED

Mexicali, Lower California, Nov. 21.—A. Libreau, owner, and Captain Gomez, master of the steamer Topolobampo, which capsized Sunday at LaBomba, on the Gulf of California, 60 miles south of Mexicali, with a loss of life estimated at 80, were to be arraigned here today on charges of negligence.

Last reports said 21 bodies had been recovered and that search was being made along the coast, on both sides of the gulf, for others.

MARION HOTEL SALEM, ORE. OFFICIAL AAA

An Hotel worthy of its reputation as the largest and most complete in Oregon out of Portland.
